TITLE 58—OBLIGATIONS

Chapter

6. Obligations imposed by law, 58-607.1.

CHAPTER 4—EXTINCTION OF OBLIGATIONS BY PERFORMANCE, OFFER OF PERFORMANCE AND PREVENTION OF PERFORMANCE

58-423. (7446) Extinction of pecuniary obligation.

Substantial Compliance

Judgment debtor's deposit in a savings account in judgment creditor's name of amount of trial court's recomputed award extinguished its obligation so that interest

did not continue to run even though deposit did not include interest already accrued and original, higher award was reinstated on appeal. *Resner v. Northern Pacific Ry.*, — M —, 505 P 2d 86.

58-424. (7447) Objections to mode of offer.

Acts Constituting Waiver

Party who was obligated to sell shares of stock under repurchase agreement waived objections to tender by failing to object to terms of tender, conduct evidence-

ing his willingness to sell and requesting a change in payment terms. *State ex rel. Howeth v. D. A. Davidson & Co.*, — M —, 517 P 2d 722.

CHAPTER 6—OBLIGATIONS IMPOSED BY LAW

Section

58-607.1. Contributory negligence—when bars recovery.

58-607. (7579) Responsibility for willful acts, negligence, etc.

Purpose of Statute

The purpose of this statute is twofold: (1) to fix primary responsibility and liability on the tort-feasor whose conduct occasioned the loss or injury and (2) to make the victim whole. *Haynes v. County of Missoula*, — M —, 517 P 2d 370, 377.

Release Void as Contrary to Public Policy

This section together with sections 13-801 (2) and 49-105 were broad enough to render illegal any exculpatory clause or release relieving a potential tort-feasor from all liability for future negligent conduct where such clause or release was contrary to public policy or against the public interest; release relieving county fair board from any liability to livestock while on fairgrounds was illegal and unenforceable as contrary to public policy and against public interest and precluded county from disclaiming liability in negligence action for exhibitor's horses killed in barn fire on county fairgrounds; suppression of release in exhibitor's negligence action was not error or ground for new trial. *Haynes v. County of Missoula*, — M —, 517 P 2d 370.

Res Ipsa Loquitur

Four elements are necessary in *res ipsa loquitur* cases: (1) defendant's exclusive knowledge of the cause of the accident; (2) lack of fault by the injured person; (3) causation of injury by the negligence of the defendant; and (4) the defendant's exclusive control at the time of the injury of the instrument which caused the injury. *Hash v. Montana Power Co.*, — M —, 524 P 2d 1092.

The doctrine of *res ipsa loquitur* does not apply to a fire that started at an electrical meter box attached to plaintiff's building, where the exact cause of the fire had not been determined, and the plaintiff was in control of the circuit breakers and electrical devices within the building, and the meter box was vulnerable to the entry of moisture, dust, and foreign objects, and there was a dearth of any evidence that the fire would not have happened without negligence on the part of the defendant. *Hash v. Montana Power Co.*, — M —, 524 P 2d 1092.

Sudden Emergency

The court properly instructed the jury in the doctrine of sudden emergency,

where a driver who was legally passing a logging truck which suddenly turned left in front of her, was too close to stop, and so chose to dodge between the truck and

another vehicle in order to avoid a collision. *Beebe v. Johnson*, — M —, 526 P 2d 128.

58-607.1. Contributory negligence—when bars recovery. Contributory negligence shall not bar recovery in an action by any person or his legal representative to recover damages for negligence resulting in death or injury to person or property, if such negligence was not greater than the negligence of the person against whom recovery is sought, but any damages allowed shall be diminished in the proportion to the amount of negligence attributable to the person recovering.

History: En. 58-607.1 by Sec. 1, Ch. 60, L. 1975.

Title of Act

Compiler's Notes

This section was amended twice in 1973, once by Ch. 9, and once by Ch. 94. Neither amendatory act mentioned the other, but Ch. 9 incorporated the only change made by Ch. 94. Since the amendments do not appear to conflict, the compiler has used the language of Ch. 9, which embodies the changes made by both amendments.

Compiler's Notes

This section was amended twice in 1975, once by Ch. 439 and once by Ch. 532. Neither amendatory act mentioned or included the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

The 1973 amendment increased the automobile mileage rate from nine cents to twelve cents; and substituted "per mile by the shortest regularly traveled automobile route when travel is by private plane" for "per air mile for the distance actually traveled by airplane."

The 1974 amendment deleted "at a rate

of twelve cents (12¢) per mile" from after "entitled to collect mileage" and before "for the shortest regularly traveled automobile route" in subsection (1); added subsections (2) and (3); and made minor changes in phraseology and style.

Chapter 439, Laws of 1975, substituted the present subsection (2) for "Where the individual is authorized to operate a privately owned vehicle even though a state owned vehicle is available, a rate of nine cents (9¢) per mile shall be paid"; substituted the present subsection (3) for "Where a privately owned vehicle is used because a state owned or leased vehicle is not available for use or it is in the best interest of the state that a privately owned vehicle be used, twelve cents (12¢) per mile shall be paid"; added subsection (5); and made minor changes in phraseology.

Chapter 532, Laws of 1975, inserted "Automobiles" at the beginning of subsection (1); deleted "or airplanes" after "their own automobiles" in subsection (1); deleted "and for the shortest regularly traveled automobile route when travel is by private plane" after "traveled by automobile" in subsection (1); added subsection (4); and made minor changes in phraseology.

- (a) direct employees;
- (b) hire, promote, transfer, assign, and retain employees;
- (c) relieve employees from duties because of lack of work or funds or under conditions where continuation of such work be inefficient and nonproductive;
- (d) maintain the efficiency of government operations;
- (e) determine the methods, means, job classifications, and personnel by which government operations are to be conducted;
- (f) take whatever actions may be necessary to carry out the missions of the agency in situations of emergency;
- (g) establish the methods and processes by which work is performed.

(3) Labor organizations designated in accordance with the provisions of this act are responsible for representing the interest of all employees in the exclusive bargaining unit without discrimination for the purposes of collective bargaining with respect to rates of pay, hours, fringe benefits, and other conditions of employment.

(4) Certification as an exclusive representative shall be extended or continued as the case may be only to a labor or employee organization the written bylaws of which provide for and guarantee the following rights and safeguards and whose practices conform to such rights and safeguards as: provisions are made for democratic organization and procedures; elections are conducted pursuant to adequate standards and safeguards; controls are provided for the regulation of officers and agents having fiduciary responsibility to the organization; and requirements exist for maintenance of sound accounting and fiscal controls including annual audits.

(5) No public employee who is a member of a bona fide religious sect, or division thereof, the established and traditional tenets or teachings of which oppose a requirement that a member of such sect or division join or financially support any labor organization, may be required to join or financially support any labor organization as a condition of employment, if such public employee pays, in lieu of periodic union dues, initiation fees, and assessments, at the same time or times such periodic union dues, initiation fees, and assessments would otherwise be payable, a sum of money equivalent to such periodic union dues, initiation fees, and assessments, to a nonreligious, nonunion charity designated by the labor organization. Such public employee shall furnish to such labor organization written receipts evidencing such payments and failure to make such payments or furnish such receipts shall subject the employee to the same sanctions as would nonpayment of dues, initiation fees or assessments under the applicable collective bargaining agreement.

A public employee desiring to avail himself or herself to the right of nonassociation with a labor organization as provided in this subsection shall make written application to the chairman of the board of personnel appeals. Within ten days of the date of receipt of such application, the chairman shall appoint a committee of three (3) consisting of a clergyman not connected with the sect in question, a labor union official not directly connected with the labor organization in question and a member of the public at large, who shall be the chairman. The committee shall, within ten (10) days of the date of its appointment, meet at the locale of either the employee's residence or place of employment and, after receiving written or oral presentations from all interested parties, determine by a majority vote whether or not such public employee qualifies for the right of nonassociation with such labor organization. The committee's decision shall be made in writing within three (3) days of the meeting date and a copy thereof shall be forthwith mailed to such public employee, labor organization and the chairman of the board of personnel appeals.

Amendments

The 1974 amendment added subsection (5).

Concerted Activities

The phrase "concerted activities" in-

cludes strikes. State, Department of Highways v. Public Employees Craft Council, — M —, 529 P 2d 785.

Right to Strike

Employees under Montana's Collective Bargaining Act are not prohibited from striking. If the legislature had intended to limit their right to strike, it could have

so expressly provided, as it has provided of Highways v. Public Employees Craft
in other occupations. State, Department Council, — M —, 529 P 2d 785.

59-1604. Duty to bargain collectively—good faith. The public employer and the exclusive representative, through appropriate officials or their representatives, shall have the authority and the duty to bargain collectively. This duty extends to the obligation to bargain collectively in good faith as set forth in subsection (3) of section 5 [59-1605] of this act.

History: En. Sec. 4, Ch. 441, L. 1973.

DECISIONS UNDER FORMER LAW

Good Faith Effort

The negotiation of a master agreement was not a condition precedent to the issuance of individual teacher contracts, and if there had been a good faith effort to

reach agreement, injunction would not lie to prevent school board from issuing individual teacher contracts. State ex rel. Billings Education Assn. v. District Court, — M —, 531 P 2d 685.

59-1605. Unfair labor practices of employer or labor organization. (1) It is an unfair labor practice for a public employer to:

(a) interfere with, restrain, or coerce employees in the exercise of the rights guaranteed in section 59-1603 of this act;

(b) dominate, interfere, or assist in the formation or administration of any labor organization; however, subject to rules adopted by the board under section 59-1613 (4), an employer is not prohibited from permitting employees to confer with him during working hours without loss of time or pay;

(c) discriminate in regard to hire or tenure of employment or any term or condition of employment to encourage or discourage membership in any labor organization; however, nothing in this act or in any other statute of this state precludes a public employer from making an agreement with an exclusive representative to require that an employee who is not or does not become a union member shall be required as a condition of employment to have an amount equal to the union initiation fee and monthly dues deducted from his wages in the same manner as checkoff of union dues;

(d) discharge or otherwise discriminate against an employee because he has signed or filed an affidavit, petition, or complaint or given any information or testimony under this act;

(e) refuse to bargain collectively in good faith with an exclusive representative.

(2) It is an unfair labor practice for a labor organization or its agents to:

(a) restrain or coerce employees in the exercise of the right guaranteed in subsection (1) of section 59-1603 of this act, or a public employer in the selection of his representative for the purpose of collective bargaining or the adjustment of grievances;

(b) refuse to bargain collectively in good faith with a public employer, if it has been designated as the exclusive representative of employees;

(c) use agency shop fees for contributions to political candidates or parties at state or local levels.

(3) For the purpose of this act, to bargain collectively is the performance of the mutual obligation of the public employer, or his designated representatives, and the representatives of the exclusive representative to meet at reasonable times and negotiate in good faith with respect to wages, hours, fringe benefits, and other conditions of employment, or the negotiation of an agreement, or any question arising thereunder, and the execution of a written contract incorporating any agreement reached. Such obligation does not compel either party to agree to a proposal or require the making of a concession.

(4) For purposes of state government only, the requirement of negotiating in good faith may be met by the submission of a negotiated settlement to the legislature in the executive budget, or by bill or joint resolution. The failure to reach a negotiated settlement for submission is not, by itself, prima facie evidence of a failure to negotiate in good faith.

(5) This act does not limit the authority of the legislature, any political subdivision or the governing body, relative to appropriations for salary and wages, hours, fringe benefits, and other conditions of employment.

History: En. Sec. 5, Ch. 441, L. 1973; amd. Sec. 1, Ch. 36, L. 1975; amd. Sec. 1, Ch. 97, L. 1975; amd. Sec. 2, Ch. 384, L. 1975.

Compiler's Notes

This section was amended twice in 1975, once by Ch. 36 and once by Ch. 97. It was also purported to be amended by Ch. 384, but that chapter made no change in the language. None of the amendatory acts mentioned the others. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by Ch. 36 and Ch. 97.

Amendments

Chapter 36, Laws of 1975, substituted "section 59-1613(4)" for "section 3[59-

1603]"; and substituted "section 59-1613 (4)" for "section 12(3)" in subsection (1).

Chapter 97, Laws of 1975, substituted "section 59-1603" for "section 3[59-1603]" in subsection (2); inserted subsection (4); and redesignated former subsection (4) as (5).

Chapter 384, Laws of 1975, made no change in the section.

Effective Dates

Section 2 of Ch. 36, Laws 1975 provided the act should be in effect from and after its passage and approval. Approved March 7, 1975.

Section 3 of Ch. 384, Laws 1975 provided the act should be in effect from and after its passage and approval. Approved April 10, 1975.

59-1606. Petition on representation matters — hearing — notice — election. (1) Whenever in accordance with such rules as may be prescribed by the board, a petition has been filed:

(a) by an employee or group of employees or any labor organization acting in their behalf alleging that thirty per cent (30%) of the employees:

(i) wish to be represented for collective bargaining by a labor organization as exclusive representative, or

(ii) assert that the labor organization which has been certified or is currently being recognized by the public employer as bargaining representative is no longer the representative of the majority of employees in the unit; or

(b) by the public employer alleging that one or more labor organizations has presented to it a claim to be recognized as the exclusive representative in an appropriate unit, the board or an agent of the board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, it shall provide for an appropriate hearing upon due notice. In this hearing the board is not bound by common law and statutory rules of evidence. If the board or an agent of the board finds that there is a question of representation, it shall direct an election by secret ballot to determine whether, and by which labor organization the employees desire to be represented or whether they desire to have no labor organization represent them and shall certify the results thereof. Only those labor organizations which have been designated by more than ten per cent (10%) of the employees in the unit found to be appropriate shall be placed on the ballot. Nothing in this section prohibits the waiving of hearings by stipulation for the purpose of a consent election in conformity with the rules of the board.

(2) In order to assure employees the fullest freedom in exercising the rights guaranteed by this act, the board or an agent of the board shall decide the unit appropriate for the purpose of collective bargaining, and shall consider such factors as community of interest, wages, hours, fringe benefits, and other working conditions of the employees involved, the history of collective bargaining, common supervision, common personnel policies, extent of integration of work functions and interchange among employees affected, and the desires of the employees.

(3) An election shall not be directed in any bargaining unit or in any subdivision thereof within which, in the preceding twelve (12) month period, a valid election has been held. The board or an agent of the board shall determine who is eligible to vote in the election and shall establish rules governing the election. Unless the majority vote is for no representation by a labor organization and in any election where none of the choices for a representative on the ballot receives a majority, a runoff election shall be conducted; the ballot providing for selection between the two choices receiving the largest and the second largest number of valid votes cast in the election. A labor organization which receives the majority of the votes cast in an election shall be certified by the board as the exclusive representative.

Effective Date

Section 2 of Ch. 136, Laws 1975 provided the act should be in effect from and after its passage and approval. Approved March 25, 1975.

Amendments

The 1975 amendment inserted "In this hearing the board is not bound by common law and statutory rules of evidence" in subdivision (1)(b).

59-1607. Remedies for unfair labor practice—hearing—procedure. Violations of the provisions of section 5 [59-1605] of this act are unfair labor practices remediable by the board in the following manner:

(1) Whenever a complaint is filed alleging that any person has engaged in or is engaging in any such unfair labor practice, the board, or any agent designated by the board for such purposes, shall issue and

cause to be served upon the person a copy of the complaint and a notice of hearing before the board, a member thereof, or before a designated agent, at a time and place therein fixed, not less than five (5) working days after the date of service. Any complaint may be amended by the complainant at any time prior to the issuance of an order based thereon, provided that the charged party is not unfairly prejudiced thereby. The person upon whom the charge is served shall file an answer to the complaint. The complainant and the person charged shall be parties and shall appear in person or otherwise give testimony at the place and time fixed in the notice of hearing. In the discretion of the board or its agent conducting the hearing, any other person may be allowed to intervene in the proceeding and present testimony. In any hearing the board is not bound by the rules of evidence prevailing in the courts.

(2) The testimony taken by the board or its agent shall be reduced to writing and filed with the board. Thereafter in its discretion the board upon notice may take further testimony or hear argument. If upon the preponderance of the testimony taken the board is of the opinion that any person named in the complaint has engaged in or is engaging in an unfair labor practice, it shall state its findings of fact and shall issue and cause to be served on the person an order requiring him to cease and desist from the unfair labor practice, and to take such affirmative action including reinstatement of employees with or without back pay, as will effectuate the policies of this act. The order may further require the person to make reports from time to time showing the extent to which he has complied with the order. If upon the preponderance of the testimony taken the board is not of the opinion that the person named in the complaint has engaged in or is engaging in the unfair labor practice, then the board shall state its findings of fact and shall issue an order dismissing the complaint. No notice of hearing shall be issued based upon any unfair labor practice more than six (6) months before the filing of the charge with the board, unless the person aggrieved thereby was prevented from filing the charge by reason of service in the armed forces, in which event the six (6) month period shall be computed from the day of his discharge. No order of the board shall require the reinstatement of any individual as an employee who has been suspended or discharged, or the payment to him of any back pay, if it is found that the individual was suspended or discharged for cause. If the evidence is presented before a member of the board, or before an examiner, the member, or the examiner as the case may be, shall issue and cause to be served on the parties to the proceeding a proposed decision, together with a recommended order, which shall be filed with the board, and if no exceptions are filed within twenty (20) days after service thereof upon the parties, or within such further period as the board may authorize, the recommended order shall become the order of the board.

(3) Until the record in a proceeding has been filed in district court, the board at any time, upon reasonable notice and in such manner as it considers proper, may modify or set aside, in whole or in part, any finding or order made or issued by it.

History: En. Sec. 7, Ch. 441, L. 1973.

59-1608. Petition for enforcement of board order—jurisdiction of district court—procedure—finding by board—review. (1) The board or the complaining party may petition for the enforcement of the order of the board and for appropriate temporary relief or a restraining order, and shall file in the district court, at its own expense, the record in the proceedings. Upon the filing of the petition, the district court shall have jurisdiction of the proceeding. Thereafter, the district court shall set the matter for hearing and shall order the party charged to be served with notice of hearing at least twenty (20) days before the date set for hearing. After the hearing the district court shall issue its order granting such temporary or permanent relief or restraining order as it considers just and proper, enforcing as so modified, or setting aside in whole or in part the order of the board. No objection that has not been raised before the board shall be considered by the court, unless the failure or neglect to raise the objection is excused because of extraordinary circumstances. The findings of the board with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. If either party applies to the court for leave to present additional evidence and shows to the satisfaction of the court that the additional evidence is material and that there were reasonable grounds for the failure to present it in the hearing before the board, the court may order the additional evidence to be taken before the board and to be made part of the record. The board may modify its findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and it shall file the modifying or new findings with the district court. Any order of the district court shall be subject to review by the supreme court in accordance with rules of civil procedure.

(2) The commencement of proceedings under subsection (1) of this section shall not, unless specifically ordered by the court, operate as a stay of the board's order.

History: En. Sec. 8, Ch. 441, L. 1973.

59-1608.1, 59-1608.2. Repealed.

ing, and professional instructors and teachers as public employees, were repealed by Sec. 3, Ch. 117, Laws of 1975.

(2) An agreement may contain a grievance procedure culminating in final and binding arbitration of unresolved grievances and disputed interpretations of agreements.

(3) An agreement between the public employer and a labor organization shall be valid and enforced under its terms when entered into in accordance with the provisions of this act and signed by the chief executive officer of the state or political subdivision or commissioner of higher education, or his representative. A publication of the agreement is not required to make it effective. The procedure for the making of an agreement between the state or political subdivision and a labor organization provided by this act is the exclusive method of making a valid agreement for public employees represented by a labor organization.

History: En. Sec. 10, Ch. 441, L. 1973; **Amendments**
amd. Sec. 4, Ch. 313, L. 1974.

59-1613. Subpoena powers of board—oaths—refusal to obey—rules. (1) To accomplish the objectives and to carry out the duties prescribed by this act, the board may subpoena witnesses and may administer oaths and affirmations.

(2) In cases of neglect or refusal to obey a subpoena issued to any person, the district court of the county in which the investigations or the public hearings are taking place, or the district court of the first judicial district of this state, upon application by the board, may issue an order requiring such person to appear before the board or agent to produce evidence or give testimony about the matter under investigation. Failure to obey such order may be punished by the court as contempt.

(3) Any subpoena, notice of hearing or other process or notice of the board issued under the provisions of this act shall be served as provided by the rules of civil procedure.

(4) The board shall adopt, amend, or rescind such rules it considers necessary and administratively feasible to carry out the provisions of this act.

History: En. Sec. 13, Ch. 441, L. 1973.

59-1614. Mediation of disputes—fact-finding proceedings—arbitration.

(1) If after a reasonable period of negotiation over the terms of an agreement, or upon expiration of an existing collective bargaining agreement, a dispute concerning the collective bargaining agreement exists between the public employer and a labor organization, the parties shall request mediation.

(2) If upon expiration of an existing collective bargaining agreement, or thirty (30) days following certification or recognition of an exclusive representative, a dispute concerning the collective bargaining agreement exists between the employer and the exclusive representative, either party may petition the board to initiate fact-finding.

(3) Within three (3) days of receipt of such petition the board shall submit to the parties a list of five (5) qualified, disinterested persons from which list the parties shall alternate in striking two (2) names, and the remaining person shall be designated fact finder. This process shall be completed within five (5) days of receipt of the list. The parties shall notify the board of the designated fact finder.

(4) If no request for fact-finding is made by either party before the expiration of the agreement, or thirty (30) days following certification or recognition of an exclusive representative, the board may initiate fact-finding as provided for in (3) above.

(5) The fact finder shall immediately establish dates and place of hearings. Upon request of either party of the fact finder, the board shall issue subpoenas for hearings conducted by the fact finder. The fact finder may administer oaths. Upon completion of the hearings, but no later than twenty (20) days from the day of appointment, the fact finder shall make written findings of facts and recommendations for resolution of the dispute and shall serve such findings on the public employer and the exclusive representative. The fact finder may make this report public five (5) days after it is submitted to the parties. If the dispute is not resolved fifteen (15) days after the report is submitted to the parties, the report shall be made public.

(6) The public employer and the exclusive representative shall be the only proper parties to fact-finding proceedings.

(7) The cost of fact-finding proceedings shall be equally borne by the board and the parties concerned.

(8) Nothing in this section prohibits the fact finder from endeavoring to mediate the dispute in which he has been selected or appointed as fact finder.

(9) Nothing in this section prohibits the parties from voluntarily agreeing to submit any or all of the issues to final and binding arbitration, and if such agreement is reached the arbitration shall supersede the fact-finding procedures set forth in this section. An agreement to

Compiler's Notes

Section 54, Ch. 253, Laws of 1974 re-numbered this section as sec. 60-127.1.

60-125. Repealed.**Repeal**

Section 60-125 (Sec. 2, Ch. 238, L. 1953; Sec. 1, Ch. 11, L. 1955; Sec. 1, Ch. 196, L. 1969; Sec. 24, Ch. 100, L. 1973), relat-

ing to creation and membership of the oil and gas conservation commission, was repealed by Sec. 208, Ch. 253, Laws of 1974.

60-126. Definitions. As used in this chapter, unless the context requires otherwise:

(1) "Waste" means: (1) physical waste, as that term is generally understood in the oil and gas industry; (2) the inefficient, excessive, or improper use of, or the unnecessary dissipation of reservoir energy; (3) the location, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner which causes, or tends to cause, reduction in the quantity of oil or gas ultimately recoverable from a pool under prudent and proper operations, or which causes or tends to cause unnecessary or excessive surface loss or destruction of oil or gas; and, (4) the inefficient storing of oil or gas. The production of oil or gas from any pool or by any well to the full extent that the well or pool can be produced in accordance with methods designed to result in maximum ultimate recovery, as determined by the board, is not waste within the meaning of this definition.

(2) "Board" means the board of oil and gas conservation provided for in section 82A-1508.

(3) "Person" means any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, or other representative of any kind, and includes any agency or instrumentality of the state or any governmental subdivision thereof.

(4) "Oil" means crude petroleum oil and other hydrocarbons regardless of gravity which are produced at the wellhead in liquid form by ordinary production methods, and which are not the result of condensation of gas before or after it leaves the reservoir.

(5) "Gas" means all natural gases and all other fluid hydrocarbons as produced at the wellhead and not defined as oil in subsection (4) of this section.

(6) "Pool" means an underground reservoir containing a common accumulation of oil or gas or both; each zone of a structure which is completely separated from any other zone in the same structure is a pool, as that term is used in this chapter.

(7) "Field" means the general area underlaid by one (1) or more pools.

(8) "Owner" means the person who has the right to drill into and produce from a pool and to appropriate the oil or gas he produces therefrom either for himself or others or for himself and others, and the term includes all persons holding such authority by or through him.

Nothing herein contained shall be construed to conflict with subsection (4) of section 81-1702, granting the state board of land commissioners the authority to enter into pooling and unitization agreements for the production of oil or gas with others.

(9) "Producer" means the owner of a well or wells capable of producing oil or gas or both.

(10) "Department" means the department of natural resources and conservation provided for in Title 82A, chapter 15.

History: En. Sec. 3, Ch. 238, L. 1953; amd. Sec. 55, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "board" at the end of subdivision (1) and the beginning of subdivision (2) for "commission"; substituted "board of oil and gas conservation provided for in section 82A-1508" in subdivision (2) for "oil and gas conservation commission of Montana"; deleted "department" in subdivision (3) after "includes any"; deleted "the masculine gender, in referring to a person, includes

the feminine and the neuter genders" at the end of subdivision (3); added "in subsection (4) of this section" to the end of subdivision (5); substituted "chapter" at the end of subdivision (6) for "act"; deleted a former last definition reading "The word 'and' includes the word 'or' and the use of the word 'or' includes the word 'and.' The use of the plural includes the singular and the use of the singular includes the plural"; added subdivision (10); and made minor changes in style, punctuation and phraseology.

60-127. Powers and duties of board. (1) The board shall make such investigations as it considers proper to determine whether waste exists or is imminent or whether other facts exist which justify any action by the board under the authority granted by this chapter with respect thereto.

(2) Subject to the administrative control of the department under section 82A-108, the board shall:

(a) Require: (i) identification of ownership of oil or gas wells, producing properties and tanks; (ii) the making and filing of acceptable well logs, including bottom-hole temperatures, to facilitate the discovery of potential geothermal energy sources, reports on well locations, and the filing of directional surveys, if made, however, logs of exploratory or wildcat wells need not be filed for a period of six (6) months following completion of those wells; (iii) the drilling, casing, producing and plugging of wells in such manner as to prevent the escape of oil or gas out of one stratum into another, the intrusion of water into oil or gas stratum, blowouts, cavings, seepages, and fires, and the pollution of fresh water supplies by oil, gas, salt, or brackish water; (iv) the restoration of surface lands to their previous grade and productive capability after a well is plugged or a seismographic shot hole has been utilized, and necessary measures to prevent adverse hydrological effects from such well or hole, unless the surface owner agrees in writing, with the approval of the board or its representatives, to a different plan of restoration; (v) the furnishing of a reasonable bond with good and sufficient surety, conditioned for performance of the duty to properly plug each dry or abandoned well; (vi) proper gauging or other measuring of oil and gas produced and saved to determine the quantity and quality thereof; and (vii) that every person who produces, transports or stores oil or gas in this state shall make available within this state for a period of five (5) years complete and accurate records of the quantities thereof, which records shall be available for examination by the board or its employees at all reasonable times, and that that person file with the board such reports as it may

prescribe with respect to quantities, transportations, and storages of the oil or gas.

(b) For the purpose of preventing waste, (i) regulate the drilling, producing and plugging of wells, the shooting and chemical treatment of wells, the spacing of wells, operations voluntarily entered into to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations, and, (ii) fix, upon application made by any interested person after hearing, efficient gas-oil and water-oil ratios for any particular well or wells.

(c) Regulate the disposal of salt water and oil field wastes.

(d) Classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter.

(e) Adopt and enforce rules and orders to effectuate the purposes and the intent of this chapter. The board shall promulgate rules to implement (a) (iv) of this subsection (2), no later than November 1, 1974.

(3) The board shall determine and prescribe what producing wells shall be defined as "stripper wells" and what wells shall be defined as "wildcat wells" and make such orders as in its judgment are required to protect those wells, and provide that stripper wells may be produced to capacity if it is considered necessary in the interest of conservation to do so.

(4) With respect to any pool from which gas was being produced by a gas well on or prior to April 1, 1953, this chapter does not authorize the board to limit or restrain the rate (daily or otherwise) of production of gas from that pool by any well then or thereafter drilled and producing from that pool to less than the rate at which the well can be produced without adversely affecting the quantity of gas ultimately recoverable by the well.

Amendments

Chapter 253, Laws of 1974, provided the present subsection and subdivision designations; deleted a former first subsection reading "The commission has jurisdiction to exercise effectively the authority granted it by this act"; substituted "board" for "commission" throughout the section; substituted "chapter" for "act" throughout the section; substituted the present preliminary clause of subsection (2) for one reading "The commission has authority, and it is its duty"; deleted from the end of sub-

section (2) a subdivision reading "To report as provided in section 82-4002"; substituted "April 1, 1953" in subsection (4) for "the date on which this act takes effect"; and made numerous minor changes in punctuation and phraseology.

Chapter 260, Laws of 1974, substituted "board" throughout the section for "commission"; inserted subdivision (2)(a)(iv); added the second sentence to subdivision (2)(e); and made minor changes in style.

The 1975 amendment inserted "including bottom-hole temperatures, to facilitate the discovery of potential geothermal energy sources" in clause (ii) of subdivision (2)(a); and made a minor change in phraseology.

60-127.1. Waste of oil and gas prohibited. Waste of oil and gas or either of them as waste is defined in this chapter, is prohibited.

History: En. Sec. 1, Ch. 238, L. 1953; Sec. 60-124, R. C. M. 1947; amd. and redes. 60-127.1 by Sec. 54, Ch. 253, L. 1974.

Amendments

The 1974 amendment renumbered this section; and substituted "chapter" for "act."

60-128. Notice of intention to drill. It is unlawful to commence the drilling of a well for oil or gas without first filing with the board written notice of intention to drill, and obtaining a drilling permit as provided in section 60-145(4). It is unlawful to conduct seismic explorations with explosives without first giving the board a copy of the notice of intention to explore, filed with the county under section 69-3303.

History: En. Sec. 5, Ch. 238, L. 1953; amd. Sec. 57, Ch. 253, L. 1974; amd. Sec. 2, Ch. 260, L. 1974.

Compiler's Notes

This section was amended twice in 1974, once by Ch. 260, and once by Ch. 253. Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 253, Laws of 1974, substituted "provided in section 60-145(4)" in the first sentence for "in this act hereafter provided"; substituted "board" for "commission" in the first sentence; and made minor changes in phraseology.

Chapter 260, Laws of 1974, substituted "board" in the first sentence for "commission"; and added the second sentence.

60-129. Well spacing units—orders. (1) To prevent or to assist in preventing waste of oil or gas prohibited by this chapter, the board, upon its own motion or upon application of an interested person, after hearing, may by order establish well spacing units for a pool, as to oil wells or as to gas wells or both, except in those pools which, prior to April 1, 1953, have been developed to such an extent that it would be impracticable or unreasonable to establish spacing units at the existing stage of development. Spacing units when established shall in so far as possible be of uniform size and shape for the entire pool.

(2) The size and the shape of spacing units shall be such as will result in the efficient and economic development of the pool as a whole, and the size shall be the area that can be efficiently drained by one (1) well.

(3) Subject to this chapter, the order establishing spacing units shall direct that no more than one (1) well may be drilled and produced from the common source of supply on any spacing unit, and that the well shall be drilled at a location authorized by the order, with such exception as may be reasonably necessary where it is shown, upon application, notice, and hearing, and the board finds, that the spacing unit is located on the edge of a pool or field and adjacent to a producing unit, or, for some other reason, the requirement to drill the well at the authorized location on the spacing unit would be inequitable or unreasonable.

(4) An order establishing spacing units for a pool shall cover all lands then determined or then believed to be underlain by the pool and may be modified after notice and hearing by the board from time to time to include additional areas subsequently determined to be underlain by the pool. When found necessary for the prevention of waste, an order establishing spacing units in a pool may be modified after notice and hearing by the board to increase or decrease the size of spacing units in the pool, or to permit the drilling of additional wells on a reasonably uniform plan in the pool.

History: En. Sec. 6, Ch. 238, L. 1953; amd. Sec. 58, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "chapter" in subsections (1) and (3) for "act";

substituted "board" throughout the section for "commission"; substituted "April 1, 1953" in subsection (1) for "the effective date of this act"; and made minor changes in style and phraseology.

60-130. Pooling of interest within spacing unit—voluntary or on order of board after hearing—contents of order. (1) When two (2) or more separately owned tracts are embraced within a spacing unit, or when there are separately owned interests in all or a part of the spacing unit, then the persons owning those interests may pool their interests for the development and operation of the spacing unit. In the absence of voluntary pooling, within the spacing unit, the board, upon the application of an interested person, may enter an order pooling all interests in the spacing unit for the development and operation thereof. The pooling order shall be made after hearing, and shall be upon terms and conditions that are just and reasonable, and that afford to the owner of each tract or interest in the spacing unit the opportunity to recover or receive, without unnecessary expense, his just and equitable share of the oil or gas produced and saved from the spacing unit. Operations incident to the drilling of a well upon any portion of a spacing unit covered by a pooling order shall be considered, for all purposes, the conduct of the operations upon each separately owned tract in the spacing unit by the several owners thereof. That portion of the production allocated to each tract included in a spacing unit covered by a pooling order shall, when produced, be considered for all purposes to have been produced from the tract by a well drilled thereon.

(2) The pooling order shall provide for the drilling and operating of a well on the spacing unit, and for the payment of the cost thereof, which cost may include a reasonable charge for supervision, handling and storage. As to each owner who refuses to pay his share of the costs of drilling and operating the well, the order shall provide for payment of his share of the cost out of, and only out of, production from the well allocable to his interest in the spacing unit, excluding royalty or other interest not obligated to pay any part of the cost thereof. If a dispute arises as to the cost, the board by order shall determine the proper cost. The order may provide in substance that the owners who agree to share in the cost of drilling and operating the well are, unless they agree otherwise, entitled to receive, subject to royalty or similar obligations, all of the production of the well until they have recovered all of the costs out of the production and thereafter all of the owners in the spacing unit are entitled to receive their respective shares of the production of the well as their interest may appear after deducting their respective shares of current operating costs.

History: En. Sec. 7, Ch. 238, L. 1953; amd. Sec. 59, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "board"

throughout the section for "commission"; inserted "by order" in the third sentence of subsection (2) after "board"; and made minor changes in style and phraseology.

60-131. Agreements for development and operation of pool—not in violation of state antitrust laws when approved by board. An agreement for the unit or co-operative development and operation of a field or pool or any part of either, or for conducting repressuring or pressure maintenance operations, cycling or recycling operations, including the extraction and separation of liquid hydrocarbons from natural gas in connection therewith, or any other method of unit or co-operative operation, including water flooding, is authorized and may be performed. Such an agreement does not violate any of the statutes of this state relating to trusts, monopolies or contracts and combinations in restraint of trade if the agreement is approved by the board as being in the public interest and reasonably necessary to increase ultimate recovery or to prevent waste of oil or gas.

History: En. Sec. 8, Ch. 238, L. 1953; amd. Sec. 60, Ch. 253, L. 1974.

in the caption and in the last sentence of this section for "commission"; and made minor changes in style and phraseology.

Amendments

The 1974 amendment substituted "board"

60-131.1. Operation of pool as unit—board to hold hearing—notice.

(1) The board, upon the application of persons owning leasehold interests underlying sixty per cent (60%) of the surface within the delineated area, shall hold a hearing to consider the need for the operation as a unit of one (1) or more pools or parts thereof in a field, for pressure maintenance or secondary recovery purposes as to oil or oil and gas, to increase ultimate recovery, or to prevent waste of gas from pools or portions of pools where gas only is produced.

(2) At least sixty (60) days prior to application, the applicant shall, by registered or certified mail, notify all known persons owning an interest in the oil and gas within the proposed unit area as disclosed by the records of the county or counties in which the proposed unit area is situated, at that person's last known address, of the applicant's intention to make the application. At the same time producers shall be furnished with a plan of unit operations. Upon written request of an operator of a lease which is in whole or in part within the confines of the proposed delineated area, the applicant shall furnish the operator with copies of any exhibits to be submitted to the board at the time of hearing.

History: En. Sec. 1, Ch. 33, L. 1969; amd. Sec. 1, Ch. 150, L. 1971; amd. Sec. 61, Ch. 253, L. 1974.

(2); substituted "board" for "commission" throughout the section; and made minor changes in style, punctuation and phraseology.

Amendments

The 1971 amendment inserted "as to oil or oil and gas" in subsection (1) after "recovery purposes"; added "or to increase ultimate recovery or to prevent waste of gas from pools or portions of pools where gas only is produced" at the end of subsection (1); and made minor changes in style and phraseology.

The 1974 amendment designated the first paragraph as subsection (1) and redesignated the second paragraph as subsection

Unitization of Entire Reservoir

Application by oil and gas lessee to the commission for unitization of a reservoir did not constitute a breach of one-well pooling provision in lease; unitization of an entire reservoir under this section is entirely different from one-well pooling pursuant to section 60-130. *Armstrong v. High Crest Oils, Inc.*, — M —, 520 P 2d 1081.

60-131.2. Board order—criteria. The board shall make an order providing for the unit operation of a pool or pools or part thereof if it determines, based on evidence presented at the hearing, that:

(1) Such operation is reasonably necessary to increase the ultimate recovery of oil or gas;

(2) The value of the estimated additional recovery of oil or gas less royalties or, as to gas pools only, the value of the economies to be effected, exceeds the estimated additional cost incident to conducting such operations; and

(3) The full areal extent of the pool or pools or part thereof has been reasonably defined and determined by drilling operations.

History: En. Sec. 2, Ch. 33, L. 1969; amd. Sec. 2, Ch. 150, L. 1971; amd. Sec. 62, Ch. 253, L. 1974.

Amendments

The 1971 amendment inserted "or, as

to gas pools only, the value of the economies to be effected" in subdivision (2).

The 1974 amendment substituted "board" for "commission" in the caption and at the beginning of the section; and made minor changes in punctuation and phraseology.

60-131.3. Terms and conditions of order—requirements. The order shall be upon terms and conditions that are just and reasonable and shall prescribe a plan for unit operations that shall include:

(1) A description of the pool or pools or parts thereof to be so operated, termed the unit area, but only so much of a pool as has reasonably been defined and determined by drilling operations to be productive of oil or gas may be included within the unit area. If the unit is formed solely for production of gas, a spacing unit on which is located a well producing or capable of producing gas on March 1, 1971, may not be included in the unit area without the written consent of the majority in interest of the working interest owners of the spacing unit and well.

(2) A statement of the nature and purpose of the plan and operations contemplated, together with a copy of the proposed unit agreement and unit operating agreement.

(3) A plan for allocating to each tract in the unit area its fair share of the oil and gas produced from the unit area and not required or consumed in the conduct of the operation of the unit area or unavoidably lost. A plan may not be approved by the board until it has considered the relative value that the share of production bears to the relative value of all of the separately owned tracts in the unit area, exclusive of physical equipment utilized in unit operations. In considering this relative value, the board shall weigh the economic value of the gas to all persons affected as compared to the economic value of the oil to all persons affected.

(4) A provision for the credits and charges to be made in the adjustment among the owners in the unit area for their respective investments in wells, tanks, pumps, machinery, materials, and equipment contributed to the unit operations.

(5) A provision providing how the costs of unit operations, including overhead and capital investments, shall be determined and charged to the separately owned tracts, including a provision for carrying or other-

wise financing any owner who has not executed the proposed unit operating agreement and who elects to be carried or otherwise financed, allowing an interest charge of the then current prime rate plus two per cent (2%) for the service. Recovery of the money advanced, plus interest, shall be limited to, and only shall be recoverable from, the owners' share of production. The recovery shall be as follows:

(a) (1) In the case of a field producing oil, or oil and gas, during the period of depletion of the remaining estimated primary reserves from the unit, only from the production that is in excess of the owners' average actual rate of production during the eighteen (18) months immediately preceding the effective date of the unit. For purposes of this subsection, the term "primary reserves" means the oil or gas which would be produced from the unitized pool or pools or a result of the natural energy therein and without the introduction of a secondary recovery program.

(2) During the period subsequent to the depletion of the remaining estimated primary reserves from the unit, from one hundred per cent (100%) of the owners' share of production.

(b) In the case of a field producing only gas, the recovery shall be from one hundred per cent (100%) of the owners' share of production.

(6) A provision for the supervision and conduct of the unit operations, in respect to which each owner shall have a vote with a value corresponding to the percentage of the costs of unit operations chargeable against the interest of the owner.

(7) A provision whereby the unit operator, after having operated for a minimum period of two (2) years, can be challenged by any other owner in the unit, and the challenging owner may succeed to the unit operations upon a showing that: (a) he can operate more efficiently and economically than the present operator; (b) he is qualified and financially responsible; (c) a majority of the other owners, both in number and in percentage and exclusive of the challenged operator, approved the challenging owner becoming unit operator; and, (d) the challenged operator does not initiate the conditions of operations of the challenging owner within sixty (60) days of the challenged operator's receipt of the conditions of operations.

(8) The time when the unit operations shall commence, and the manner in which, and the circumstances under which, the unit operations shall terminate; and

(9) Such additional provisions that are found to be appropriate for carrying on unit operations and for the protection and adjustment of correlative rights.

History: En. Sec. 3, Ch. 33, L. 1969; amd. Sec. 3, Ch. 150, L. 1971; amd. Sec. 63, Ch. 253, L. 1974.

Amendments

The 1971 amendment added the second sentence to subdivision (1); redesignated former subdivisions (5)(a) and (5)(b) as subdivisions (5)(a)(1) and (5)(a)(2), respectively; inserted "In the case of a

field producing oil, or oil and gas" at the beginning of subdivision (5)(a)(1); inserted a new subdivision (5)(b); and made minor changes in phraseology.

The 1974 amendment substituted "March 1, 1971" in the last sentence of subdivision (1) for "the effective date of this act"; substituted "board" in subdivision (3) for "commission"; and made minor changes in style, punctuation and phraseology.

60-131.4. Plan for unit operations—approval by those paying costs required—conditions for approval. An order of the board providing for unit operations may not become effective unless and until the plan for unit operations prescribed by the board has been approved in writing by those persons who, under the board's order, will be required to pay at least eighty per cent (80%) of the costs of the unit operations, and also by the persons owning at least eighty per cent (80%) of the production or proceeds thereof that will be credited to interests which are free of cost, such as royalties, overriding royalties, and production payments, and the board has made a finding, either in the order providing for unit operations or in a supplemental order, that the plan for unit operations has been so approved; however, if one (1) owner who is obligated to pay costs of the unit operation owns eighty per cent (80%) or more, but less than one hundred per cent (100%), the approval of that owner and at least one (1) other such owner is required, and if one (1) person entitled to production or proceeds thereof that will be credited to interests which are free of costs, owns eighty per cent (80%) or more, but less than one hundred per cent (100%), the approval of that person and at least one (1) other such person is required. If the plan for unit operations has not been so approved at the time the order providing for unit operations is made, the board shall, upon application and notice, hold such supplemental hearings as may be required to determine if and when the plan for unit operations has been so approved. If the requisite number of owners and persons and the requisite percentage of interests in the unit area do not approve the plan for unit operations within a period of six (6) months from the date on which the order providing for unit operations is made, the board shall revoke the order unless for good cause shown the board extends the time.

History: En. Sec. 4, Ch. 33, L. 1969; throughout this section for "commission";
amd. Sec. 64, Ch. 253, L. 1974. and made minor changes in style and
phraseology.

Amendments

The 1974 amendment substituted "board"

60-131.5. Amendment of board order—conditions. An order providing for unit operations may be amended by an order made by the board in the same manner and subject to the same conditions and notice as an original order providing for unit operations, however, (a) if such an amendment affects only the rights and interests of the owners, the approval of the amendment by the persons owning interest which are free of costs, such as royalties, overriding royalties and production payments, is not required, and (b) an order of amendment may not change the percentage for the allocation of oil and gas as established for any tract by the original order, except with the consent of all persons owning oil and gas rights in the tract, or change the percentage for the allocation of cost as established for any tract by the original order, except with the consent of all owners in the tract.

minor changes in punctuation and phrase-
ology.

Amendments

The 1974 amendment substituted "board"

60-131.6. Units established by previous order may be included—manner of inclusion. The board, by an order, may provide for the unit operation of a pool or pools or parts thereof that embrace a unit established by an order of the board made prior to February 13, 1969. The order, in providing for the allocation of unit production, shall first treat the unit area previously established as a single tract, and the portion of the unit production so allocated thereto shall then be allocated among the tracts included in the previously established unit area in the same proportions as those specified in the previous order. Any new owner whose interest by the order is added to the unit area and who becomes liable for his proportionate share of the costs of unit operations is not liable for any unit operating costs incurred prior to the person's entry in the unit. At the time the interest is included in the unit, an equipment inventory shall be made in order to charge the newly committed interest with its proportionate share of capital investment at its then value. An oil-in-storage inventory shall be taken immediately prior to adding the newly committed interest.

History: En. Sec. 6, Ch. 33, L. 1969; amd. Sec. 4, Ch. 150, L. 1971; amd. Sec. 66, Ch. 253, L. 1974.

Amendments

The 1971 amendment substituted "prior to the effective date" for "subsequent to the effective date" in the first sentence.

The 1974 amendment substituted "board" in the first sentence for "commission"; substituted "February 13, 1969" at the end of the first sentence for "the effective date of this amendment to Title 60, chapter 1, Revised Codes of Montana"; and made minor changes in phraseology.

60-131.8. Presumptions—compliance with board order constitutes fulfillment of lease or contract obligations. All operations, including, but not limited to, the commencement, drilling, or operation of a well upon any portion of the unit area, shall be considered for all purposes the conduct of those operations upon each tract in the unit area by the several owners thereof. The portion of the unit production allocated to a tract in a unit area shall, when produced, be considered, for all purposes, to have been actually produced from the tract by a well drilled thereon. Operations conducted pursuant to an order of the board providing for unit operations shall constitute a fulfillment of all the express or implied obligations of each lease or contract covering lands in the unit area to the extent that the obligations cannot be performed because of the order of the board.

History: En. Sec. 8, Ch. 33, L. 1969; amd. Sec. 67, Ch. 253, L. 1974.

for "commission" throughout this section; and made minor changes in punctuation and phraseology.

Amendments

The 1974 amendment substituted "board"

60-131.9. Property rights—operator's lien—perfection of lien. That portion of the unit production allocated to any tract, and the proceeds from the sale thereof, shall be the property and income of the several persons to whom, or to whose credit, the same are allocated or payable under the order providing for unit operations, except that the operator of the unit shall, subject to section 60-131.3, subdivision (5) (a) (1), have a first and prior lien upon each owner's oil and gas rights and his share of unitized production to secure the payment of such owner's propor-

tionate part of developing and operating the unit area. Such lien may be perfected and enforced in the same manner as provided in Title 45, chapter 5, Revised Codes of Montana, 1947, as amended. Upon demand by any owner of working interest in any tract to which gas has been allocated, the unit operator shall deliver such allocated share of gas to the owner in kind; but the operator and the other owners of interest shall not be required to bear the cost of providing additional facilities for the delivery of such gas.

of that section; and added the third sentence.

Amendments

Effective Date

Section 6 of Ch. 150, Laws 1971 provided the act should be in effect from and after its passage and approval. Approved March 1, 1971.

60-131.10. Contract relating to tract not terminated by board order.

A division order or other contract relating to the sale or purchase or production from a tract may not be terminated by the order providing for unit operations, but shall remain in force and apply to oil and gas allocated to the tract until terminated in accordance with the provisions thereof.

History: En. Sec. 10, Ch. 33, L. 1969;
amd. Sec. 68, Ch. 253, L. 1974.

Amendments

60-131.11. Title to oil and gas rights not affected by board order—allocation of property. Except to the extent that the parties affected so agree, an order providing for unit operations does not result in a transfer of all or any part of the title of any person to the oil and gas rights in any tract in the unit area. All property, whether real or personal, that may be acquired in the conduct of unit operations hereunder shall be acquired for the account of the owners within the unit area, and shall be the property of those owners in the proportion that the expenses of unit operations are charged.

60-131.12. Trade not restrained by unit operations. The formation of a unit as provided in sections 60-131.1 through 60-131.13 and the operation of the unit under order of the board shall not be in violation of any statute of this state relating to trusts, monopolies, contracts or combinations in restraint of trade.

60-132. Administrative Procedure Act—orders—notice. (1) The Montana Administrative Procedure Act (Title 82, chapter 42, R. C. M. 1947) applies to this chapter.

(2) An order, or amendment thereof, except in an emergency, may not be made by the board without a public hearing upon at least ten (10) days' notice. The public hearing shall be held at such time and place as may be prescribed by the board, and any interested person is entitled to be heard.

(3) When an emergency requiring immediate action is found to exist, the board may issue an emergency order without advance notice or hearing, which shall be effective upon promulgation. An emergency order may not remain in effect more than fifteen (15) days.

(4) If notice is required by the chapter and the Montana Administrative Procedure Act does not apply, the notice shall be made by publication in one (1) or more issues of a newspaper in general circulation in Helena and a newspaper of general circulation in the county where the land or some part thereon is situated, and the board may also cause publication to be made in a trade journal or bulletin of general circulation in the oil and gas industry in the state.

(5) Proof of service by publication under subsection (4) shall be made by the affidavit of the printer or publisher of the newspaper, trade journal, or bulletin in which the notice is published, or by a foreman or principal clerk of the newspaper, bulletin or trade journal.

(6) Except as provided otherwise in this chapter, the board may act upon its own motion, or upon the petition of an interested person. On the filing of a petition concerning a matter within the jurisdiction of the board, the board shall promptly fix a date for a hearing thereon, and shall cause notice of the hearing to be given. The hearing shall be held without undue delay after the filing of the petition. The board shall enter its order within thirty (30) days after the hearing.

History: En. Sec. 9, Ch. 238, L. 1953; amd. Sec. 1, Ch. 213, L. 1961; amd. Sec. 71, Ch. 253, L. 1974.

Amendments

The 1974 amendment redesignated the subsections; substituted "board" for "commission" throughout the section; substituted subsection (1) for former subsection A; substituted "If notice is required * * * notice shall be made" at the beginning of subsection (4) for "In all other cases";

inserted "under subsection (4)" in subsection (5); substituted "chapter" in subsection (6) for "act"; deleted large portions of former subsection D relating to the giving of notice by personal service or mail, proof of service, and power of the commission secretary with regard thereto; deleted former subsection E relating to rules, regulations and orders of the commission; and made numerous minor changes in phraseology.

60-133. Subpoena power of board—chapter does not abrogate civil actions—enforcement of chapter when board fails to enjoin violations. (1) If the Montana Administrative Procedure Act does not apply, the board may subpoena witnesses, administer oaths, and require the production of records, books, and documents for examination at any hearing or investigation conducted by it. Witnesses subpoenaed under this subsection shall be paid the same per diem and mileage as is provided to be paid to witnesses attending the district courts of this state.

(2) This chapter, a suit by or against the board, a violation charged or asserted against a person under this chapter, or a rule or order issued under this chapter, does not impair, abridge, or delay a cause of action for damages or other civil remedy, which a person may have or assert against a person violating this chapter, or a rule or order issued under it. A person so aggrieved by the violation may sue for and recover such damages or relief as he otherwise may be entitled to receive. If the board fails to bring suit to enjoin a violation or threatened violation of this chapter, or a rule or order of the board within ten (10) days after receipt of written request to do so by a person who is or will be adversely affected by the violation, the person making the request may bring the suit in his own behalf to restrain the violation or threatened violation in a court in which the board might have brought suit. The board shall be made a party defendant in the suit in addition to the person violating or threatening to violate this chapter, or a rule or order of the board, and the action shall proceed and injunctive relief may be granted without bond in the same manner as if suit had been brought by the board.

(3) If a person fails or refuses to comply with the subpoena issued by the board or if a witness refuses to testify as to any material matter regarding which he may be interrogated, any district court in the state, upon good cause shown by the application of the board, may issue a warrant of attachment for the person and if after hearing the court finds his failure or refusal to be unjustified, compel him to comply with the subpoena, and to attend before the board and produce any subpoenaed records, books, and documents for examination, and to give his testimony. The court may punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify therein.

amd. Sec. 72, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted references to the "board" for references to "commission" throughout the section; inserted "If the Montana Administrative

Procedure Act does not apply" at the beginning of subsection (1); inserted "under this subsection" in the second sentence of subsection (1); substituted "chapter" throughout subsection (2) for "act"; deleted "regulation" throughout subsection (2) after "rule"; and made minor changes in style, punctuation and phraseology.

60-134. Rehearing. A person adversely affected by a rule or order of the board may within twenty (20) days after its effective date apply to the board in writing for a rehearing. The application for rehearing shall be acted upon within ten (10) days after its filing, and if granted, the rehearing shall be held without undue delay.

Amendments

The 1974 amendment deleted "regula-

tion" in the first sentence after "rule"; substituted "board" in two places for "commission"; and made a minor change in phraseology.

60-135. Court review of order of board by suit for injunction—trial de novo—temporary restraining order, when allowed, bond—appeals. (1) Any interested person adversely affected by any provision of this chapter, or by any rule or order adopted by the board hereunder, or by any act done or threatened thereunder, may obtain court review and seek relief

by a suit for an injunction against the board as defendant, which suit may be instituted in the district court of the county where the board keeps its principal office, or in the district court of any county wherein the land involved or any part thereof is situated. The term "interested person," as used herein, shall be interpreted broadly and liberally, especially where the suit involves the right to drill a well, or involves some other act which clearly affects the plaintiff even though the effect is indirect; and if the act complained of involves a general order for a pool, or the right to drill a well therein, a person who owns or has an interest in a well in the pool, which well is capable of producing oil or gas, shall be considered to be, *prima facie*, an interested person. The suit shall be given a preferential setting, and shall be tried *de novo* and disposed of as an ordinary civil suit, and not upon the record of any hearing before the board. The statute, rule, order, or decision involved in the suit shall be *prima facie* valid; however, the finding of fact, actual or presumed, made by the board in support of the rule, order, or decision involved in the suit is not binding on the court though supported by evidence introduced at a hearing before the board. The court shall decide all relevant questions of law, interpret constitutional and statutory provisions, and determine the meaning or applicability of the terms of any board action. The court shall:

(a) compel board action unlawfully withheld or unreasonably delayed; and (b) hold unlawful and set aside board action, findings, and conclusions found to be:

- (1) arbitrary, unreasonable, capricious, and abuse of discretion, or otherwise not in accordance with law;
- (2) contrary to constitutional right, power, privilege, or immunity;
- (3) in excess of statutory jurisdiction, authority or limitations, or short of statutory right;
- (4) without observance of procedure required by law; or
- (5) unwarranted by the facts.

The court shall consider all the evidence, shall pass on the credibility of witnesses and the weight to be given their testimony, and shall resolve such fact issues as may be necessary for decision in the case.

(2) A temporary restraining order or temporary injunction of any kind may not be granted against the board and its members or against the attorney general, or against an employee of the board, restraining the board and its members, or employees, or the attorney general, from enforcing this chapter, or any rule or order made thereunder, until it is shown to the satisfaction of the court that the act done or threatened is probably without sanction of the law or that the provisions of this chapter, or the rule or order complained of is probably invalid or unreasonable, and that, if enforced against the complaining party, will probably cause an irreparable injury. With respect to an order or decree granting temporary injunctive relief, the nature and extent of the probable invalidity of the statute, or of any provision of this chapter, or of a rule or order thereunder involved in the suit, must be recited in the order or decree granting the

temporary relief, as well as a clear statement of the probable damage relied upon by the court as justifying temporary injunctive relief.

(3) A temporary restraining order or temporary injunction of any kind against the board or its members, or its employees, or the attorney general, may not be effective until the plaintiff executes a bond with sufficient sureties in such amount and upon such conditions as the court directs. The bond shall be made payable to the state of Montana, shall be approved by the judge of the court, and shall be for the use and benefit of all persons who may be injured by the acts done under the protection of the temporary restraining order or temporary injunction. A person claiming injury must bring suit within six (6) months after the date of the final determination of the validity, in whole or in part of the provisions of the chapter or the rule or order, the enforcement of which was enjoined; otherwise the right to bring such suit is forever barred.

(4) An appeal to the supreme court may be taken from any final judgment, decree or order in the action, as provided in the Rules of Appellate Civil Procedure of Title 93, R. C. M. 1947.

History: En. Sec. 12, Ch. 238, L. 1953; amd. Sec. 74, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "chapter" throughout the section for "act"; substituted "board" throughout the section for "commission"; deleted references to agents and representatives before and after "employee" in the first sentences of subsections (2) and (3); deleted references to regulations after "rule" throughout the section; substituted "the Rules of Appel-

late Civil Procedure" in subsection (4) for "chapter 80"; and made minor changes in style, punctuation and phraseology.

Collateral Challenge

Order of commission to create gas unit was res judicata except in appropriate district court on judicial review as provided in this section; lessor's successors in interest could not collaterally challenge order by suit before different district court. *Armstrong v. High Crest Oils, Inc.*, — M —, 520 P 2d 1081.

60-136. Enjoining violations of chapter. Whenever it appears that a person is violating or threatening to violate this chapter, or a rule or order of the board, the board shall bring suit against that person in the district court of any county where the violation occurs or is threatened, to restrain the person from continuing the violation or from carrying out the threat of violation. In the suit, the court may grant to the board, without bond or other undertaking, such prohibitory and mandatory injunctions as the facts may warrant, including temporary restraining orders.

Repeal

Sections 60-137 and 60-138 (Secs. 14, 15, Ch. 238, L. 1953), relating to rules and regulations of the board of railroad commis-

sioners and of the oil conservation board, and substitution of the commission for those boards, were repealed by Sec. 108, Ch. 253, Laws of 1974.

60-140. Lands subject to act. This chapter applies to all lands in the state lawfully subject to its taxation and police powers. It applies to lands of the United States or to lands subject to the jurisdiction of the United

States only to the extent that control and supervision of conservation of oil and gas by the United States on its lands fails to effect the intent and purposes of this chapter and otherwise applies to those lands to such extent as any officer of the United States having jurisdiction, or his duly authorized representative, approves any of the provisions of this chapter or an order of the board which affect those lands. This chapter also applies to any lands committed to a unit agreement approved by the secretary of the interior or his duly authorized representative, except that the board may, with respect to those unit agreements, suspend the application of this chapter or any part of this chapter so long as the conservation of oil and gas and the prevention of waste as provided in this chapter is accomplished under the unit agreements; the suspension does not relieve an operator or owner from making such reports as may be required by the board with respect to operations and production under the unit agreement, and the suspension does not relieve an operator or owner from the payment of taxes on his oil and gas production or payment for permit fees as required by this chapter.

60-141. Co-operation with other governmental units and agencies. The board may co-operate with any other state, interstate, or federal agency, and other governmental agencies of the state to effect the objects and purposes of this act and expend such funds as may be reasonably necessary in connection therewith.

60-142. Penalties. If a person willfully violates any lawful rule or order of the board, or if a person, for the purpose of evading this chapter, or any rule or order of the board, knowingly and willfully (1) makes or causes to be made a false entry or statement in a report required by this chapter or by a rule or order of the board, or a false entry in a record, account, or memorandum required by this chapter, or by a rule or order, or (2) omits, or causes to be omitted, from the record, account, or memorandum, full, true, and correct entries as required by this chapter, or by a rule or order, or (3) removes from this state or destroys, mutilates, alters, or falsifies the record, account, or memorandum, that person is guilty of a misdemeanor and shall be subject to a fine of not more than five thousand dollars (\$5,000) or imprisonment in a county jail for a term not exceeding six (6) months, or to both the fine and imprisonment.

before "or order"; substituted "board" throughout the section for "commission"; substituted "chapter" throughout the section for "act"; and made minor changes in style and phraseology.

amd. Sec. 79, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "chapter" for "act"; and made a minor change in phraseology.

60-144. Owners shall make available to board cores and cuttings. (1) An owner drilling a well for gas or oil shall make available to the board at its field offices representative cores or chips, when available, the cuttings from the well, and the bottom-hole temperatures of the wells, in order to facilitate the discovery of geothermal potential. However, cores, chips or cuttings need not be so made available for a period of six (6) months following completion or abandonment of the wells. The board may, however, relieve the owner of a well of the obligation to furnish cores, chips, or cuttings when in the opinion of the board, the furnishing thereof would be unduly burdensome for the owner; however, the owner desiring relief must apply to and receive permission from the board to not so furnish.

(2) The owner of a stratigraphic test well drilled for the purpose of obtaining lithologic information useful in potential oil and gas operations, as such well is defined by the board's rules shall within six (6) months from the date of the cessation of the drilling of the well, make available to the board, complete sets of sample cuttings and representative cores or chips and well logs of the wells, which logs shall include among other information the size of casing used, the type and depth of water if any located, and bottom-hole temperatures for geothermal purposes; the cuttings, cores, chips and logs shall be impounded and kept secure and confidential by the board until such time that the board desires to use the same; however, the board may not use the logs, chips, cores and cuttings from stratigraphic test wells until a period of three (3) years from the date of their impounding by the board has elapsed unless the owner of the stratigraphic test well consents to their use by the board prior to the expiration of the three (3) year period. The board, during the period of impoundment for any cores, cuttings, chips, or logs from any stratigraphic test well, may not give any person access to the cores, chips, cuttings or logs, and it may not disclose any information relating thereto or derived therefrom. The board shall require, and the owner of a stratigraphic test well shall furnish, prior to the commencement of drilling of the well, a good and sufficient surety bond, to be approved prior to the commencement of the drilling, conditioned upon the proper plugging of the well prior to abandonment, the amount of the bond to be determined by the estimated depth as in the board's rules provided for oil and gas wells, and, prior to abandonment, the wells shall be plugged by the owner thereof, or by the surety should the owner be in default, the plugging to conform to the standards set down and determined by the board.

(3) Notwithstanding subsection (2), bottom-hole temperatures furnished to the board by stratigraphic test well owners shall be public information immediately upon filing with the board.

Amendments

The 1973 amendment deleted from the end of the section a sentence reading: "The provisions of this section shall not apply to core holes or tests less than one thousand (1,000) feet in depth drilled primarily for structural information."

The 1974 amendment substituted "board" throughout the section for "commission"; and made minor changes in punctuation and phraseology.

The 1975 amendment divided the section into subsections; added to the end of the first sentence of subsection (1) the language relating to bottom-hole temperatures; inserted "and bottom-hole temperatures for geothermal purposes" in the middle of the first sentence of subsection (2); and added subsection (3).

Effective Date

Section 2 of Ch. 208, Laws 1973 provided the act should be in effect from and after its passage and approval. Approved March 8, 1973.

60-145. Privilege and license tax—quarterly statements—penalties—drilling permit fees—oil and gas conservation moneys. (1) For the purpose of providing funds for defraying the expenses of the operation and enforcement of this chapter, and expenses of the board, the operators and producers of oil and gas shall pay an assessment not to exceed the amounts set forth in the following schedule on each barrel of crude petroleum originally produced, saved and marketed or stored within the state, or exported from the state, and on each ten thousand (10,000) cubic feet of natural gas produced, saved and marketed or stored within the state, or exported therefrom:

(a) On leases on which wells are producing an average of twenty-five (25) barrels of crude petroleum per day, or less, an assessment not to exceed three-eighths of one cent ($\frac{3}{8}\phi$) per barrel;

(b) On leases on which wells are producing an average of more than twenty-five (25) barrels of crude petroleum per day, an assessment not to exceed three-fourths of one cent ($\frac{3}{4}\phi$) per barrel; and,

(c) On wells producing, saving and marketing, storing, or exporting, natural gas, the operators and producers shall pay an assessment not to exceed two and one-half ($2\frac{1}{2}$) mills per ten thousand (10,000) cubic feet of natural gas where said gas is marketed for less than fifteen cents (15ϕ) per thousand (1,000) cubic feet and an assessment not to exceed five (5) mills per ten thousand (10,000) cubic feet of natural gas where said gas is marketed for fifteen cents (15ϕ) or more per thousand (1,000) cubic feet.

(2) The board shall by order, without prior notice, or hearing, fix the amount of the assessments and may, from time to time, without prior notice or hearing, reduce or increase the amount thereof as, in its judgment, the expenses chargeable against the oil and gas conservation fund may require; however, the assessments fixed by the board may not exceed the limits prescribed in this section. The amounts of the assessments shall be a percentage factor (not to exceed one hundred per cent (100%)) of the rates set forth in subsections (a), (b), and (c) above, and the same percentage factor shall be applied by the board in fixing the amount of the assessment on each barrel of crude production and each ten thousand (10,000) cubic feet of natural gas mentioned in those subsections. The

producers of the crude petroleum and natural gas shall pay the assessments on each barrel of crude petroleum and each ten thousand (10,000) cubic feet of natural gas produced for themselves, as well as for others, including royalty holders, and the producers shall be reimbursed for the payments made on crude oil and natural gas produced for others in the same manner as they are reimbursed for net proceeds tax paid on crude petroleum or natural gas produced for others under section 84-6208.

(3) For the purposes of this section, a "lease" means that particularly described tract of land contained in a contract in writing whereby a person having a legal estate in the land so described conveys a portion of his interest to another, in consideration of a certain rental or other recompense or consideration. Further, for the purposes of this section, leases owned or operated by one (1) lessee which in whole or in part cover or affect an underground reservoir containing a common accumulation of crude petroleum oil or natural gas, or both, or which are encompassed within or affected by one (1) particular unit agreement shall be considered as one (1) lease relative to payments to be made under this section.

(4) In addition to the above-mentioned privilege and license tax, a person, before commencing the drilling of an oil or gas well or stratigraphic test well or core hole, shall secure from the board a drilling permit and shall pay to the board therefor the following amounts: for each well whose estimated depth is thirty-five hundred (3500) feet or less, twenty-five dollars (\$25); from thirty-five hundred and one (3501) feet to seven thousand (7,000) feet, seventy-five dollars (\$75); seven thousand (7,000) feet and deeper, one hundred fifty dollars (\$150).

(5) Each producer of crude petroleum in the state shall, not later than the last day of each of the calendar months of February, May, August and November, of each calendar year, render a true statement to the state treasurer of the state, and a duplicate thereof to the board, duly signed and sworn to, of all crude petroleum produced and marketed by him in this state during the preceding quarter, and containing such other information as the board may require, and shall accompany the statement with the payment to the state treasurer of the assessment provided for in subsection (1) of this section, for the period covered by the statement. Each producer of natural gas in the state shall render like statements to the state treasurer of all natural gas produced and marketed by him in this state, and shall make payment of the assessment provided for in subsection (1) of this section, at such times and for such periods as may be prescribed by rule of the board. Any producer carrying on business at more than one (1) place or location in this state may include all those places of business in one (1) statement. The assessment imposed herein shall be due at the time the oil or natural gas is marketed. Oil or natural gas shall be deemed marketed when it is removed from the property from which it was produced.

(6) An assessment not paid within the time specified is delinquent, and a penalty of twenty-five per cent (25%) thereof shall be added thereto and the whole thereof shall bear interest at the rate of one per cent (1%) per month from the date of delinquency until paid. Upon re-

quest of the board the attorney general shall commence and prosecute to final determination in any court of competent jurisdiction an action at law to collect the same.

(7) All money collected under this chapter shall be deposited in the earmarked revenue fund by the state treasurer of the state, and shall be used for the purpose of paying all expenses of the board and for no other purpose; all these moneys shall be used by the board subject to the approval of the department of administration and biennial appropriations by the legislature.

Chapter 253, Laws of 1974, substituted "chapter" for "act" throughout the section; substituted "board" for "oil and gas conservation commission" and "commis-

sion" throughout the section; deleted "Such payments shall be made during the time the oil and gas conservation commission is in existence" at the end of subsection (1); deleted "in the first instance" near the beginning of subsection (2) after "amount of the assessments"; deleted "to be fixed by the commission in the first instance and from time to time as herein provided" at the beginning of the second sentence of subsection (2) after "the assessments"; substituted "department of administration" near the end of subsection (7) for "controller"; deleted two sentences at the end of subsection (7) relating to disposition of moneys on termination of the commission; deleted a former last subsection relating to commission members, compensation, expenses, and expenditures; and made numerous minor changes in style, punctuation and phraseology. For material deleted after subsection (7), see parent volume.

The 1975 amendment inserted "and marketed" after "crude petroleum produced" and "natural gas produced" in the first and second sentences of subsection (5); added the last two sentences of subsection (5); and made minor changes in phraseology and style.

60-146, 60-147. Repealed.

Repeal

Sections 60-146 and 60-147 (Secs. 1, 2, Ch. 32, L. 1957; Sec. 161, Ch. 147, L. 1963),

relating to the petroleum field station of the bureau of mines at Billings, were repealed by Sec. 208, Ch. 253, Laws of 1974.

60-148. Availability of facilities to bureau. The board may make available to the authorized personnel or representatives of the bureau of mines and geology such facilities, equipment, records, and cores and cuttings, or samples of cores and cuttings, as are, or may be, required by the bureau in the furtherance of its oil and gas research and study. Bottom-hole temperatures of oil and gas wells shall be made available to the bureau of mines and geology by the board in order to facilitate the determination of possible geothermal energy sources.

60-149. Department to inventory abandoned wells and seismic operations; reclamation procedures. (1) The department of natural resources and conservation shall maintain a list of the abandoned oil or gas wells, injection wells, sumps, and seismographic shot holes in the state which disturb land, water, or wildlife resources to a degree not in compliance with plugging, pollution prevention, and reclamation rules of the oil and gas board. This list shall be compiled from petitions or written statements from the owners of surface rights or lessees.

(2) The board shall check the list supplied by the department under the preceding subsection against its drilling records and shall determine the name of the person who abandoned the well, sump, or hole, whenever this information is available. When a person so listed applies to the board for a new drilling permit, the board may issue the permit only after approving a plan by which the applicant will reclaim the land disturbed by his abandoned wells, sumps, or holes within three years.

(3) When the person who abandoned a well, sump, or hole cannot be identified or located under the preceding subsection, the board shall notify the department of natural resources and conservation. The department may then reclaim the disturbed land with funds available from the resource indemnity trust fund, under section 84-7009, when available.

CHAPTER 8—UNDERGROUND GAS STORAGE RESERVOIRS

Section

- 60-801. Definitions.
- 60-802. Underground storage.
- 60-803. Eminent domain—use and limitations.
- 60-804. Certificate of board—publication.
- 60-805. Proceedings.

60-801. Definitions. Unless the context requires otherwise, in this chapter:

(1) "Underground reservoir" means any subsurface sand, stratum or formation of the earth suitable for the injection and storage of natural gas therein and the withdrawal of natural gas therefrom;

(2) "Natural gas" means gas either while in its original state or after the same has been processed by removal therefrom of component parts not essential to its use for light and fuel;

(3) "Native gas" means gas which has not been previously withdrawn from the earth;

(4) "Natural gas public utility" means any person, firm or corporation authorized to do business in this state and engaged in the business of transporting or distributing natural gas by means of pipelines into, within or through this state for ultimate public use;

(5) "Board" means the board of oil and gas conservation provided for in section 82A-1508;

(6) "Underground storage" means the process of injecting and storing of natural gas within and withdrawing of natural gas from an underground reservoir.

History: En. Sec. 1, Ch. 259, L. 1955; amd. Sec. 83, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted the preliminary clause for "As used in this

act"; substituted the definition of "board" in subdivision (5) for a former definition defining "commission" as the "oil and gas conservation commission of the state of Montana"; and made minor changes in style and phraseology.

60-802. Underground storage. (1) The underground storage of natural gas which promotes conservation thereof, which permits the building of reserves for orderly withdrawal in periods of peak demand, which makes more readily available natural gas to the domestic, commercial and industrial consumers of this state, or which provides a better year-round market to the various gas fields, serves the public interest and welfare of this state.

(2) Therefore, in the manner hereinafter provided the board and the court may find and determine that the underground storage of natural gas as hereinbefore defined is in the public interest.

History: En. Sec. 2, Ch. 259, L. 1955; amd. Sec. 84, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "board" in subsection (2) for "commission"; and made minor changes in style.

60-803. Eminent domain—use and limitations. (1) A natural gas public utility may acquire through the exercise of the right of eminent domain as provided in this chapter for its use for the underground storage of natural gas an underground reservoir which the board finds is suitable and in the public interest for the underground storage of natural gas, and in connection with the underground reservoir the utility may acquire such other interests in property as may be required adequately to maintain and operate the underground reservoir facilities. The acquisition by the exercise of the right of eminent domain of underground reservoirs granted by this section is limited as follows:

(a) No sand, formation, or stratum which is producing or has produced, or which is capable of producing oil, is subject to appropriation under this section.

(b) No gas-bearing sand, formation, or stratum is subject to appropriation under this section, unless the recoverable volumes of native gas therein have all been produced or unless the sand, formation or stratum has a greater value or utility as an underground reservoir for the purpose of ensuring an adequate supply of natural gas for domestic, commercial, or industrial consumers of natural gas, or for the conservation of natural gas, than for the production of the remaining relatively small volumes

of native gas as compared with the original volumes of natural gas therein. Gas, sand, formation or stratum may not be acquired under this chapter when the gas in the underground reservoir is being used for the secondary recovery of oil, unless gas in necessary and required amounts is furnished to the operator of the secondary recovery operations for as long as oil is produced in paying quantities in the secondary operations for the recovery of oil at the same cost as the cost to the operator at the time of acquisition of the gas being used in the secondary operations, not exceeding, however, the quantity of the appropriated gas that remained recoverable from the sand, formation or stratum at the time of its acquisition, if the operator was at that time entitled to the whole thereof, or if the operator was at that time entitled to less than the whole thereof, then not to exceed the quantity thereof to which the operator was then entitled.

(c) Only the area of the underground sand, formation or stratum as may reasonably be expected to be penetrated by gas displaced or injected into the underground gas storage reservoir may be appropriated.

(d) No rights or interests in existing underground gas reservoirs, being used for the injection, storage or withdrawal of natural gas, owned or operated by a natural gas public utility other than the natural gas public utility seeking to acquire the same, are subject to appropriation.

(2) The exercise of the right of eminent domain granted by this section shall be without prejudice to the rights of the owner of the lands or of other rights or interests therein to drill or bore into or through the underground reservoir so appropriated in a manner that complies with orders and rules of the board issued for the purpose of protecting the underground reservoir against pollution and against the escape of natural gas therefrom, and shall be without prejudice to the rights of the owner of the lands or other rights or interests therein as to all other uses thereof. The additional cost of complying with those rules or orders in order to protect the storage reservoir shall be paid by the natural gas public utility.

History: En. Sec. 3, Ch. 259, L. 1955; amd. Sec. 85, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "board" in both subsections for "commission"; sub-

stituted "chapter" in the second sentence of subdivision (1)(b) for "act"; deleted "as defined in this act" in subdivision (1)(d) after the first reference to "public utility"; and made minor changes in style, punctuation and phraseology.

60-804. Certificate of board—publication. A natural gas public utility desiring to exercise the right of eminent domain as to any property for use for underground storage of natural gas shall, as a condition precedent to the filing of its complaint in the district court, apply for and obtain from the board a certificate setting out the findings of the board:

(a) that the underground sand, stratum or formation sought to be acquired is suitable for an underground reservoir for the storage of natural gas and that its use for such purposes is in the public interest;

(b) the amount of native gas, if any, remaining therein and the portion thereof recoverable;

(c) and that the applicant has in good faith sought to acquire the rights sought under this chapter. The board may not issue the certificate until after a public hearing is had on the application, pursuant to notice

given to all persons known to have an interest in the property proposed to be acquired in the manner provided by the laws of the state for service of process in a civil action.

History: En. Sec. 4, Ch. 259, L. 1955; amd. Sec. 86, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "board" throughout the section for "commission"; substituted "rights sought under this chapter" in subdivision (c) for "rights sought hereunder"; deleted "as set forth in Chap-

ter 30, Title 93, Revised Codes of Montana of 1947, as amended, and the executive secretary of the commission shall for such purposes be vested with the same powers and charged with the same duties as the clerk of the district court has under said chapter" at the end of the section; and made minor changes in style, punctuation and phraseology.

60-805. Proceedings. A natural gas public utility having first obtained a certificate from the board desiring to exercise the right of eminent domain for the purpose of acquiring property for the underground storage of natural gas shall do so in the manner provided in this section. The natural gas public utility shall present to the district court of the county wherein the land is situated a complaint setting forth the purpose for which the property is sought to be acquired, a description of the property sought to be appropriated and the names of the owners thereof as shown by the records of the county. The plaintiff shall file the certificate of the board as a part of its complaint and no order by the court granting the complaint shall be entered without the certificate being filed therewith. Subsequent proceedings shall follow the procedure provided by law in the exercise of the rights of eminent domain, sections 93-9901 et seq.

History: En. Sec. 5, Ch. 259, L. 1955; amd. Sec. 87, Ch. 253, L. 1974.

Amendments

The 1974 amendment substituted "board" throughout the section for "commission";

substituted "provided in this section" at the end of the first sentence for "hereinafter provided"; deleted "or to the judge thereof" in the second sentence before "a complaint"; and made minor changes in punctuation and phraseology.

(f) if it is proven to the satisfaction of the court that said father or mother, if able, has not contributed to the support of said child during a period of one (1) year before the filing of a petition for adoption; or (an adoption of a child may be decreed when there have been filed written consents to adoption executed by).

Amendments

The 1974 amendment substituted "state department of social and rehabilitation services" throughout this section for "state department of public welfare."

The 1975 amendment deleted "legitimate" before "child" in subdivision (1); deleted a former subdivision (2) relating to illegitimate children; and renumbered subdivisions (3) to (5) as (2) to (4).

Absence of Consent

Evidence that minor child had been supported during preceding four years by its father and aunt and uncle did not warrant order authorizing adoption of child by aunt and uncle after father's death where mother did not give consent and there was no evidence mother was able and failed to give support during that period. In re Adoption of Biery, — M —, 522 P 2d 1377.

Habeas Corpus

Habeas corpus proceeding seeking custody of children is an equitable proceeding, and whether the action is treated as

habeas corpus or a petition to set aside an adoption, the welfare of the child is the paramount factor. *Conley v. Walden*, — M —, 533 P 2d 955.

Judicial Ruling of Other States

In granting petition for adoption without consent of parents, Montana court was entitled to rely on ruling of Missouri court depriving parents of custody, and even though parents, five years later, persuaded the Missouri court to set aside its ruling, the Montana adoption was made in the

best interests of the children and would not be set aside. *Conley v. Walden*, — M —, 533 P 2d 955.

Noncompliance

Mother, after executing affidavit of waiver and consent to adoption, could not effectively revoke that consent by letter addressed to county department of public welfare, without following the procedure prescribed by this section. Application of Hendrickson, 159 M 217, 496 P 2d 1115.

61-208. Petition for adoption.

Compiler's Notes

Section 48, Ch. 121, Laws 1974, substituted "state department of social and re-

habilitation services" throughout this section for "state department of public welfare."

61-209. Investigation. (1) Upon the filing of a petition for adoption the court shall order an investigation to be made by the state department of social and rehabilitation services or any other private agency licensed and approved for such investigatory purpose by the state department of social and rehabilitation services, unless such investigation is waived by the department of social and rehabilitation services, and shall in its discretion further order that a report of such investigation shall be filed with the court by the designated investigator within the time fixed by the court and in no event more than thirty (30) days from the issuance of the order for investigation, unless time therefor is extended by the court. Such investigation if ordered by the court shall include the conditions and antecedents of the child for the purpose of determining whether he is a proper subject for adoption; appropriate inquiry to determine whether the proposed home is a suitable one for the child; and any other circumstances and conditions which may have a bearing on the adoption and of which the court should have knowledge.

Amendments

The 1974 amendment substituted "state department of social and rehabilitation services" for "state department of public welfare" throughout this section.

The 1975 amendment substituted "the court shall order an investigation" for

"the court may in its discretion order an investigation" near the beginning of subsection (1); inserted "unless such investigation is waived by the department of social and rehabilitation services" in the first sentence of subsection (1); substituted "shall" for "may" in the clause relating to the filing of a report of investigation with the court; and made minor changes in style.

61-301. Short title. This act may be cited as the "Uniform Parentage Act."

History: En. 61-301 by Sec. 1, Ch. 512, L. 1975.

Title of Act

An act to be known as the "Uniform Parentage Act" relating to matters con-

cerning the parent-child relationship, its establishment and its termination; amending sections 61-105 and 61-205, R. C. M. 1947; and repealing sections 61-103, 61-108, 93-2901-1 through 93-2901-11, R. C. M. 1947.

61-302. Parent and child relationship defined. As used in this act, "parent and child relationship" means the legal relationship existing between a child and his natural or adoptive parents incident to which the law confers or imposes rights, privileges, duties, and obligations. It includes the mother and child relationship and the father and child relationship.

History: En. 61-302 by Sec. 2, Ch. 512, L. 1975.

61-303. Relationship not dependent on marriage. The parent and child relationship extends equally to every child and to every parent, regardless of the marital status of the parents.

History: En. 61-303 by Sec. 3, Ch. 512,
L. 1975.

61-304. How parent and child relationship established. The parent and child relationship between a child and

(1) the natural mother may be established by proof of her having given birth to the child, or under this act;

(2) the natural father may be established under this act;

(3) an adoptive parent may be established by proof of adoption.

History: En. 61-304 by Sec. 4, Ch. 512,
L. 1975.

61-305. Presumption of paternity. (1) A man is presumed to be the natural father of a child if:

(a) he and the child's natural mother are or have been married to each other and the child is born during the marriage, or within three hundred (300) days after the marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court;

(b) before the child's birth, he and the child's natural mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and,

(i) if the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within three hundred (300) days after its termination by death, annulment, declaration of invalidity, or divorce; or

(ii) if the attempted marriage is invalid without a court order, the child is born within three hundred (300) days after the termination of cohabitation;

(c) after the child's birth, he and the child's natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and

(i) he has acknowledged his paternity of the child in writing filed with the department of health and environmental sciences or with the district court for the county where he resides, or

(ii) with his consent, he is named as the child's father on the child's birth certificate, or

(iii) he is obligated to support the child under a written voluntary promise or by court order;

(d) while the child is under the age of majority, he receives the child into his home and openly holds out the child as his natural child; or

(e) he acknowledges his paternity of the child in a writing filed with the department of health and environmental sciences or with the district

court of the county where he resides, which court or department shall promptly inform the mother of the filing of the acknowledgment, and she does not dispute the acknowledgment within a reasonable time after being informed thereof, in a writing filed with the department of health and environmental sciences or with the district court of the county where the acknowledgment was filed. If another man is presumed under this section to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted.

(2) A presumption under this section may be rebutted in an appropriate action by a preponderance of the evidence.

History: En. 61-305 by Sec. 5, Ch. 512,
L. 1975.

61-306. Artificial insemination. (1) If, under the supervision of a licensed physician and with the consent of her husband, a wife is inseminated artificially with semen donated by a man not her husband, the husband is treated in law as if he were the natural father of a child thereby conceived. The husband's consent must be in writing and signed by him and his wife. The physician shall certify their signatures and the date of the insemination, and file the husband's consent with the department of health and environmental sciences, where it shall be kept confidential and in a sealed file. However, the physician's failure to do so does not affect the father and child relationship. All papers and records pertaining to the insemination, whether part of the permanent record of a court or of a file held by the supervising physician or elsewhere, are subject to inspection only upon an order of the court for good cause shown.

(2) The donor of semen provided to a licensed physician for use in artificial insemination of a married woman other than the donor's wife is treated in law as if he were not the natural father of a child thereby conceived.

History: En. 61-306 by Sec. 6, Ch. 512,
L. 1975.

61-307. Determination of father and child relationship—who may bring action. (1) Any interested party may bring an action for the purpose of determining the existence or nonexistence of the father and child relationship presumed pursuant to section 61-305.

(2) An action to determine the existence of the father and child relationship with respect to a child who has no presumed father under section 61-305 may be brought by the child, the mother or personal representative of the child, the department of social and rehabilitation services or its appropriate local affiliate, the personal representative or a parent of the mother if the mother has died, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor.

(3) Regardless of its terms, an agreement, other than an agreement approved by the court in accordance with section 61-314 (2), between

an alleged or presumed father and the mother or child, does not bar an action under this section.

(4) If an action under this section is brought before the birth of the child, all proceedings shall be stayed until after the birth, except service of process and the taking of depositions to perpetuate testimony.

History: En. 61-307 by Sec. 7, Ch. 512,
L. 1975.

61-308. Statute of limitations. (1) Limitation when father and child relationship is presumed.

(a) An action may be commenced at any time for the purpose of declaring the existence of the father and child relationship presumed under paragraph (a), (b), or (c) of section 61-305 (1); or

(b) For the purpose of declaring the nonexistence of the father and child relationship presumed under paragraph (a), (b), or (c) of section 61-305 (1) only if the action is brought within a reasonable time after obtaining knowledge of relevant facts, but in no event later than five (5) years after the child's birth. After the presumption has been rebutted, paternity of the child by another man may be determined in the same action, if he has been made a party.

(2) Limitations when father-child relationship is not presumed. An action to determine the existence or nonexistence of the father and child relationship as to a child who has no presumed father under section 61-305 may not be brought later than three (3) years after the birth of the child, or later than three (3) years after the effective date of this act, whichever is later. Sections 61-307 and 61-308 do not extend the time within which a right of inheritance or a right to a succession may be asserted beyond the time provided by law relating to distribution and closing of decedents' estates or to the determination of heirship, or otherwise.

(3) After the conclusion of an adoption proceeding under chapter 2, Title 61, no further action to declare the existence or nonexistence of the father and child relationship of the adopted child may be commenced except as provided for in section 61-325 for fraud, and section 61-206, R. C. M. 1947.

History: En. 61-308 by Sec. 8, Ch. 512,
L. 1975.

61-309. Jurisdiction—venue. (1) The district court has jurisdiction of an action brought under this act. The action may be joined with an action for divorce, annulment, separate maintenance, support, or adoption.

(2) For purposes of an action brought under this act personal jurisdiction is established in the courts of this state over any person who has had sexual intercourse in this state which has resulted in the birth of a child who is the subject of such proceedings. In addition to any other method provided by rule or statute, including Rule 4B of the Montana Rules of Civil Procedure, personal jurisdiction may be acquired by service in accordance with Rule 4B of the Montana Rules of Civil Procedure.

(3) The action may be brought in the county in which the child or the alleged father resides or is found or, if the father is deceased, in which proceedings for probate of his estate have been or could be commenced.

History: En. 61-309 by Sec. 9, Ch. 512,
L. 1975.

61-310. Parties. The child shall be made a party to the action. If he is a minor he shall be represented by his general guardian or a guardian ad litem appointed by the court. The child's mother or father may not represent the child as guardian or otherwise. The court may appoint the department of social and rehabilitation services or the appropriate county welfare department as guardian ad litem for the child. The natural mother, each man presumed to be the father under section 61-305, and each man alleged to be the natural father, shall be made parties or, if not subject to the jurisdiction of the court, shall be given notice of the action in a manner prescribed by the court and an opportunity to be heard. The court may align the parties.

History: En. 61-310 by Sec. 10, Ch. 512,
L. 1975.

61-311. Pre-trial proceedings. (1) As soon as practicable after an action to declare the existence or nonexistence of the father and child relationship has been brought, an informal hearing shall be held. The court may order that the hearing be held before a referee. The public shall be barred from the hearing. A record of the proceeding shall be kept.

(2) Upon refusal of any witness, including a party, to testify under oath or produce evidence, the court may order him to testify under oath and produce evidence concerning all relevant facts. If the refusal is upon the ground that his testimony or evidence might tend to incriminate him, the court may grant him immunity from all criminal liability on account of the testimony or evidence he is required to produce. An order granting immunity bars prosecution of the witness for any offense shown in whole or in part by testimony or evidence he is required to produce, except for perjury committed in his testimony. The refusal of a witness, who has been granted immunity, to obey an order to testify or produce evidence is a civil contempt of the court.

History: En. 61-311 by Sec. 11, Ch. 512,
L. 1975.

61-312. Blood tests. (1) The court may, and upon request of a party shall, require the child, mother, or alleged father to submit to blood tests. The tests shall be performed by an expert qualified as an examiner of blood types, appointed by the court.

(2) The court, upon reasonable request by a party, shall order that independent tests be performed by other experts qualified as examiners of blood types.

(3) In all cases, the court shall determine the number and qualifications of the experts.

History: En. 61-312 by Sec. 12, Ch. 512,
L. 1975.

61-313. Evidence relating to paternity. Evidence relating to paternity may include:

(1) evidence of sexual intercourse between the mother and alleged father at any possible time of conception;

(2) an expert's opinion concerning the statistical probability of the alleged father's paternity based upon the duration of the mother's pregnancy;

(3) blood test results, weighed in accordance with evidence, if available, of the statistical probability of the alleged father's paternity;

(4) medical or anthropological evidence relating to the alleged father's paternity of the child based on tests performed by experts. If a man has been identified as a possible father of the child, the court may, and upon request of a party shall, require the child, the mother and the man to submit to appropriate tests; and

(5) all other evidence relevant to the issue of paternity of the child.

History: En. 61-313 by Sec. 13, Ch. 512,
L. 1975.

61-314. Pre-trial recommendations. (1) On the basis of the information produced at the pre-trial hearing, the judge or referee conducting the hearing shall evaluate the probability of determining the existence or nonexistence of the father and child relationship in a trial and whether a judicial declaration of the relationship would be in the best interest of the child. On the basis of the evaluation, an appropriate recommendation for settlement shall be made to the parties, which may include any of the following:

(a) that the action be dismissed with or without prejudice;

(b) that the matter be compromised by an agreement among the alleged father, the mother, and the child, in which the father and child relationship is not determined but in which a defined economic obligation is undertaken by the alleged father in favor of the child and, if appropriate, in favor of the mother, subject to approval by the judge or referee conducting the hearing. In reviewing the obligation undertaken by the alleged father in a compromise agreement, the judge or referee conducting the hearing shall consider the best interest of the child in the light of the factors enumerated in section 61-316 (5), discounted by the improbability, as it appears to him, of establishing the alleged father's paternity or non-paternity of the child in a trial of the action. In the best interest of the child, the court may order that the alleged father's identity be kept confidential. In that case, the court may designate a person or agency to receive from the alleged father and disburse on behalf of the child all amounts paid by the alleged father in fulfillment of obligations imposed on him; and

(c) that the alleged father voluntarily acknowledge his paternity of the child.

(2) If the parties accept a recommendation made in accordance with subsection (1), judgment shall be entered accordingly.

(3) If a party refuses to accept a recommendation made under subsection (1) and blood tests have not been taken, the court shall require the parties to submit to blood tests, if practicable. Thereafter the judge or referee shall make an appropriate final recommendation. If a party refuses to accept the final recommendation, the action shall be set for trial.

(4) If the scientific evidence resulting from the blood tests conclusively shows that the defendant could not have been the father then the instant action shall be dismissed.

(5) The guardian ad litem may accept or refuse to accept a recommendation under this section.

(6) The informal hearing may be terminated and the action set for trial if the judge or referee conducting the hearing finds unlikely that all parties would accept a recommendation he might make under subsection (1) or (3).

History: En. 61-314 by Sec. 14, Ch. 512,
L. 1975.

61-315. Civil action. (1) An action under this act is a civil action governed by the rules of civil procedure. The mother of the child and the alleged father are competent to testify and may be compelled to testify. Section 61-311, subsection (2) and sections 61-312 and 61-313 apply to all action brought under this act.

(2) Testimony relating to sexual access to the mother by an unidentified man at any time or by an identified man at a time other than the probable time of conception of the child is inadmissible in evidence, unless offered by the mother.

(3) In an action against an alleged father, evidence offered by him with respect to a man who is not subject to the jurisdiction of the court concerning his sexual intercourse with the mother at or about the probable time of conception of the child is admissible in evidence only if the alleged father has undergone and made available to the court blood tests the results of which do not exclude the possibility of his paternity of the child. A man who is identified and is subject to the jurisdiction of the court shall be made a defendant in the action.

History: En. 61-315 by Sec. 15, Ch. 512,
L. 1975.

61-316. Judgment or order. (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under section 61-324.

(3) The judgment or order may contain any other provision directed against the appropriate party to the proceeding, concerning the duty of support, the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child. The

judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) Support judgments or orders ordinarily shall be for periodic payments which may vary in amount. In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support. The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court deems just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

- (a) the needs of the child;
- (b) the standard of living and circumstances of the parents;
- (c) the relative financial means of the parents;
- (d) the earning ability of the parents;
- (e) the need and capacity of the child for education, including higher education;
- (f) the age of the child;
- (g) the financial resources and the earning ability of the child;
- (h) the responsibility of the parents for the support of others; and
- (i) the value of services contributed by the custodial parent.

History: En. 61-316 by Sec. 16, Ch. 512,
L. 1975.

61-317. Costs. The court may order reasonable fees of counsel, experts, and the child's guardian ad litem, and other costs of the action and pre-trial proceedings, including blood tests, to be paid by the parties in proportions and at times determined by the court. The court may order the proportion of any indigent party to be paid out of the treasury of the county in which the action is brought.

History: En. 61-317 by Sec. 17, Ch. 512,
L. 1975.

61-318. Enforcement of judgment or order. (1) If existence of the father and child relationship is declared, or paternity or a duty of support has been acknowledged or adjudicated under this act or under prior law the court may order support payments to be made to the mother, the clerk of the court, or a person, corporation, or agency designated to administer them for the benefit of the child under the supervision of the court.

(2) Willful failure to obey the judgment or order of the court is a civil contempt of the court. All remedies for the enforcement of judgments apply.

History: En. 61-318 by Sec. 18, Ch. 512,
L. 1975.

61-319. Modification of judgment or order. The court has continuing jurisdiction to modify or revoke a judgment or order

(1) for future education and support, and

(2) with respect to matters listed in section 61-316, subsections (3) and (4) and section 61-318 (2), except that a court entering a judgment or order for the payment of a lump sum or the purchase of an annuity under section 61-316 (4) may specify that the judgment or order may not be modified or revoked.

History: En. 61-319 by Sec. 19, Ch. 512,
L. 1975.

61-320. Rights to counsel—free transcript on appeal. (1) At the pre-trial hearing and in further proceedings, any party may be represented by counsel. The court shall appoint counsel for a party who is financially unable to obtain counsel.

(2) If a party is financially unable to pay the cost of a transcript, the court shall furnish on request a transcript for purposes of appeal.

History: En. 61-320 by Sec. 20, Ch. 512,
L. 1975.

61-321. Hearings and records—confidentiality. Notwithstanding any other law concerning public hearings and records, any hearing or trial held under this act shall be held in closed court without admittance of any person other than those necessary to the action or proceeding. All papers and records, other than the final judgment, pertaining to the action or proceeding, whether part of the permanent record of the court or of a file in any agency of the state or of any political subdivision or elsewhere, are subject to inspection only upon consent of the court and all interested persons, or in exceptional cases only upon an order of the court for good cause shown.

History: En. 61-321 by Sec. 21, Ch. 512,
L. 1975.

61-322. Action to declare mother and child relationship. Any interested party may bring an action to determine the existence or nonexistence of a mother and child relationship. In so far as practicable, the provisions of this act applicable to the father and child relationship apply.

History: En. 61-322 by Sec. 22, Ch. 512,
L. 1975.

61-323. Promise to render support. (1) Any promise in writing to furnish support for a child, growing out of a supposed or alleged father and child relationship, does not require consideration and is enforceable according to its terms, subject to section 61-307 (4).

(2) In the best interest of the child or the mother, the court may, and upon the provision's request shall, order the promise to be kept in confidence and designate a person or agency to receive and disburse on behalf of the child all amounts paid in performance of the promise.

History: En. 61-323 by Sec. 23, Ch. 512,
L. 1975.

61-324. Birth records. (1) Upon order of a court of this state or upon request of a court of another state, the department of health and environmental sciences shall prepare a substitute certificate of birth consistent with the findings of the court and shall substitute the new certificate for the original certificate of birth.

(2) The fact that the father and child relationship was declared after the child's birth shall not be ascertainable from the new certificate but the actual place and date of birth shall be shown.

(3) The evidence upon which the new certificate was made and the original birth certificate shall be kept in a sealed and confidential file and shall be subject to inspection only upon consent of the court and all interested persons, or in exceptional cases only upon an order of the court for good cause shown.

History: En. 61-324 by Sec. 24, Ch. 512,
L. 1975.

(a) a presumed father under section 61-305 (1),

(b) a father whose relationship to the child has been determined by a court, or

(c) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, the father shall be given notice of the adoption proceeding and have the rights provided under sections 61-205 and 61-206, R. C. M. 1947, unless the father's relationship to the child has been previously terminated or determined by a court not to exist.

(2) If a mother relinquishes or proposes to relinquish for adoption a child who does not have:

(a) a presumed father under section 61-305 (1),

(b) a father whose relationship to the child has been determined by a court, or

(c) a father as to whom the child is a legitimate child under prior law of this state or under the law of another jurisdiction, or if a child otherwise becomes the subject of an adoption proceeding, the agency or person to whom the child has been or is to be relinquished, or the mother or the person having custody of the child, shall file a petition in the district court to terminate the parental rights of the father, unless the father's relationship to the child has been previously terminated or determined not to exist by a court.

(3) In an effort to identify the natural father, the court shall cause inquiry to be made of the mother and any other appropriate person. The inquiry shall include the following: whether the mother was married at the time of conception of the child or at any time thereafter; whether the mother was cohabiting with a man at the time of conception or birth of the child; whether the mother has received support payments or promises of support with respect to the child or in connection with her pregnancy;

or whether any man has formally or informally acknowledged or declared his possible paternity of the child. Notwithstanding this section or any other provision of law and in consideration of her right to privacy, no mother of a child subject to proceedings under this act may be compelled to testify to, or divulge the identity of, the father or possible father of that child.

(4) If, after the inquiry, the natural father is identified to the satisfaction of the court, or if more than one man is identified as a possible father, each shall be given notice of the proceeding in accordance with subsection (6) of this section. If any of them fails to appear, or, if appearing, fails to claim custodial rights, his parental rights with reference to the child shall be terminated. If the natural father or a man representing himself to be the natural father, claims custodial rights, the court shall proceed to determine custodial rights.

(5) If, after the inquiry, the court is unable to identify the natural father or any possible natural father, and no person has appeared claiming to be the natural father and claiming custodial rights, the court shall enter an order terminating the unknown natural father's parental rights with reference to the child. Subject to the disposition of an appeal, upon the expiration of six (6) months after an order terminating parental rights is issued under this subsection, the order cannot be questioned by any person, in any manner, or upon any ground, including fraud, misrepresentation, failure to give any required notice, or lack of jurisdiction of the parties or of the subject matter.

(6) Notice of the proceeding shall be given to every person identified as the natural father or a possible natural father in the manner appropriate under rules of civil procedure for the service of process in a civil action in this state, or in any manner the court directs. Proof of giving the notice shall be filed with the court before the petition is heard. If no person has been identified as the natural father or a possible father, the court, on the basis of all information available, shall determine whether publication or public posting of notice of the proceeding is likely to lead to identification and, if so, shall order publication or public posting at times and in places and manner it deems appropriate.

History: En. Sec. 1, Ch. 337, L. 1969;
amd. Sec. 1, Ch. 489, L. 1975.

Amendments

The 1975 amendment substituted the present title for "Open-Space Land Act."

62-602. Purposes of act. The legislature finds that the rapid growth and spread of urban development are creating critical problems of service and finance for the state and local governments; that the present and future rapid population growth in urban areas is creating severe problems of urban and suburban living; that this population spread and its attendant development is disrupting and altering the remaining natural areas, biotic communities, geological and geographical formations and, thereby, providing the potential for the destruction of scientific, educational, aesthetic, and ecological values; that the present and future rapid population spread throughout the state of Montana into its open spaces, are creating serious problems of lack of open space and overcrowding of the land; that to lessen congestion and to preserve natural, ecological, geographical and geological elements, the provision and preservation of open-space lands are necessary to secure park, recreational, historic and scenic areas and to conserve the land, its biotic communities, its natural resources, and its geological and geographic elements in their natural state; that the acquisition or designation of interests and rights in real property by certain qualifying private organizations and by public bodies to provide or preserve open-space land is essential to the solution of these problems, the accomplishment of these purposes, and the health and welfare of the citizens of the state; and that the exercise of authority to acquire or designate interests and rights in real property to provide or preserve open-space land and the expenditure of public funds for these purposes would be for a public purpose; and that the statutory provision enabling certain qualifying private organizations to acquire interests and rights in real property to provide or preserve open-space land is in the public interest.

In accordance with these findings, the legislature states that the purposes of this act are to authorize and enable public bodies and certain qualifying private organizations voluntarily to provide for the preservation of native plants or animals, or biotic communities, or geological or geographical formations of scientific, aesthetic or educational interest, and to provide for the preservation of other significant open-space land anywhere in the state either in perpetuity or for a term of years, and, furthermore to encourage private participation in such a program by establishing the policy to be utilized in determining the property tax to be levied upon the real property which is subject to the provisions of this act.

amd. Sec. 2, Ch. 489, L. 1975.

- 64-209. Protection of personal relations.

64-203. (5690) Libel defined.

Multi-Publication Rule

Montana follows the multi-publication rule rather than the single publication rule in determining the situs and time of the tort in libel cases; under the multi-publication rule the cause of action arose upon

the arrival and sale of the allegedly libelous magazines in Montana rather than upon the first publication or printing in another state. *Lewis v. Reader's Digest Association, Inc.*, — M —, 512 P 2d 702.

64-204. (5691) Slander, what constitutes.

Falsity of Statements

Prior action against corporate director which had been terminated by accord and satisfaction was not proof of the falsity

of allegedly slanderous statements made in letters charging the director with breach of fiduciary duty. *Simkins v. Jaffe*, — M —, 527 P 2d 1195.

64-207.1. Notice in writing to publisher of libelous or defamatory matter—opportunity to correct—defense and mitigation of damages. Before any civil action shall be commenced on account of any libelous or defamatory publication in any newspaper, magazine, periodical, radio or television station, or cable television system, the libeled person shall first give those alleged to be responsible or liable for the publication a reasonable opportunity to correct the libelous or defamatory matter. Such opportunity shall be given by notice in writing specifying the article and the statements therein which are claimed to be false and defamatory and a statement of what are claimed to be the true facts. The notice may also state the sources, if any, from which the true facts may be ascertained with definiteness and certainty. The first issue of a newspaper, magazine or periodical published after the expiration of one week from the receipt of such notice shall be within a reasonable time for correction. In the case of radio and television stations and cable television systems a broadcast made at the same time of day as the broadcast complained of and of at least equal duration, which is made within seven (7) days following receipt of such notice shall be within a reasonable time for correction. To the extent that the true facts are, with reasonable diligence, ascertainable with definiteness and certainty, only a retraction shall constitute a correction; otherwise the publication of the libeled person's statement of the true facts, or so much thereof as shall not be libelous of another, scurrilous, or otherwise improper for publication, published as his statement, shall constitute a correction within the meaning of this section. If it shall appear upon trial that the publication was made under honest mistake or misapprehension, then a correction, timely published, without comment, in a position and type as prominent as the alleged libel, or in a broadcast made at the same time of day as the broadcast complained of and of at least equal duration, shall constitute a defense against the recovery of any damages except actual damages, as well as being competent and material in mitigation of actual damages to the extent the correction published does so mitigate them.

66-102. (3230) Organization of board—powers, meetings and records.

(1) The board of architects must, during the first week in April of each year, elect from among its number a president, secretary, and treasurer, and must have a seal.

(2) The president and secretary may administer oaths in the examination of applications for certificates, and to witnesses called before the board for the transaction of business under this act.

(3) The board shall meet during the first week of April of each year, and at other times, at places the board determines.

(4) The department of professional and occupational licensing must keep a record of proceedings of the board, and also a register of applicants for a certificate, with the name and age of applicants and the number of years spent in the study of architecture, and whether the applicant was granted a certificate or rejected. The register is prima facie evidence of the matters contained in it.

History: En. Sec. 2, Ch. 158, L. 1917; re-en. Sec. 3230, R. C. M. 1921; amd. Sec. 25, Ch. 350, L. 1974.

Amendments

The 1974 amendment substituted "board

of architects" in subsection (1) for "board of architectural examiners"; substituted "department of professional and occupational licensing" in subsection (4) for "board"; and made minor changes in phraseology and style.

66-103. (3231) Definitions—examinations for certificates to practice—granting of certificates—registration without examination under certain circumstances. (1) Except as provided in this act, no person may practice architecture in this state or use the title "architect" or "registered architect," or any words, letters, figures, or other device indicating or intending to imply that he is an architect, without having qualified under this act.

(2) Unless the context requires otherwise, in this act:

(a) "Practice of architecture" means rendering or offering to render services by consultations, preliminary studies, drawings, specifications, or other service in connection with the design of a building or addition or alteration thereto, whether one or all of these services are performed either in person or as the directing head of an organization.

(b) "Architect" means an individual technically and legally qualified to practice architecture and who is authorized under this act to practice architecture.

(c) "Building" means a structure intended primarily for human occupancy or use.

(d) "Board" means the board of architects, provided for in section 82A-1602.3.

(e) "Department" means the department of professional and occupational licensing, provided for in Title 82A, chapter 16.

(3) A person wishing to practice architecture in this state shall apply to the department for a certificate to do so. A person applying shall have successfully completed the requirement of prerequisites in education, practical experience and a written examination as prescribed by the board in conformance with the standard national council of architectural registration boards examination and grading procedure. After examination the department shall, if the candidate has been found qualified, grant a certificate to the candidate to practice architecture in this state, which may only be granted on the consent of not less than two (2) members of the board, and attested by the secretary, and have the seal of the board attached. However, an architect holding a valid and current license to practice in another state, territory or country will be granted a certificate to practice in Montana following presentation of a certificate issued by national council of architectural registration boards and approved by the board. But no arrangement may be made under this section which may lower the standard of practice of architecture in this state. The board may, if considered necessary, require an examination of applicants for a license from other states, after careful consideration of the credentials from those states. The board shall by rule establish methods and procedures for investigation of applicants for a license by reciprocity.

History: En. Sec. 3, Ch. 158, L. 1917; re-en. Sec. 3231, R. C. M. 1921; amd. Sec. 1, Ch. 149, L. 1957; amd. Sec. 2, Ch. 439, L. 1973; amd. Sec. 26, Ch. 350, L. 1974.

such other branches as the board may deem advisable. Said board shall cause examination to be most scientific and practical, but of sufficient severity to test the candidate's fitness to practice architecture in this state"; deleted from the third sentence of subsection (3) a proviso allowing the president to grant interim certificates good until the next board meeting; and substituted the present proviso to the third sentence of subsection (3) for a proviso allowing the board to make reciprocal arrangements with other states.

In villages or towns where running water is not available, hot water tanks shall have not less than a two (2) gallon capacity with gravity pressure. Waste water shall be disposed of through some system, carrying it away from the building. This shall be done by sewer connections, or in a manner meeting the requirements of the department of health and environmental sciences rules, city ordinances, and having the approval of the city or village board of health, as required by law.

(1) The board may revoke or refuse to grant a license to practice chiropractic in this state, or may cause a licensee's name to be removed from the records in the office of the clerk and recorder in this state on the following grounds: The employment of fraud or deception in applying for a license or in passing an examination under this act; practice of chiropractic under a false or assumed name or the impersonation of another practitioner of like or different name; conviction of a crime involving moral turpitude; or habitual intemperance in the use of alcohol, narcotics, or stimulants to such an extent as to incapacitate him for the performance of his professional duties. A person who is a licensee, or an applicant for a license to practice chiropractic, against whom grounds for revoking or refusing a license is presented to the board with a view of having the board revoke or refuse to grant a license, shall have notice and a hearing before the board in respecting the guilt or innocence of the person.

(2) The board may within two (2) years of the refusal, revocation, or cancellation of registration under this section, by a majority vote, authorize the department to issue a new license or grant a license to the person affected, restoring him to or conferring on him the rights and privileges of the practice of chiropractic. A person to whom these rights and privileges have been restored shall pay to the department the sum of fifty dollars (\$50) on issuance of a new license.

of deeds" near the beginning of subsection (1); substituted "shall have notice" for "shall be furnished with copy of the complaint" near the end of subsection (1); inserted "authorize the department to" be-

fore "issue" near the beginning of subsection (2); substituted "department" for "secretary-treasurer" in the last sentence of subsection (2); and made minor changes in phraseology and punctuation.

66-511. (3148) Recordation of license—failure or refusal to record.

(1) A person who receives a license from the department shall have it recorded in the office of the clerk and recorder of the county of which he resides, and shall have it recorded in the counties to which he subsequently moves for the purpose of practicing chiropractic.

(2) The failure or refusal on the part of the holder of a license to have it recorded before he practices chiropractic in this state, after having been notified by the department to do so, is sufficient grounds to revoke or cancel a license and render it void. The clerk and recorder shall keep for public inspection, in a book provided for that purpose, a complete list and description of the licenses recorded by him. When a license is presented to him for record, he shall stamp on its face his signed memorandum of the date when the license was presented for record.

History: En. initiative measure, Nov. 1918; effective under governor's proclamation, Dec. 28, 1918; re-en. Sec. 3148, R. C. M. 1921; amd. Sec. 52, Ch. 350, L. 1974.

However, the board may authorize the department to issue renewals, but not consecutive renewals, on a showing satisfactory to the board that attendance at the educational programs was unavoidably prevented; and new licensees during the six (6) months preceding September 1, by examination, shall be granted renewal licenses without attending the educational programs. Failure to renew a license does not prevent a licensee from subsequently applying for and receiving a license, as if there were no lapse of time between the expiration of the old license, and the granting of a renewal license. This section does not prevent a renewal of the license if in the preceding year for any reason, at least one of the educational programs is not conducted in this state.

The minimum requirements for a license are a general average of seventy-five per cent (75%) in all the subjects involved, and not less than fifty per cent (50%) in any one subject. An examination and license fee of thirty-five dollars (\$35) shall be paid to the department. other portions of the body. Licenses shall be recorded by the department the same as other medical licenses. The person receiving the license shall have it recorded in the office of the county clerk in the county in which he resides, and the record shall be endorsed on it. If the person licensed moves to another county to practice, he shall record the license in the same manner in the county into which he moves, and the county clerk is entitled to charge and receive the usual fee for making this record. A renewal license fee of three dollars (\$3) shall be paid annually on July 1 of each year, and if not paid within three (3) months, the license shall be revoked and may be reissued only on original application and payment of a fee of thirty-five dollars (\$35). Compiler's Notes

This section was amended twice in 1974, once by Ch. 85 and once by Ch. 350. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to

conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 85, Laws of 1974, added the last sentence.

Chapter 350, Laws of 1974, substituted "department of professional and occupational licensing" in the third sentence for "board"; and made minor changes in phraseology and punctuation.

66-802. (3228.2) Definitions. Unless the context requires otherwise, in this act: (1) "Practice and teaching of cosmetology" includes work generally and usually included in the term "hairdressing" and "beauty culture" and performed in so-called hairdressing and beauty shops, or by itinerant cosmetologists, which work is done for the embellishment, cleanliness, and beautification of the hair, scalp, face, arms, or hands. However, the practice and teaching of cosmetology does not include (1) itinerant cosmetologists who perform their services without compensation for demonstration purposes, in a regularly established store or place of business, holding a license from this state as a store or place of business nor (2) cosmetological artists who demonstrate cosmetological skills under the auspices of the state association of cosmetology or its affiliated units, whether at meetings or in licensed cosmetological establishments.

(2) "Cosmetological establishment" means premises, building, or part of a building in which is practiced a branch or combination of branches of cosmetology, or the occupation of a hairdresser and cosmetician or cosmetologist, and which must have a manager-operator in charge.

(3) "Board" means the board of cosmetologists, provided for in section 82A-1602.8.

(4) "Department" means the department of professional and occupational licensing, provided for in Title 82A, chapter 16.

Compiler's Notes

This section was amended twice in 1974, once by Ch. 175 and once by Ch. 350. Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not

appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 175, Laws of 1974, made minor changes in phraseology.

Chapter 350, Laws of 1974, inserted the introductory sentence; added subdivisions (3) and (4); and made minor changes in phraseology, punctuation and style.

66-803. (3228.3) Requirements for practicing or teaching cosmetology or operating a school of cosmetology. (1) Before one may practice or teach cosmetology, or a person, firm, copartnership, or corporation may operate a school of cosmetology, the person, firm, copartnership, or corporation must obtain a license or certificate of registration from the department. To be eligible to take the examination to practice cosmetology the applicant must not be less than eighteen (18) years of age, a graduate of the eighth grade, and of good moral character. The applicant must have completed a continuous course of study of at least two thousand (2,000) hours in a registered beauty school, which course of study has been distributed over a period of not less than ten (10) months or more than four-

teen (14) months, and must have received a diploma from the beauty school, or must have completed the course of study in cosmetology prescribed by the board of education. The person qualified must file with the department a written application to take the examination accompanied by a health certificate issued by a registered, licensed physician on a form supplied by the department, and shall deposit with the department the required examination fee and pass an examination as to his fitness to practice cosmetology.

(2) Before an applicant may take an examination to obtain a license as a teacher of cosmetology, he must:

(a) Be a graduate of high school or possess an equivalent of a high school diploma recognized by the superintendent of public instruction.

(b) Meet the following requirements:

(i) He must have an operator's license to practice cosmetology issued by the department, been actively engaged as a beauty operator for one (1) continuous year immediately prior to taking the examination, and have received a diploma from a registered school of cosmetology approved by the board certifying satisfactory completion of five hundred (500) hours of student teacher training; or

(ii) He must have been actively engaged as a beauty operator for three (3) continuous years immediately prior to taking the teachers' examination.

(3) The applicant must qualify by filing an application prescribed by the board and by taking and passing the examination prescribed by the board and given by the department, subject to section 82A-1603. The license must be renewed annually under section 66-816.

(4) Anyone failing twice to pass an examination may not apply to retake the examination:

(a) Sooner than six (6) months after the date of the second failure; or

(b) Until he has taken two hundred (200) hours additional teacher training at a registered school of cosmetology approved by the board.

(5) The board may authorize the department to grant to graduates of registered schools of this state on the payment of the fee prescribed by law, a temporary license authorizing the graduates to practice as an operator under the supervision of a licensed cosmetologist, in the practice of hairdressing and beauty culture, for a period of not to exceed ninety (90) days, or until the next examination is held by the department, and the results are announced. No temporary license may be issued except on the presentation by the applicant of a certificate of graduation from a registered school of this state. The temporary licenses are not renewable.

(6) No person, firm, copartnership, or corporation may operate a school for the purpose of teaching cosmetology for compensation unless a certificate of registration has been first obtained from the department. Application for the certificate shall be filed with the department on a form prescribed by the board.

(7) No teacher or student teacher may be permitted to practice cosmetology on the public in a school. A school that enrolls student teachers for a course of student teacher training may not have at any one time more than one (1) student teacher for each full-time licensed teacher actively engaged at the school. The student teachers may not substitute for full-time teachers.

(8) No school for teaching cosmetology may be granted a certificate of registration unless it complies, or can comply, with the following requirements:

(a) Have in its employ a licensed teacher who is, at all times, in the immediate supervision of the work of the school, or other teachers the board determines are necessary for the proper conduct of the school. There may not be more than twenty-five (25) students to each teacher.

(b) It shall possess apparatus and equipment the board determines is necessary for the ready and full teaching of all subjects or practices of cosmetology.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 268 and once by Ch.

310. Neither amendatory act mentioned nor incorporated the changes made by the other. The compiler has made a composite section embodying the changes made by both amendments which do not appear to conflict. In so far as the amendments appear to conflict with respect to the amount of the fee for a temporary license, the compiler has used the text of Ch. 310, the later in time of enactment.

Amendments

The 1971 amendment deleted a requirement that an applicant for a license "Be twenty-one (21) years of age or older."

Chapter 268, Laws of 1973 increased the fee for a temporary license pending examination from two dollars to four dollars and added "and the results are announced" at the end of the first sentence of subsection (5).

Chapter 310, Laws of 1973, extended the maximum length of a beauty school course from twelve to fourteen months in subsection (1); substituted "the fee prescribed by law" for "a fee of two dollars" in the

first sentence of subsection (5); deleted "extending over a period of ten (10) consecutive months" following "two thousand (2,000) hours" in subdivision (8)(c); and inserted "Licenses or" at the beginning of subdivision (8)(f).

The 1974 amendment inserted the numerical subsection designations and revised the numbering of subdivisions accordingly; substituted references to department throughout the section for references to state board; substituted "board of education" in the third sentence of subsection (1) for "state board of education, ex officio regents of the university of Montana, for the northern Montana college"; substituted "department" for "state of Montana" in subdivision (2)(b)(i); substituted "given by the department, subject to section 82A-1603" in subsection (3) for "given by the board"; substituted "board may authorize the department to grant" in subsection (5) for "board may grant"; and made minor changes in phraseology, punctuation and style.

Compiler's Notes

Section 66-804 was redesignated as sec-

tion 82A-1602.8 and amended by Sec. 1, Ch. 196, Laws 1973.

66-805. (3228.5) Meeting—officers to be selected. The board shall annually, before March 1, elect from its number a president, vice-president, and secretary-treasurer.

History: En. Sec. 5, Ch. 104, L. 1929; amd. Sec. 5, Ch. 222, L. 1939; amd. Sec. 66, Ch. 350, L. 1974.

Amendments

The 1974 amendment substituted "The

board shall annually, before March 1"; for "The state board shall annually, on or before the first of March"; and made minor changes in phraseology.

66-806. (3228.6) Power of board to adopt rules and to approve price agreements. (1) The board may approve price agreements among licensed practitioners and students in beauty schools, by which minimum prices for hairdressing and beauty culture are established by explicit written agreement signed and executed by at least seventy-five per cent (75%) of the practitioners in a county in this state, and submitted to the board by the signing group over their signatures of all thereof. Beauty schools shall charge for students' work not less than fifty per cent (50%) of the established minimum prices, as determined and approved by seventy-five per cent (75%) of the practitioners in the area. On receipt of the price agreements, the board shall investigate the reasons for it and the justification for the agreement. If the board, in its discretion, concludes that the price agreement is just and under the conditions obtaining for the particular territory involved, will best protect the public health and safety by affording a sufficient minimum price for hairdressing and beauty culture to enable the practitioners to furnish modern and healthful services, and

appliances to minimize danger to the public health, the board may approve the agreements for the term proposed or for a shorter term as the board considers proper.

(2) The board may also consider separately the petition of an incorporated town or city, when accompanied by the signatures of at least two-thirds ($2/3$) of the licensed practitioners in the town or city and the board may approve, if necessary, according to the purpose of this chapter, changes in existing price agreements or establish new agreements, when approved by seventy-five per cent (75%) of the licensed practitioners within the town or city. Other communities and territory adjacent to a town or city and other areas in the county shall abide by the rules and agreements prescribed for that particular county. For the purpose of this subsection, a city or town includes, in addition to the territory lying within its legal boundaries, the territory adjacent to it and lying within three (3) miles of the legal boundaries, in any direction.

(3) In determining whether a price agreement is necessary and just, and will protect the public health and safety, the board shall give consideration to all conditions affecting hairdressing and the beauty culture art, as practiced, in its relation to public health and safety, and also to the necessary costs incurred in the particular territorial area in maintaining shops or parlors in sanitary and attractive condition. The board shall, on its own initiative, request the department to, and the department shall investigate conditions existing in the practice of cosmetology throughout the state, and shall establish new or modify existing minimum prices when it appears that this action is in the best interests of public health and safety and in keeping with the purposes and objectives of this act. In no event may a minimum price agreement or standard be established, approved, modified, or abolished, except after public hearing. Notice of the hearing and the purpose, time, and place thereof shall be mailed by the department to every licensed practitioner in the area affected, as it appears in the records of the department, and it shall be published at least once in a newspaper of general circulation which the board considers most likely to give notice to the public, the mailing and publication to be done not less than ten (10) days prior to the hearing.

(4) The price agreement, as proposed or modified by the board, shall be put into effect by order of the board, which shall plainly state the minimum price for all work usually performed in a beauty shop or parlor in the county, city, or town in which the price agreement has been signed, and for which it is effective, and thereafter no person subject to this act may advertise or sell service for less than the minimum price in the area for which the price was established. If the board either on petition of two-thirds ($2/3$) of the signatories to the price agreement, or on the board's initial motion, finds that the minimum prices fixed by its order are insufficient or improperly adjusted to provide healthful services to the public and keep the shops and parlors in a safe, sanitary, and attractive condition, it may modify the minimum prices by prescribing increases, adjustments, or decreases, if necessary, best calculated to realize the objectives.

(5) The board shall prescribe rules for the conduct of its business; the qualification, examination, and registration of applicants to practice or teach cosmetology; applicants for manager-operator licenses; the regulation and instruction of apprentices and students; the conduct of schools of cosmetology for apprentices and students; and generally for the conduct of the persons, firms, or corporations affected by this act.

(6) The board shall adopt a seal and authenticate its acts.

History: En. Sec. 6, Ch. 104, L. 1929; amd. Sec. 2, Ch. 80, L. 1941; amd. Sec. 5, Ch. 244, L. 1961; amd. Sec. 67, Ch. 350, L. 1974.

History: En. Sec. 7, Ch. 104, L. 1929; amd. Sec. 6, Ch. 222, L. 1939; amd. Sec. 68, Ch. 350, L. 1974.

(1) Examinations for operator's license shall be held at least two (2) times a year and not more than five (5) times a year and for teacher's license once each year, at a place and time specified by the board. The examinations shall be conducted by the department, subject to section 82A-1603. The examinations may not be confined to a specific method or system.

(2) Physically handicapped persons trained for cosmetology by the department of social and rehabilitation services shall, for a period of one (1) year immediately following their graduation, be exempt from the examination and the fees described in section 66-815. On certification from the department of social and rehabilitation services that a department of social and rehabilitation services beneficiary has successfully completed the required apprenticeship or training in a shop or beauty school, the department shall issue the person the necessary certificate or license to practice the profession in this state.

In addition, each member shall be reimbursed for travel expenses, as provided for in sections 59-538, 59-539, and 59-801, necessarily incurred in the performance of official duties. Amendments

Chapter 224, Laws of 1974, increased the daily compensation for attendance of board members from \$20 to \$25; and made minor changes in phraseology.

Chapter 350, Laws of 1974, inserted "subject to section 82A-1603 (6)" in the last sentence; deleted three sentences relating to compensation of the secretary of the board and its examiners, and expenses of board members; and made minor changes in phraseology and punctuation.

(6) Examination papers of an applicant shall be retained two (2) years by the department and may then be destroyed, and while so retained are open to inspection only by board members, the applicant, some person appointed by the applicant to examine them, or by a court of competent jurisdiction in a proceeding where the question of the contents of the papers is properly involved.

(7) An applicant failing to pass his first examination, if otherwise qualified, may take subsequent examinations on payment of the fee of twenty-five dollars (\$25) for each examination.

Amendments

The 1971 amendment deleted original subsection (6), which prohibited licensing of a person who was not a United States citizen, and redesignated original subsection (7) as subsection (6). (See parent volume.)

The 1974 amendment substituted refer-

ences to the "department" for references to the "secretary-treasurer of the board of dental examiners" and "board" throughout the section; inserted "subject to section 82A-1603" near the end of subsection (4) after "department"; substituted "in a form prescribed by the board" at the end of subsection (5) for a paragraph containing the form (see parent volume); redesignated the last paragraph of subsection (5) as subsection (6); redesignated former subsection (6) as subsection (7); and made numerous minor changes in punctuation and phraseology.

66-906. (3115.6) Certificate to be registered in counties where practicing—replacing lost certificates—admission of dentists from other states—reciprocity—annual license fee—inactive fee—due date of annual fee—

revocation of license for failure to pay. (1) The certificate under this act entitles the holder to practice dentistry in any county in this state, if the certificate is first filed for registration and registered in the office of the county recorder of the county in which the holder desires to practice. This act does not permit a holder of a certificate to practice in a county in this state unless the certificate has been first registered in the office of the recorder of the county. A holder of a certificate may practice in more than one (1) or in any number of counties in this state on having the certificate registered in each of the counties in which the holder desires to practice. The department shall, on proof satisfactory to the board of the loss of a certificate issued under this act, issue a duplicate certificate, and a fee of ten dollars (\$10) shall be charged for issuing the certificate.

(2) A dentist who has been lawfully licensed to practice in another state or territory which has and maintains a standard for the practice of dentistry or dental surgery which in the opinion of the board is equal to that at the time maintained in this state; who is a graduate of an accredited four (4) year high school or has actual scholastic credits equivalent to a four (4) year high school course; who is a graduate of a recognized dental school or college; who has been lawfully and continuously engaged in the practice of dentistry for five (5) years or more immediately before filing his application to practice in this state; and who deposits in person with the department an attested certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and of his being a person of good moral character and of professional attainments, may, on the payment of a fee of fifty dollars (\$50) and after satisfactory practical examination demonstrating his proficiency, be granted a license to practice dentistry in this state, without being required to take an examination in theory. However, no license may be issued without an examination in theory to an applicant, unless the state or territory from which the certificate has been granted to the applicant extends a like privilege to engage in the practice of dentistry to dentists licensed by this state, who move to the other state. The board may enter into reciprocal relations with similar boards of other states whose laws are practically identical with this act.

(3) A licensed dentist practicing within this state shall annually pay before March 1, to the department, as a license fee for the year, the sum of ten dollars (\$10). The board may increase or decrease the annual license fee to maintain in the earmarked fund, at all times, an amount to be known as the emergency fund to be used for the purpose of administering, policing, and enforcing this act. The emergency fund shall be maintained at an approximate level of two thousand five hundred dollars (\$2,500). Notice of the change in the amount of license fees shall be given to each dentist registered in this state by the department.

(4) If a registered dentist absents himself from the state for a period of one (1) or more years, or does not engage in active practice within this state, he may continue his license in good standing by the payment of ten dollars (\$10) each year, or at the discretion of the board, he may be reinstated on the payment of a fee of ten dollars (\$10) for each

year's absence. The annual payments shall be made prior to March 1 of each year, and a receipt or certificate shall be issued by the department.

(5) In case of default in payment of the annual license fee by a dentist, his license shall be revoked by the board on thirty (30) days' notice given to the delinquent of the time and place of considering the revocation. A registered letter addressed to the last known address of the party failing to comply with this requirement, as the address appears on the records of the department constitutes sufficient notice of revocation of license, but no license may be revoked for nonpayment if the dentist notified pays the license fee plus a late payment penalty of three dollars (\$3) before or at the time fixed for consideration of revocation. The department may maintain in the name of this state a suit to collect license fees and penalties applicable and to recover from the delinquent dentist the cost of the action, including reasonable attorneys' fees.

(6) No license fee or tax may be imposed on dentists by a municipality or any other subdivision of the state.

In a prosecution for a misdemeanor under this act the certificate of the county recorder of the county in which the misdemeanor is alleged to have been committed, to the effect that there has been no certificate of the department, filed and registered in the county recorder's office issued under this act to the person accused of the misdemeanor, is prima facie proof that the person is not entitled to practice dentistry in the county.

(a) Fifteen dollars (\$15) per day for each day traveling to and from a meeting and while in actual attendance at a meeting of the board and for each day actually engaged in the duties of his office.

(b) Expenses and travel authorized under sections 59-538, 59-539, and 59-801.

Amendments

The 1974 amendment deleted a former third sentence from subsection (3) permitting the board to employ special counsel; deleted a former fourth sentence from subsection (3) relating to compensation of the secretary-treasurer of the board; substituted "department" for "secretary-treasurer of the board" in the first sentence of

subsection (3) and for "state treasurer and state controller" in the second sentence of subsection (3); deleted a former last sentence from subsection (3) relating to drawing on the earmarked fund for emergency expenses; and made minor changes in phraseology, punctuation and style. For prior version, see parent volume.

The 1975 amendment inserted "59-539" in subdivision (1)(b); and deleted subdivision (1)(c) which read: "For first class railroad and Pullman fares actually incurred to and from his place of residence to the place of a meeting."

66-910. (3115.10) Practice of dentistry defined—persons conducting business through licensed dentist—exceptions. (1) A person is practicing dentistry under this act if he performs, attempts, advertises to perform, causes to be performed by the patient or any other person, or instructs in the performance of dental operations, oral surgery, or dental service of any kind gratuitously or for a salary, fee, money, or other remuneration paid, or to be paid, directly or indirectly, to himself, any other person, or agency; is a manager, proprietor, operator, or conductor of a place where dental operations, oral surgery, or dental services are performed; directly or indirectly, by any means or method, furnishes, supplies, constructs, reproduces, or repairs a prosthetic denture, bridge, appliance, or other structure to be worn in the human mouth; places the appliance or structure in the human mouth, or attempts to adjust it; advertises to the public, by any method, to furnish, supply, construct, reproduce, or repair a prosthetic denture, bridge, appliance, or other structure to be worn in the human mouth; diagnoses, professes to diagnose, prescribes for, professes to prescribe for, treats, or professes to treat disease, pain, deformity, deficiency, injury, or physical condition of human teeth, jaws, or adjacent structure; extracts or attempts to extract human teeth, or corrects, attempts, or professes to correct malpositions of teeth or of the jaw; gives, or professes to give interpretations or readings of dental roentgenograms; administers an anesthetic of any nature in connection with a dental operation; uses the words "dentist," "dental surgeon," "oral surgeon," the letters "D.D.S.," "D.M.D.," or any other words, letters, title, or descriptive matter which in any way represent him as being able to diagnose, treat, prescribe, or operate for any disease, pain, deformity, deficiency, injury, or physical condition of human teeth, jaws, or adjacent structures; states, advertises, or permits to be stated or advertised, by sign, card, circular, handbill, newspaper, radio, or otherwise, that he can perform or will attempt to perform dental operations or render a diagnosis in connection therewith;

or engages in any of the practices included in the curricula of recognized dental colleges.

(2) A dental laboratory or dental technician is not practicing dentistry under this act when engaged in the construction, making, alteration, or repairing of bridges, crowns, dentures, or other prosthetic appliances, surgical appliances, or orthodontic appliances if the casts, models, or impressions on which the work is constructed have been made by a regularly licensed and practicing dentist, and the crowns, bridges, dentures, prosthetic appliances, surgical appliances, or orthodontic appliances are returned to the dentist on whose order the work was constructed.

(3) A licensed dentist who employs or engages the services of a person, firm, or corporation to construct, reproduce, make, alter, or repair bridges, crowns, dentures, other prosthetic appliances, surgical appliances, or orthodontic appliances, shall furnish the person, firm, or corporation with a written work authorization on forms prescribed by the board which shall contain: (a) the name and address of the person, firm, or corporation to which the work authorization is directed; (b) the patient's name or identification number, but if only a number is used the patient's name shall be written on the duplicate copy of the work authorization retained by the dentist; (c) the date on which the work authorization was written; (d) a description of the work to be done, including diagrams, if necessary; (e) a specification of the type and quality of the materials to be used; and (f) the signature of the dentist and the number of his license to practice dentistry. two places in subsection (3); and made minor changes in phraseology, punctuation and style.

66-911. (3115.11) Duty of county attorney to enforce act—attorney general's duty on appeal—jurisdiction of justice courts—injunction. The county attorney of the county in which an offense is alleged to have occurred shall attend to the prosecution of complaints made under this act, both on trial in the justice court where the complaint is made, and also on hearing in the district court, either on the complaint, or on information or indictment filed against a person under this act in the district court. This act does not prevent the prosecution of a person for violation of this act on the information of the county attorney directly. Justice courts have original concurrent jurisdiction of misdemeanors committed under this act. If a person, firm, or corporation engages in the practice of dentistry without possessing a valid license or violates this chapter, the attorney general, a county attorney, or the board may maintain an action in the name of this state to enjoin the person, firm, or corporation from engaging in the practice of dentistry or otherwise violating this act. The injunction does not relieve criminal prosecution, but the remedy by injunction is in addition to the liability of the offender to criminal prosecution.

History: En. Sec. 11, Ch. 48, L. 1935; amd. Sec. 4, Ch. 34, L. 1961; amd. Sec. 84, Ch. 350, L. 1974.

Amendments

The 1974 amendment deleted a sentence relating to the state attorney general's

duty to attend to the appeal of criminal cases; substituted "this chapter" for "this act" and "board" for "state board of dental examiners" in the next-to-last sentence; and made minor changes in phraseology, punctuation and style.

66-913. (3115.13) Revocation or suspension of license—grounds—conviction of crime—renting or loaning license—unprofessional conduct—proceedings for revocation or suspension. (1) A dentist may have his license revoked or suspended by the board for any of the following reasons:

(a) Conviction of a felony or misdemeanor involving moral turpitude, in which case the record of conviction or a copy certified by the clerk of the court or by the judge in whose court the conviction is had is conclusive evidence.

(b) For renting, loaning, or attempting to rent or loan to a person his license for the practice of dentistry or his diploma of graduation from a dental college, school, or course to be used as a license or diploma of the person.

(c) For permitting a dental hygienist, under his personal supervision to do an act or perform an operation other than those defined and authorized under section 66-921.

(d) For permitting unlicensed auxiliary personnel to perform duties or tasks other than those which may be specifically authorized by the board.

(e) For unprofessional conduct, gross ignorance or inefficiency in his profession, habitual intemperance, or gross immorality.

(2) Unprofessional conduct consists of employing what are known as "cappers" or "steerers" to obtain business; obtaining a fee by fraud or

misrepresentation; willfully betraying professional secrets; employing, directly or indirectly, a student or a suspended or unlicensed dentist to perform operations in the practice of dentistry, treat lesions of the human teeth or jaws, or correct malimposed formations; making use of advertising statements of a character tending to deceive or mislead the public; advertising prices; advertising professional superiority, or performance of professional services in a superior manner; advertising by means of a large display, glaring light sign, or other sign or device containing the representation of a tooth, teeth, bridgework, or a portion of the human head; advertising over television or radio; employing or making use of advertising solicitors or publicity press agents; advertising free dental work or free examination; advertising to guarantee dental service or to perform a dental operation painlessly; advertising by sign or printed advertisements under the name of a corporation, company, association, or trade name.

(3) Proceedings under this section may be taken by the board on its initial motion, for matters in its knowledge, or may be taken on the information of another. However, if the informant is a member of the board, the other members of the board constitute the board for the purpose of determining the truth of the charge or accusation. Accusations must be in writing, verified by some party familiar with the facts charged, and three (3) copies must be filed with the department. On receiving the accusation the board shall, if it considers the accusation sufficient, make an order setting it for hearing, and requiring the accused to appear and answer the charge or accusation at the hearing.

(4) The accused must appear at the time appointed in the order and answer the charges and make his defense unless for sufficient cause, on the accused's application or the board's order, the board assigns another day for that purpose.

(5) If the accused does not appear the board may proceed and determine the accusation in his absence. If the accused confesses the accusation or refuses to answer the charge, or if on hearing the board finds the charge or accusation true, it may make an order either revoking the license of the accused or suspending it for a fixed period. The board and the accused may have the benefit of counsel, and the board shall have the power to administer oaths, take depositions of witnesses in the manner provided by law in civil cases, and to issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents and testimony in any inquiry, investigation, hearing, or proceeding in this state. The subpoena shall be issued over the signature of the secretary of the board and the seal, and in the name of this state.

(6) On revocation or suspension of a license the fact shall be noted on the records of the department and the license shall be marked canceled on the date of its revocation, or suspended, as the case may be. The department shall, on order of suspension or revocation being entered, transmit to the county recorder in which the license of the licensee affected by the judgment is registered and recorded, a copy of the order, certified by the secretary of the board, for record, and it shall be registered in the same manner and in the same book in which the registration of the certificate to practice dentistry is kept.

for references to the "secretary of the board" and "board" in subsections (3) and (6); deleted a clause from the end of subsection (3) and three sentences from subsection (4) relating to service of process on the accused; and made minor changes in phraseology, punctuation and style. Section 66-914 (Sec. 14, Ch. 48, L. 1935), relating to judicial review on revocation

or suspension of a license, was repealed by Sec. 363, Ch. 350, Laws of 1974.

66-919. (3115.19) Practicing dentistry without certificate, penalty for—disposition of fines. A person who, as principal, agent, employer, employee, or assistant, practices dentistry, or who does an act of dentistry, without having first secured a certificate to practice dentistry from the department entitling him to practice in this state, is guilty of a misdemeanor, and on conviction in a district court may be fined not less than five hundred dollars (\$500) nor more than one thousand dollars (\$1,000) or be confined for a period not exceeding six (6) months in the county jail. Fines imposed and collected under this act shall be paid into the treasury of the county in which the suits, actions, or proceedings are commenced. Money paid into the treasury over and above the amount necessary to reimburse the county for expense incurred by the county in a suit, action, or proceeding brought under this chapter, shall be deposited, before January 1 of each year, in the earmarked revenue fund for the use of the board, subject to section 82A-1603(6).

History: En. Sec. 19, Ch. 48, L. 1935; amd. Sec. 3, Ch. 38, L. 1941; amd. Sec. 150, Ch. 147, L. 1963; amd. Sec. 86, Ch. 350, L. 1974.

66-920. (3115.20) Affiliation with national association authorized—delegate—expenses allowed. The board may affiliate with the national association as an active member, pay regular annual dues to the association, and send a delegate to the meetings of the association. The delegate shall be reimbursed as follows:

- (1) Fifteen dollars (\$15) per day for each day traveling to and from a meeting and while in actual attendance at a meeting;
- (2) Expenses and travel authorized under sections 59-538 and 59-801; and

Amendments

The 1974 amendment substituted "board" for "board of dental examiners" in the first sentence; and made minor changes in phraseology, punctuation and style.

66-921. Dental hygiene defined—dental hygienists—qualifications—examination — fee — registration — certificate form — re-examination — powers and limitations—revocation of license. (1) The department may issue to qualified applicants licenses for the practice of dental hygiene to be known as dental hygienists. The practice of dental hygiene is the doing by one person, for a direct or indirect consideration, with respect to the teeth of another person, or an act or service, educational, therapeutic, prophylactic, or preventive in nature, as the board, in writing, defines and authorizes. However, this section does not allow the board or a licensed dentist to delegate any of the following duties: (a) diagnosis, treatment planning and prescription; (b) surgical procedures on hard and soft tissues; (c) restorative, prosthetic, orthodontic, and other procedures which require the knowledge and skill of a dentist; (d) prescription for drugs, medications, or work authorizations.

(2) A candidate for examination as a dental hygienist shall file in his full name an application for examination with the department at least twenty (20) days before the date set by the board for the commencement of the examination and at the time of making the application shall pay the department a fee of twenty dollars (\$20). The applicant shall also furnish satisfactory proof that he is of good moral character and has earned a diploma or certificate from a school of dental hygiene offering a course of study recognized and approved by the board.

(3) The board shall make uniform rules governing the matter of examinations for a license to practice dental hygiene in this state, which examinations are open to an applicant meeting the requirements of this act, and shall also provide in its rules for giving reasonable notice of the time and place where examinations are held.

(4) The board may recognize a certificate granted by the national board of dental hygiene examiners instead of an examination the board requires.

(5) An applicant who successfully passes the examination prescribed by the board shall, on the payment of a fee of fifteen dollars (\$15), be granted a license as a dental hygienist, and shall be registered in a record kept by the department, and shall receive a certificate, signed by the members of the board, in a form prescribed by the board.

(6) A licensed dental hygienist may practice in the office of a licensed and actively practicing dentist or in a public or private institution or under a board of health or in a public clinic authorized by the board, but may not practice except under the direct personal supervision of a licensed dentist; however, the dental hygienist may give instruction in dental hygiene without the supervision of a licensed dentist in a public or private institution or under a board of health or in a public clinic authorized by the board.

(7) An applicant failing to pass his first examination may, if otherwise qualified, take subsequent examinations on payment of the fee of twenty dollars (\$20) for each examination.

amd. Sec. 9, Ch. 352, L. 1969; amd. Sec. 88,

Amendments

The 1974 amendment substituted references to the "department" for references

to the "state board of dental examiners" and the "secretary-treasurer of the board"; substituted "board" for "state board of dental examiners" in subsections (1) and (4); deleted a paragraph relating to dental hygienists in practice prior to passage of the original act; substituted "in a form

prescribed by the board" at the end of subsection (5) for a paragraph containing the wording to be used in the licensee's certificate; and made minor changes in phraseology, punctuation and style. For prior version, see parent volume.

66-922. (3115.22) Annual license fee for dental hygienists—revocation of license. Before March 1 of each year a licensed dental hygienist shall pay to the department a license fee of three dollars (\$3), and in default of payment, the board may after hearing and on thirty (30) days' notice revoke the license of the hygienist in default; but the payment of the fee on or before the time of hearing, with an additional sum fixed by the board, not exceeding three dollars (\$3), excuses the default. The department may collect the fee by suit. The board may likewise revoke or suspend the license of a dental hygienist for violating this act.

History: En. Sec. 22, Ch. 48, L. 1935; amd. Sec. 10, Ch. 352, L. 1969; amd. Sec. 89, Ch. 350, L. 1974.

(a) Who has been lawfully licensed to practice in another state or territory which has and maintains a standard for the practice of dental hygiene which, in the opinion of the board, is equal to that at the time maintained in this state,

(b) Who has been lawfully and continuously engaged in the practice of dental hygiene for a period of one (1) year or more immediately before filing his application to practice in this state, and

(c) Who deposits in person with the department an attested certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and of his being a person of good moral character and of professional attainments; may on the payment of a fee of twenty dollars (\$20) and after satisfactory practical examination demonstrating his proficiency, be granted a license to practice dental hygiene in this state without being required to take an examination in theory. Except as provided in subsection (2) of this section, no license may be issued without an examination in theory to the applicant, unless the state or territory from which the certificate has been granted extends a like privilege to engage in the practice of dental hygiene to dental hygienists licensed by this state, and who have moved to the other state.

(2) A dental hygienist who has been lawfully licensed to practice in another state or territory not having reciprocity with this state but which has and maintains a standard for the practice of dental hygiene which, in the opinion of the board, is equal to that at the time maintained in this state, and who deposits in person with the department, an attested

certificate from the examining board of the state or territory in which he is registered or licensed, certifying to the fact of his registration and license and his being a person of good moral character and of professional attainment may, on the payment of a fee of twenty dollars (\$20), be granted a temporary license authorizing the person to practice dental hygiene from the time of the granting of the license until the time of the next regular examination for dental hygiene set by the board. No additional fee for the examination may be charged.

(3) Except as provided in subsections (1) and (2) of this section no person may engage in the practice of dental hygiene or practice as a dental hygienist in this state until he has passed an examination approved by the board under rules it considers proper and has been issued a license by the department.

(4) The board may enter into reciprocity agreements with other states or territories, the standards of which as to the practice of dental hygiene, are, in the opinion of the board, equal to those of this state.

(5) Nothing in this act relating to the practice of dental hygiene applies to its practice by a licensed dentist or a licensed physician and surgeon in this state.

(3) Licensees referred to in subsection (2) of this section, who are licensed to practice a limited field of healing arts, shall confine themselves to the field for which they are licensed or registered and to the scope of their respective licenses, and may not use the title M.D., or any word or abbreviation to indicate, or to induce others to believe that they are engaged in the diagnosis or treatment of persons afflicted with disease, injury, or defect of body or mind except to the extent and under the conditions expressly provided by the law under which they are licensed.

This section was amended twice in 1974, once by Ch. 167 and once by Ch. 350. Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 167, Laws of 1974, substituted "An examination fee shall be charged for each additional examination" in subsection (4) for a clause requiring a \$50 fee for additional examinations.

Chapter 350, Laws of 1974, substituted "department" for "executive secretary of the board" in the fourth sentence of subsection (1); substituted "board may require the department to use" for "board may use" in the fifth sentence of subsection (1); substituted "board may, in its discretion, require the department to give, subject to section 82A-1603" in subsection (2) for "board may, in its discretion, give"; substituted "to assist in preparing" for "to assist in preparing and conducting" in subsection (3); deleted "without an additional fee" after "be re-examined" in the second sentence of subsection (4); deleted "without payment of another fee" before "submitting a new application" in the last sentence of subsection (4); and made minor changes in phraseology, punctuation and style.

The department shall mail to the applicant, at his last address of record with the department, written notification of the board's decision together with notice of a time and place of a hearing before the board. If the applicant without cause fails to appear at the hearing, or if after hearing, the board determines he is not entitled to a license, the board shall refuse to grant the license.

66-1038. Revocation or suspension of license—probation. (1) The board may, when it has been brought to its attention that there is reason to suspect that a person having a license or certificate to practice medicine in this state:

(a) Is mentally or physically unable, safely, to engage in the practice of medicine, or has procured his license to practice medicine by fraud or misrepresentation or through mistake, or has been declared incompetent by a court of competent jurisdiction and thereafter has not been lawfully declared competent, or when a condition exists which impairs his intellect or judgment to the extent that it incapacitates him for the safe performance of professional duties;

(b) Has been guilty of unprofessional conduct;

(c) Has practiced medicine while his license was suspended or revoked;
 (d) Has had his license suspended or revoked by any licensing authority for reasons other than nonpayment of fees; or

(e) Has, while under probation, violated its terms; make an investigation, including requiring the person to submit to a physical examination or a mental examination or both by a physician or physicians selected by the board when it appears in the best interests of the public that this evaluation be secured, to determine the probability of the existence of these conditions or the commission of these offenses. The board may examine and scrutinize the hospital records and reports of a licensee as part of the examination and copies of these shall be released to the board on written request. If the board has reasonable cause to believe that this probability exists, the department shall mail to the person, at his last address of record with the department, a specification of the charges against him, together with a written citation of the time and place of the hearing on it, advising him that he may be present in person, and by counsel if he so desires, to offer evidence and be heard in his defense. The time fixed for the hearing shall not be less than thirty (30) days from the date of mailing the notice.

(2) A person, including a member of the board, may file a sworn complaint with the department against a person having a license to practice medicine in this state, charging him with the commission of any of the offenses set forth in section 66-1037, or subsection one (1) of this section, which complaint shall set forth a specification of the charges. When the complaint is filed, the department shall mail a copy to the person accused, at his last address of record with the department, together with a written citation of the time and place of the hearing on it.

(3) At the hearing the board shall adopt a resolution finding him guilty or not guilty of the matters charged. If the board finds that the conditions referred to in section 66-1037, or subsection (1) of this section do not exist with respect to the person or if he is found not guilty, the board shall dismiss the charges or complaint, but if the board does find that the conditions referred to in section 66-1037 or in subsection (1) of this section do exist and the person is found guilty, the board shall:

(a) Revoke his license;
 (b) Suspend his right to practice for a period not exceeding one (1) year;

(c) Suspend its judgment of revocation on the terms and conditions to be determined by the board;

(d) Place him on probation; or
 (e) Take any other action in relation to disciplining him as the board in its discretion considers proper.

(4) The department in cases of revocation, suspension, or probation shall enter in its records the facts of the action, and of subsequent action of the board with respect to it.

(5) On the expiration of the term of suspension, the licensee shall be reinstated by the board, if he furnishes the board with evidence that he is then of good moral character and conduct and restored to good health

and that he has not practiced medicine in this state during the term of suspension. If the evidence fails to establish to the satisfaction of the board that the holder is then of good moral character and conduct or if not restored to good health or if the evidence shows he has practiced medicine in this state during the term of suspension, the board shall revoke the license at a hearing, with notice and the procedure provided in subsection (1) of this section. The revocation is final and absolute.

(6) If a person holding a license to practice medicine under this act is, by a final order or adjudication of a court of competent jurisdiction, adjudged to be mentally incompetent or insane, or addicted to the use of narcotics, his license may be suspended by the board. The suspension continues until the licensee is found or adjudged by the court to be restored to reason or cured, or until he is discharged as restored to reason or cured and his professional competence has been proven to the satisfaction of the board.

(2) a clause relating to the information to be contained in the citation to an accused; deleted a clause at the beginning of subsection (3) relating to the hearing of evidence; and made minor changes in phraseology, punctuation and style.

The 1975 amendment inserted subdivision (1)(d); renumbered former subdivision (1)(d) as (1)(e); and made a minor change in phraseology.

of the board, was repealed by Sec. 363, Ch. 350, Laws of 1974.

66-1041. Violations—penalties. (1) A person practicing medicine in this state without complying with this act, or an association or corporation (except a professional service corporation under Title 15, chapter 21) practicing medicine in this state, or a person, association, or corporation violating this act or an officer or director of an association or corporation violating this act, is guilty of a misdemeanor, and on conviction, shall be fined not less than two hundred fifty dollars (\$250) or more than one thousand dollars (\$1,000) or imprisoned in the county jail for not less than ninety (90) days or more than one (1) year, or both. 66-1042. Annual registration fees—limiting authority to impose registration fees. (1) In addition to the license fees required of applicants, a licensed physician actively practicing medicine in this state shall pay each year to the department, an annual registration fee, not to exceed the sum of twenty-five dollars (\$25), as prescribed by the board and approved by the department of administration. If a person licensed to practice medicine absents himself from the state for a period of one (1) or more years, or does not engage in active practice in this state, he may continue his license in good standing by the payment of five dollars (\$5) each year, or at the discretion of the board, he may be reinstated on the payment of a fee of five dollars (\$5) for each year of absence or inactive practice.

(2) The annual payments for registration shall be made prior to April 1, and a receipt acknowledging payment of the annual registration fee shall be issued by the department. The department shall mail registration notices, at least sixty (60) days before the registration is due. In case of default in the payment of the annual registration fee by a person licensed to practice medicine who is actively practicing medicine in this state, his underlying certificate to practice medicine may be revoked by the board on thirty (30) days' notice given to the delinquent of the time and place of considering the revocation. A registered or certified letter addressed to the last known address of the person failing to comply with the requirements of annual registration, as the address appears on the records of the department, constitutes sufficient notice of intention to revoke his underlying certificate. No certificate may be revoked for non-payment if the person authorized to practice medicine, and notified, pays the annual registration fee before or at the time fixed for consideration of revocation together with a delinquency penalty of ten dollars (\$10). The department may collect the dues by an action at law.

(3) No registration or license fee may be imposed on a licensee under this act by a municipality or any other subdivision of the state.

Section 66-1044 (Sec. 35, Ch. 338, L. 1969), relating to transfer of records, sup-

plies and money from the earlier state board of medical examiners, was repealed by Sec. 363, Ch. 350, Laws of 1974.

66-1045. Injunctive relief—manner of charging violation of act. The board, notwithstanding any other provision in this act, may maintain an action to enjoin a person from engaging in the practice of medicine, until a license to practice medicine is procured. A person who has been enjoined and who violates the injunction is punishable for contempt of court. The injunction does not relieve the person practicing medicine without a license from a criminal prosecution. The remedy by injunction is in addition to remedies provided for the criminal prosecution of the offender. In charging a person in a complaint for injunction or in an affidavit, information, or indictment with a violation of this law by practicing medicine without a license, it is sufficient to charge that he did, on a certain day and in a certain county, engage in the practice of medicine, not having a license to do so, without averring further or more particular facts concerning the violation.

If the person changes his address, or when the name of a licensee is changed by marriage or otherwise, the person shall within thirty (30) days notify the department in writing of his old and new address or of the former name and new name. This information shall be entered promptly by the department in the official records of the department. The name and address of the manufacturer shall appear conspicuously on each package sold by the licensee. It is unlawful for a store to sell, deliver, or give away household medicinal drugs, without first having secured a license and thereafter keeping it in force by proper renewal. This subsection does not prevent a vendor from selling a patent or proprietary medicine in the original package when plainly labeled, nor nonmedical articles usually sold by vendors.

On presentation of evidence satisfactory to the board and on application on a form prescribed by the board and on the payment of an annual fee of twenty dollars (\$20), the department shall issue a license to a pharmacy as a "CERTIFIED PHARMACY"; however, the license may be

granted only to pharmacies operated by registered pharmacists or registered interns qualified under this act. (2) A candidate who is otherwise eligible may take the examination provided for in section 66-1818 before meeting the age and experience requirements but the successful completion of this examination does not qualify him for a certificate or a license as a public accountant until he meets these requirements.

(3) The board may by rule provide for granting credit to a candidate for his satisfactory completion of a written examination in any one or more of the subjects of examination given by the licensing authority in another state, if when he took the examination he was not a resident of this state. These rules shall include requirements the board determines appropriate in order that an examination approved as a basis for credit is, in the judgment of the board, at least as thorough as that included in

the most recent examination given in this state at the time of granting the credit.

(4) The experience requirements need not be continuous or for one (1) employer.

(5) Except as provided in subdivision (1) of this section, the applicable education and experience requirements are those in effect on the date of the examination by which the candidate successfully completes his examination; but the board may provide by rule for exceptions to the general rule in order to prevent what it determines to be undue hardship to candidates resulting from changes in the education and experience requirements.

(4) Each shareholder of the corporation personally engaged within this state in practice of public accounting as a member thereof must be a certified public accountant or public accountant of this state in good standing and must hold a license issued under section 66-1833 which is in effect.

(5) Each staff member who is employed within this state, and who is certified under section 66-1819 or registered under section 66-1820, must also hold a license issued under section 66-1833 which is in effect.

66-1832. Registration of offices. Each office established or maintained in this state for the practice of public accounting in this state by a certified public accountant or a partnership or corporation of certified public

accountants or by a licensed public accountant or a partnership or corporation of licensed public accountants or by one registered under section 66-1828 shall be registered annually under this act with the department. Compiler's Notes

This section was amended twice in 1974, once by Ch. 207 and once by Ch. 350. Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 207, Laws of 1974, inserted "or corporation" after "partnership" in two places in the first sentence; substituted "department" for "board" in the first sentence; inserted "and corporations" after "partnerships" in the last sentence; and made minor changes in phraseology and style.

Chapter 350, Laws of 1974, substituted "department" for "board" in the first sentence; and made minor changes in phraseology and style.

66-1833. Annual licenses to practice. Annual licenses to engage in the practice of public accounting in this state shall be issued by the department to holders of the certificate of certified public accountant issued under section 66-1819 and to persons licensed under section 66-1820, if all offices, if any, of the certificate holder or licensed public accountant are maintained and registered under section 66-1832. There is an annual license fee in an amount to be determined by the board, not to exceed twenty-five dollars (\$25) for a year or part thereof. Annual licenses expire on December 31 of each year and may be renewed annually for a period of one (1) year by certificate holders and licensed public accountants in good standing on payment of an annual renewal fee of not to exceed twenty-five dollars (\$25). Failure of a certificate holder or licensed public accountant to apply for the annual license to practice within three (3) years from the expiration date of the annual license to practice last obtained or renewed, or three (3) years from the date on which the certificate holder or licensee was granted his certificate or license, deprives him of the right to the annual license, unless the board, in its discretion, determines the failure to have been due to excusable neglect. A certificate holder or licensed public accountant who is retiring from active practice or other employment because of illness, age, marriage, or other justifiable cause, in the opinion of the board, may be placed on an inactive list, without prejudicing his right to be issued an annual license at a future date. A request for inactive status must be sent to the department within the three-year period as outlined in this section.

History: En. Sec. 21, Ch. 118, L. 1969; amd. Sec. 174, Ch. 350, L. 1974.

Amendments

The 1974 amendment inserted "annual"

before "license" and "licenses" throughout the section; substituted "department" for "board" in the first and last sentences; and made minor changes in phraseology, punctuation and style.

66-1835. Revocation or suspension of partnership or corporation registration. After notice and hearing as provided in section 66-1836, the board shall revoke the registration of a partnership or corporation if at any time it does not have all the qualifications prescribed by the section of this act under which it qualified for registration.

History: En. Sec. 23, Ch. 118, L. 1969;
amd. Sec. 4, Ch. 207, L. 1974.

Amendments

The 1974 amendment inserted "or corporation" after "partnership."

66-1836. Hearings before board. (1) The board may initiate proceedings under this act either on its own motion or on the complaint of a person. Hearings and rule-making proceedings shall be governed in all respects by the Montana Administrative Procedure Act.

History: En. Sec. 24, Ch. 118, L. 1969;
amd. Sec. 175, Ch. 350, L. 1974.

Amendments

The 1974 amendment substituted the last

sentence for nine paragraphs relating to procedure for hearings before the board (for prior law, see parent volume); and made minor changes in style.

66-1837. Reinstatement. On application in writing and after hearing pursuant to notice, the board may authorize the department to issue a new certificate to a certified public accountant whose certificate has been revoked, or may permit the relicensing of anyone whose license has been revoked, or may reissue or modify the suspension of a license to practice public accounting which has been revoked or suspended.

History: En. Sec. 25, Ch. 118, L. 1969;
amd. Sec. 176, Ch. 350, L. 1974.

Amendments

The 1974 amendment inserted "authorize

the department to" before "issue a new certificate"; and made minor changes in phraseology.

66-1838. Acts declared unlawful. (a) No person shall assume or use the title or designation "certified public accountant" or the abbreviation "CPA" or any other title, designation, words, letters, abbreviation, sign, card, or device tending to indicate that such person is a certified public accountant unless such person has received a certificate as a certified public accountant under section 66-1819, holds a license issued under section 66-1833, which is not revoked or suspended, and all of such person's offices in this state for the practice of public accounting are maintained and registered as required under section 66-1832; provided however, that a foreign accountant who has registered under the provisions of section 66-1828, and who holds a current license issued under section 66-1833, may use the title under which he is generally known in his country, followed by the name of the country from which he received his certificate, license or degree.

(c) * * * [Same as parent volume.]

(d) No partnership or corporation shall assume or use the title or designation "licensed public accountants," "public accountant," or any other title, designation, words, letters, abbreviation, sign, card, or device tending to indicate that such partnership or corporation is composed of public accountants, unless it is registered under section 66-1831 or under section 66-1829 and all of its offices in this state for the practice of public accounting are maintained and registered as required under section 66-1832.

(f) No person shall sign or affix his name or any trade or assumed name used by him in his profession or business, with any wording indicating that he is an accountant or auditor, or with any wording indicating that he has expert knowledge in accounting or auditing, to any accounting or financial statement, or to any opinion on, report on, or certificate to any accounting or financial statement, unless he holds a current license issued under section 66-1833, and all of his offices in this state for the practice of public accounting are maintained and registered under section 66-1832; provided, however, that the provisions of this subsection shall not prohibit any officer, employee, partner or principal or any organization from affixing his signature to any statement or report in reference to the financial affairs of said organization with any wording designating the position, title or office which he holds in said organization, nor shall the provisions of this subsection prohibit any act of a public official or public employee in the performance of his duties as such.

66-1936. Transactions with nonresidents and with nonlicensed brokers or salesmen—consent to legal process. (1) It is unlawful for a licensed broker to employ or compensate directly or indirectly a person for performing the acts regulated by this act who is not a licensed broker or licensed salesman. However, a licensed broker may pay a commission to a licensed broker of another state if the nonresident broker has not conducted and does not conduct in this state a service for which a fee, compensation, or commission is paid. This subsection does not limit the next subsection.

(2) A nonresident of this state, who is actively engaged in the real estate business, who maintains a place of business in another state, and who has been licensed in the other state to conduct this business in that state, may obtain a license as a broker in this state by complying with this act. However, this section applies only to those brokers of other states which offer the same privileges to the licensed brokers of this state. The nonresident licensee need not maintain a place of business in this state. The board may authorize the department to license a nonresident broker without examination, if he files with the department an authorized or certified copy of the license issued to the nonresident for conducting this business in another state, and by paying to the department the same license fee as is required for obtaining a broker's license in this state. The board may, in its discretion, refuse to authorize the department to issue a broker's license to an applicant who is not a resident of this state.

(3) A nonresident broker shall file an irrevocable written consent that legal actions arising out of a commenced or completed transaction may be commenced against the nonresident broker in a county of this state which may be appropriate and designated by section 93-2904; and the consent shall provide that service of summons in this action may be served on the department, for and on behalf of the nonresident broker, and this service is sufficient to give the court jurisdiction over the nonresident

broker and his salesman or agent conducting a transaction in a county. The consent shall be acknowledged, and if made by a corporation, shall be authenticated by its seal.

(9) Offering real property for sale or lease without the knowledge and consent of the owner or his authorized agent or on terms other than those authorized by the owner or his authorized agent;

(12) Negotiating a sale, exchange, or lease of real property directly with an owner or lessee if he knows that the owner has a written outstanding contract in connection with the property, granting an exclusive agency to another broker;

The 1974 amendment substituted references to the department throughout the section for references to the board and its secretary; deleted "as provided for in section 66-2101" after "registered abstracter"

in subsection (2); and made minor changes in phraseology, punctuation and style.

The 1975 amendment increased the application and renewal fees from \$5 to "not to exceed twenty-five (\$25)" in subsections (1) and (3); and added "as set by the board" and "which fee shall be set by the board" to each fee provision, respectively.

Section 66-2112 (Sec. 12, Ch. 105, L. 1931; Sec. 1, Ch. 82, L. 1939), relating to

conditions under which abstract books or indices are not required, was repealed by Sec. 363, Ch. 350, Laws of 1974.

66-2113. (4139.13) Bond or other securities required. (1) Before a certificate of authority may be issued, the applicant shall file with the department a bond to be approved by the board, running to the state of Montana, in the penal sum of five thousand dollars (\$5,000), for the use of an owner, mortgagee, or other person having an actual interest in the real estate covered by an abstract of title, or a title insurance company licensed and authorized to do business in this state, who may be aggrieved. The bond or undertaking is for the payment by the abstractor of damages that may be sustained by or may accrue to a person or company by reason of or on account of an error, deficiency, or mistake in an abstract or certificate of title, or a continuation thereof, made or issued by the abstractor. The bond shall be written by a surety or other company issuing bonds and licensed and authorized to do business in this state. No personal bonds may be accepted. The bond or undertaking shall be in effect for a period of one (1) year, and may be renewed annually by a continuation certificate; however, the continuation certificate may not increase the amount of liability under the original bond. No person, firm, or corporation is required to have in effect with the department, valid bonds in excess of the penal sum of five thousand dollars (\$5,000).

(2) Instead of the bond the applicant may deposit with the state treasurer public bonds or other securities as the board prescribes, approves, and considers sufficient to ensure the payment of the penal sum of five thousand dollars (\$5,000). The securities deposited may be exchanged, with the approval of the board, for other securities. The party depositing the securities shall receive the interest and dividends on the securities deposited. The securities shall be subject to sale and transfer and to the disposal of the proceeds by the board only on the order of a court of competent jurisdiction, and for the benefit of persons aggrieved as in this section provided. The state treasurer shall give his receipt for the securities, and the state is responsible for their custody and safe return.

fees. (1) A citizen of the United States desiring to begin the practice of veterinary medicine or veterinary surgery in this state, or who desires to hold himself out to the public as a practitioner of veterinary medicine or veterinary surgery, except as provided in section 66-2211, shall make application to the department for a license to do so. The application shall be on a form furnished by the department, and shall be accompanied by satisfactory evidence of the good moral character of the applicant, and shall present evidence of his having graduated in and received a degree from a legally authorized veterinary medical school having educational standards equal to those approved by the American veterinary medical association. On application, a photostatic copy of the diploma of the applicant shall be submitted to the department for inspection and verification. The photostatic copy remains the property of the department. A person applying for a license to practice shall pay to the department a fee of twenty-five dollars (\$25), which may not be refunded. Subject to section 82A-1603, the board shall, by means of examination, either oral, written or practical, or a combination of oral, written or practical as the board determines, ascertain the professional qualifications for license of applicants under this act. An investigation under reciprocity arrangements may replace examination for licensees from other states under section 66-2208. The department shall issue a license to all who are found to be, in the judgment of the board, competent to practice. A license may not be issued to a person who is not found by the examination or investigation to be competent.

(2) The examination shall be held in January and June of each year at a time and place specified by the board. The examination shall cover theory and practice, pharmacology and therapeutics, animal sanitation, surgery, communicable diseases, and other subjects, chosen by the board, which are ordinarily included in the curriculum of a school of veterinary medicine recognized and approved by the American veterinary medical association.

(3) The department shall consecutively number applications received and note on each the disposition made of it and preserve them for reference, and shall number consecutively licenses issued.

(4) Applicants must achieve a grade of seventy per cent (70%) in all subjects in order to obtain a license. An applicant who has failed an exam-

ination may apply to be re-examined at a subsequent examination, and shall pay another application fee in the amount of twenty-five dollars (\$25), and shall take another complete examination in all subjects.

(5) An applicant for examination may, in the discretion of the board, be given a temporary permit to practice veterinary medicine prior to taking the examination, if the applicant is employed by and working under the supervision of and in the same office with a veterinarian licensed under this act. The temporary permit is valid only until the date of the next examination. Under no circumstances may a second temporary permit be issued to the same person. A temporary permit may not be issued to a person who has failed an examination given under this section.

History: En. Sec. 4, Ch. 82, L. 1913; amd. Sec. 1, Ch. 150, L. 1919; re-en. Sec. 3220, R. C. M. 1921; amd. Sec. 4, Ch. 90, L. 1955; amd. Sec. 127, Ch. 147, L. 1963; amd. Sec. 7, Ch. 168, L. 1971; amd. Sec. 208, Ch. 350, L. 1974.

Amendments

The 1971 amendment deleted "who is over the age of twenty-one (21) years" following "citizen of the United States" at the beginning of the section; and made minor changes in style.

The 1974 amendment substituted references to department for references to the board of examiners and board throughout the section; inserted "subject to section 82A-1603" near the middle of subsection (1); substituted "pharmacology" for "materia medica" and "animal sanitation" for "livestock sanitation" in subsection (2); deleted a clause from subsection (3) relating to veterinarians in practice at time of passage of act; and made minor changes in phraseology, punctuation and style.

66-2205, 66-2206. (3221, 3222) Repealed.

Repeal

Sections 66-2205 and 66-2206 (Secs. 5, 6, Ch. 82, L. 1913; Sec. 2, Ch. 150, L. 1919),

relating to a farrier's license, were repealed by Sec. 363, Ch. 350, Laws of 1974.

66-2207. (3223) Issuance, registration and reinstatement of licenses.

(1) The board shall, at the conclusion of a regular examination or after investigation under the reciprocity arrangements of section 66-2208, if in its judgment the applicant is qualified, authorize the department to issue a license to practice veterinary medicine.

(2) Every license granted shall be issued under seal, and shall be signed by the president and secretary-treasurer of the board, and shall state that the licensee has given satisfactory evidence of fitness as to age, character, veterinary medical education, and other matters required by law, and that after full examination or investigation under reciprocity arrangements he has been found qualified to practice.

(3) A person licensed to practice veterinary medicine in this state shall procure from the department before July 1, annually, his certificate of registration. The certificate shall be issued by the department on the payment of a fee to be fixed annually by the board, not exceeding the sum of twenty-five dollars (\$25) and the presentation of evidence satisfactory to the board that the licensee, in the year preceding the application for renewal, attended an educational program approved by the board. However, the board may authorize the department to issue renewals, but not consecutive renewals, on a showing satisfactory to the board that attendance at the educational programs was unavoidably prevented; and new licensees who secure licenses by examination during the six (6) months

preceding July 1 shall be granted renewals without attending the educational programs. The certificate is prima facie evidence of the right of the holder to practice veterinary medicine in this state during the time for which it is issued. Failure of a person licensed to procure a certificate of registration before July 1 annually constitutes a forfeiture of the license held by the person. A person who has thus forfeited his license may have it restored to him by making written application for restoration within one (1) year of the forfeiture setting forth the reasons for failure to procure the certificate of registration at the time specified and accompanied by payment of the registration fee provided for in this section and an additional restoration fee not in excess of twenty-five dollars (\$25) as the board requires and by presentation of evidence satisfactory to the board that he has fulfilled the continuing educational requirements required of all licensees recited above. The person making application for restoration of license within one (1) year of its forfeiture is not required to submit to examination.

(4) Notwithstanding any other provisions in this chapter, a person licensed who enters, or is called to active duty by, a branch of the armed services of the United States is entitled to receive automatic registration of his license during the period of his duty with the armed services. However, within one (1) year after release or discharge from duty in the armed services he shall procure a certificate of renewal from the department and pay the regular fee. Failure to procure the certificate of renewal within one (1) year after release or discharge is the equivalent of a failure to procure a certificate of registration before July 1 of any year, and the same forfeiture and restoration requirements apply.

(5) A person licensed shall at all times have his residence and office address on file with the department.

History: En. Sec. 7, Ch. 82, L. 1913; re-en. Sec. 3223, R. C. M. 1921; amd. Sec. 5, Ch. 90, L. 1955; amd. Sec. 209, Ch. 350, L. 1974; amd. Sec. 6, Ch. 135, L. 1975.

Amendments

The 1974 amendment substituted "board" for "state board of veterinary medical examiners" in subsection (1); inserted "authorize the department to" before "issue a license" in subsection (1); substituted "department" for references to the board and secretary of the board in subsections (3) through (5); and made minor changes in phraseology, punctuation and style.

The 1975 amendment increased the registration and restoration fees from a maximum of \$10 to a maximum of \$25; added "and the presentation of evidence satisfactory to the board that the licensee, in the year preceding the application for renewal, attended an educational program approved by the board" to the end of the second sentence of subsection (3); inserted the third sentence of subsection (3); and added "and by presentation of evidence * * * recited above" to the end of the next-to-last sentence of subsection (3).

66-2208. (3224) Display of license and certificate—arrangement with other boards. (1) A person may not practice veterinary medicine in this state without possessing and displaying prominently in his principal office a license and a current and valid certificate of registration issued under this act.

(2) The board may make arrangement with similar boards in the several states in so far as practicable, whereby due credit for state and territorial licenses may be allowed in this state to the licensees of these

boards who desire to secure a license to practice veterinary medicine in this state, and by which licensees of the board in this state may secure credit for license issued by this board, when the licensees desire to secure a license to practice in another state or territory. No arrangement may be made under this section which may lower the standard of practice of veterinary medicine in this state. The board may, if necessary, require an examination of applicants for a license from other states after a careful consideration of the credentials from these states. The board shall establish methods and procedures for investigation of applicants for a license by reciprocity. No license may be issued as a result of reciprocity between the states to an applicant unless he has been lawfully and continuously in practice as a licensed veterinarian for at least one (1) year in the state from which he applies immediately preceding the date of his application for a license to practice in this state.

History: En. Sec. 8, Ch. 82, L. 1913; re-en. Sec. 3224, E. C. M. 1921; amd. Sec. 6, Ch. 90, L. 1955; amd. Sec. 210, Ch. 350, L. 1974.

(b) Uses words, titles, or letters in this connection or on a display or advertisement or under circumstances so as to induce the belief the person using them is engaged in the practice of veterinary medicine. This use is prima facie evidence of the intention to represent oneself as engaged in the practice of veterinary medicine in any of its branches.

(c) Diagnoses, prescribes, or administers a drug, medicine, appliance, application, or treatment of whatever nature, or performs a surgical operation or manipulation, for the prevention, cure, or relief of a pain, deformity, wound, fracture, bodily injury, physical condition, or disease of animals.

(f) Performs acupuncture or ova or embryo transfer on animals.

(g) Instructs others except those covered under the provisions of section 66-2211, subsection (7) for compensation in any manner how to perform any acts which constitute the practice of veterinary medicine.

(2) A person may not practice veterinary medicine or veterinary surgery in this state unless licensed, and registered as required by this chapter; nor may a person practice veterinary medicine or surgery whose authority to practice is suspended or revoked by the board.

History: En. Sec. 9, Ch. 82, L. 1913; re-en. Sec. 3225, R. C. M. 1921; amd. Sec. 7, Ch. 90, L. 1955; amd. Sec. 1, Ch. 191, L. 1965; amd. Sec. 211, Ch. 350, L. 1974; amd. Sec. 7, Ch. 135, L. 1975.

(4) A veterinarian residing on a border of a neighboring state and authorized under the laws thereof to practice veterinary medicine therein, who is actually called to attend cases in this state, but who does not open an office or appoint a place to meet patients or receive calls in this state, if veterinarians licensed and registered in this state are extended a like privilege to engage in the practice of veterinary medicine to the same extent in the neighboring state.

(5) The employment of veterinary medical students who have successfully completed three (3) years of the professional curriculum in veterinary medicine at a college having educational standards equal to those approved by the American veterinary medical association and authorized by law to confer degrees as assistants to veterinarians licensed and registered under this chapter. However, this employment may not be contracted for or entered into except after written application for approval directed to the board and the written grant of approval by the board. This employment may not be for a period in excess of six (6) months from the date of completion of the third year of study.

(6) The operations known and designated as castrating or dehorning of cattle, sheep, horses, and swine are not the practice of veterinary medicine within the meaning of this chapter.

(8) This chapter does not prohibit the selling of veterinary remedies and instruments by a registered pharmacist at his regular place of business.

66-2213. Veterinary technicians—definitions—examinations. (1) The board of veterinarians may also issue to qualified applicants licenses for

the practice of veterinary technology, to be known as veterinary technicians.

(2) As used in this act:

(a) "Veterinary technician" means a person determined by the board to be qualified by education and training to provide limited veterinary services under the direct supervision of a licensed veterinarian who shall be responsible for the performance of that technician; provided, however, that nothing in this act permits the board or any licensed veterinarian to delegate any of the following duties or functions:

- (i) diagnosis;
- (ii) prognosis;
- (iii) prescription; or
- (iv) surgery.

(b) "Direct supervision" means an order by the supervising licensed veterinarian to the veterinary technician, with notice to the client, to perform a specific function for that client within the veterinarian's routine practice, with a follow-up by the veterinarian to evaluate and determine the quality and effectiveness of the function performed and with all billing for such services to be made by the veterinarian.

(3) Each candidate for examination as a veterinary technician shall file in his full name an application for examination with the board at least thirty (30) days before the date set by the board for the commencement of the examination and at the time of making the application shall pay the board a fee of twenty-five dollars (\$25). The applicant shall furnish satisfactory proof that he is of good moral character and has earned a diploma or certificate from a school of veterinary technology offering a course of study recognized and approved by the board of veterinarians, as well as such other information as may be required by the board.

(4) The board shall adopt uniform rules within the limitations of this act, governing the matter of examinations for license to practice veterinary technology in the state of Montana, which examinations shall be open to any applicant meeting the requirements of this act, and shall also provide in such rules for giving reasonable notice of the time and place where examinations shall be held.

(5) A person who can produce satisfactory evidence that he has been employed as a veterinary technician in the office of a regularly licensed veterinarian in the state of Montana for two (2) or more years prior to the passage of this act, may, upon payment of a fee of twenty-five dollars (\$25), be granted a certificate to practice by the board of veterinarians; provided that if the board in its discretion finds that animal health and the public interest so require, the board may require the applicant to pass a practical examination in veterinary technology. A certificate must be secured before such person may continue practice as a veterinary technician.

(6) Each applicant who passes the examination prescribed by the board shall be granted a license as a veterinary technician and shall be registered as such in a record kept by the board, and shall receive a certificate in a form to be prescribed by the board.

(7) A licensed veterinary technician may practice in the office of and under the direct supervision of a legally licensed and actively practicing veterinarian or in a department of state government in which a legally licensed veterinarian is present to exercise direct supervision.

(8) Each licensed veterinary technician shall annually, on or before July 1, procure from the board a certificate of annual registration. The fee for annual registration shall be fixed by the board, not exceeding the sum of ten dollars (\$10). Failure of a licensee to procure a certificate of registration on or before July 1 shall constitute a forfeiture of the license.

(9) Each licensed veterinary technician shall keep the board informed of his address, the name and address of the licensed veterinarian or of the state department which is his employer, and such other information as the board may by rule require.

this state at the time the certificate was issued, may, upon application, be registered without further examination.

A person holding a certificate of qualification issued by the committee on national engineering certification of the national council of engineering examiners, whose qualifications meet the requirements of this act, may upon application, be registered without further examination.

(ii) Engineering—graduation—experience—examination. A graduate of an engineering curriculum of four (4) years or more approved by the board as being of satisfactory standing, and with a specific record of an additional four (4) years or more of progressive experience on engineering projects of a grade and character which indicates to the board that the applicant may be competent to practice engineering, shall be admitted to an eight-hour written examination in the fundamentals of engineering, and an eight-hour written examination in the principles and practices of engineering. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(iii) Engineering-related graduation — experience — examination. Upon passing such examination, the applicant shall be granted a certificate of registration to practice engineering in this state, provided he is otherwise qualified.

(v) Temporary qualifications. A specific record of eight (8) years or more experience in engineering work of a character satisfactory to the board, and successfully passing a written or written and oral examination designated to show that the applicant is competent to practice engineering. This requirement will automatically expire four (4) years from the effective date of this act.

(vi) Engineering teaching in a college or university offering an approved engineering curriculum of four (4) years or more, may be considered as engineering experience in these requirements provided research, product development, or consulting has been a concurrent activity.

(b) As an engineer-in-training. The following shall be considered as minimum evidence that the applicant is qualified for certification as an engineer-in-training:

(i) Graduation and examination. A graduate of an engineering curriculum of four (4) years or more, approved by the board as being of satisfactory standing, shall be admitted to an eight-hour written examination in the fundamentals of engineering. Upon passing such examination, the applicant shall be certified or enrolled as an engineer-in-training if he is otherwise qualified.

(ii) Graduation—experience—examination. A graduate of an engineering or related science curriculum of four (4) years or more, other than the ones approved by the board as being satisfactory standing, and with a specific record of four (4) or more years of progressive experience on engineering projects of a grade and character, satisfactory to the board, shall be admitted to an eight-hour written examination in the fundamentals of engineering. Upon passing such examination, the applicant shall be certified or enrolled as an engineer-in-training, if he is otherwise qualified.

(2) Land surveying. To be eligible for admission to examination for land surveyor or land surveyor-in-training, an applicant must be of good character and reputation and shall submit five (5) references with his application for registration as a land surveyor, three (3) of which references shall be registered land surveyors having personal knowledge of his land surveying experience; or in the case of an application for certification as a land surveyor-in-training, by three (3) references, one of whom shall be a registered land surveyor having personal knowledge of the applicant's land surveying experience.

The evaluation of a land surveyor applicant's qualifications involves a consideration of his education, technical, and land surveying experience, exhibits of land surveying projects of which he has been in charge, recommendations by references, and a reviewing of these categories. An interview may be held at the board's discretion. Educational credit for institute courses, correspondence courses, etc., shall be determined by the board.

One of the following shall be considered as minimum evidence to the board that the applicant is qualified for registration as a land surveyor, or for certification as a land surveyor-in-training, respectively:

(a) As a land surveyor:

A person holding a certificate of registration to engage in the practice of land surveying issued or comparable qualifications from a state, territory, or possession of the United States, will be given comity consideration. However, he may be asked to take such examinations as the board deems necessary to determine his qualifications, but in any event, he shall be required to pass a written examination of not less than eight-hours duration, which shall include questions on laws, procedures, and practices pertaining to the practice of land surveying in this state.

(iv) Temporary qualifications. A specific record of six (6) years or more experience in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to practice land surveying, and successfully passing a written, or written and oral examination in land surveying prescribed by the board. (2) Written examinations may be taken only after the applicant has met the other minimum requirements as given in section 66-2357 and has been approved by the board for admission to the examinations as follows:

(a) **Engineering fundamentals.** Consists of an eight-hour examination on the fundamentals of engineering. Passing the examination qualifies the examinee for an engineer-in-training certificate, provided he has met all other requirements for certification required by this act.

(b) **Principles—practice of engineering.** Consists of an eight-hour examination on applied engineering. Passing this examination qualifies the examinee for registration as a professional engineer, provided he has met the other requirements for registration required by this act.

(c) Land surveyor-in-training. Consists of two (2) four-hour examinations designated as parts I and II, on the basic disciplines of land surveying. Passing these examinations qualifies the examinee for a land surveyor-in-training certificate, provided he has met all other requirements for certificates required by this act.

(d) Land surveyor. Consists of being a land surveyor-in-training and of two (2) four-hour examinations designated as parts III and IV, on the applied disciplines of land surveying. 66-2360. Certificates of registration—seal. (1) The department shall issue to any applicant, who, in the opinion of the board, has met the requirements of this act, a certificate of registration giving the registrant proper authority to practice his profession and to assume responsible charge of engineering or land surveying projects in this state. The certificate of registration for a professional engineer shall carry the designation "professional engineer," and for a land surveyor, "land surveyor." It shall give the full name of the registrant with his serial number and shall be signed by the chairman and the secretary under the seal of the board.

(2) This certificate shall be prima facie evidence that the person named thereon is entitled to all rights, privileges, and responsibilities of a professional engineer or land surveyor, while the said certificate of registration remains unrevoked or unexpired.

(3) Each registrant hereunder may, upon registration, obtain a seal of a design authorized by the board, bearing the registrant's name, serial number, and the legend, "professional engineer" and/or "land surveyor." Plans, specifications, plats, and reports prepared by a registrant shall, when issued, be certified, signed, and stamped with the said seal or facsimile thereof. It shall be unlawful for a registrant to affix or permit his seal and signature or facsimile thereof to be affixed to any plans, specifications, plats, or reports after the expiration of a certificate or for the purpose of aiding or abetting any other person to evade or attempt to evade any provision of this act.

(4) The department shall issue to any applicant, who, in the opinion of the board, has met the requirements of this act, an enrollment card as engineer-in-training or land surveyor-in-training, which indicates that his name has been recorded as such in the board office. The engineer-in-training or land surveyor-in-training enrollment card does not authorize the holder to practice as a professional engineer or land surveyor.

This notice shall be mailed at least one (1) month in advance of the date of the expiration of the certificate. Renewal may be made during the month of December by the payment of a fee not to exceed twenty dollars (\$20) as set by the board for either a professional engineer or land surveyor or both. Failure on the part of a registrant to renew his certificate annually in the month of December does not deprive him of the right of renewal; however, a registrant who fails to pay the renewal fee for two (2) consecutive years shall be considered a new applicant and is required to submit a new application.

Compiler's Notes

This section was amended twice in 1975, once by Ch. 439 and once by Ch. 497. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

stituted "department" for "board of examiners of plumbers" and "board" in subsection (2); inserted "subject to section 82A-1603(4)" in the first sentence of subsection (2); and made minor changes in phraseology, punctuation and style.

66-2404. Application for license—information required—individual—firms or corporations. A person, firm, or corporation desiring to engage in or work in the field of plumbing, either as a master plumber or as a journeyman plumber, in this state, shall make application to the department by filing a written application stating his place of residence, age, experience, and the place where he has acquired his experience, and shall at a time and place designated by the board be examined as to his qualifications for a license. In the case of a firm or corporation, the examination and issuance of a license to an individual of the firm, or to a principal of the firm or corporation, satisfies the requirements of this act as to master plumbers, but not as to journeymen plumbers. No individual, firm or corporation may do the work of a master plumber unless licensed under this act.

A master plumber shall not allow his license to be used by any person, or

firm, corporation, or business other than his own, for the purpose of obtaining permits, or for doing plumbing work under his license.

A separate permit shall be obtained for each building or structure.

No person may allow any other person to do or cause to be done any work under a permit secured by the permittee except persons in his employ.

(2) No permit is required for any minor replacement or repair work, the performance of which does not have a significant potential for creating a condition hazardous to public health and safety. No permit is required where the installation is exempt under the provisions of section 66-2426 or 66-2401. Nothing contained in this act shall prohibit the owner of residential property from making an installation for all sanitary plumbing and potable water supply piping without a permit providing he does the work himself. The provisions of this act do not apply to regularly employed maintenance personnel doing maintenance work on the business premises of their employer unless work is subject to the permit provisions of this act.

(3) Persons required by this section to apply for a permit shall make application on forms provided by the board or authorized representative. He shall give a description of the character of the work proposed to be done, and the location, ownership, occupancy and use of the premises in connection therewith. The board of plumbers or its authorized representative may require sketches, specifications or drawings and such other information it deems necessary in order to determine the scope of the work contemplated.

If the board determines that the sketches, specifications, drawings, descriptions and information furnished by the applicant are in compliance with the state plumbing code, it shall issue the permit applied for upon payment of the required fee as established by the board.

(4) Any person who commences any work for which a permit is required without first obtaining a permit shall, if subsequently permitted to obtain a permit, pay double the permit fee for the work, except that this provision does not apply to emergency work when it is proved to the satisfaction of the board of plumbers or its authorized representative that the work was urgently necessary and that it was not practical to obtain a permit before the commencement of the work. In all such cases, a permit shall be obtained as soon as it is practical to do so, and if there is unreasonable delay in applying for the permit, a double fee shall be charged.

For the purpose of this section, a sanitary plumbing outlet on or to which a plumbing fixture or appliance may be set or attached shall be construed to be a fixture. Fees for reconnection and retest of plumbing systems in relocated buildings shall be based on the number of plumbing fixtures, gas systems, water heaters, and the like involved.

When a permit has been obtained to connect an existing building or existing work to the public sewer or to connect to a new private disposal facility, backfilling of private sewage disposal facilities abandoned consequent to the connection is included in the permit.

The board of plumbers shall establish permit fees in accordance with the Montana Administrative Procedure Act and the fees shall be deposited to the earmarked revenue fund of the board of plumbers for use in the administration and enforcement of this act and the Montana state plumbing code.

(5) All plumbing and drainage systems may be inspected by the board of plumbers or their authorized representative to ensure compliance with the requirements of the state plumbing code.

(6) It is the duty of the person doing work authorized by the permit to notify the board orally or in writing, that the work is ready for inspection. The notification shall be given not less than twenty-four (24) hours before the work is to be inspected.

It is the duty of the person doing the work authorized by the permit to ensure that the work performed before notification and after notification pending inspection complies with the state plumbing code.

(7) Whenever any work is being done contrary to the provisions of the state plumbing code, the board or its authorized representative may, after a hearing conducted under the provisions of the Montana Administrative Procedure Act, order work stopped by notice in writing served on any person engaged in the work.

(8) The board may suspend or revoke a permit, whenever it is issued in error or on the basis of incorrect information supplied, or work performed thereunder is in violation of any of the provisions of Title 66, chapter 24, R. C. M. 1947.

of the "Montana Water Well Contractor's License Act," was repealed by Sec. 363, Ch. 350, Laws of 1974.

66-2602. Purpose of the act. (1) It is the purpose of this act to reduce and minimize the waste of ground water resources within this state by reasonable regulation and licensing of drillers or makers of water wells in this state and to protect the health and general welfare by providing a means for the development of the natural resource of underground water in an orderly, sanitary, and reasonable manner. The reasonable regulation and licensing of drillers or makers of water wells is in the best interest of the public, and the waste of ground water resources through inefficient or incompetent operations of drillers or makers of water wells is prohibited. For the protection of the public and for the conservation of underground water resources, it is necessary that standards be set and maintained to ensure that competency in the drilling and making of water wells in this state is obtained.

If a licensee does not apply for renewal of his license before the first day of a license year, and remit to the department the renewal fee, he shall have his license suspended by the board; and, if the license remains suspended for a period of more than thirty (30) days after the first day of a license year, it shall be revoked by the board. However, the department, prior to this revocation, shall notify the licensee of the board's intention to revoke at least ten (10) days prior to the time set for action to be taken by the board on the license, by mailing notice to the licensee at the address appearing for the licensee in the records and files of the department. A license, once revoked, may not be reinstated unless it appears that an injustice has occurred indicating to the board that the licensee was not guilty of negligence or laches. A person whose license has been revoked, through his own fault, if he desires to engage in the business of water well drilling in this state, or contracting therefor, must apply under section 66-2606. Examinations may be oral, written, or both. The qualifications required by the board are: (a) familiar knowledge of ground water laws of this state and sanitary standards for water well drilling and construction of water wells; (b) knowledge of types of water well construction; (c) knowledge of types of drilling tools and their uses;

(d) knowledge of underground geology in its relation to well construction; (e) possession of adequate equipment by the applicant to complete satisfactory water wells under the standards of the board; (f) financial responsibility of the applicant; (g) successful completion of an examination given by the department; (h) the applicant must have completed a minimum of one (1) year apprenticeship under the direct supervision of a licensed water well contractor.

(2) The department shall give examinations at times and places the board determines. act, was repealed by Sec. 363, Ch. 350, Laws of 1974.

66-2802. Purpose. (1) The purpose of this act is to protect the health and safety of the people of this state from the danger of electrically caused shocks, fires, and explosions; to protect property from the hazard of electrically caused fires and explosions; to establish a procedure for determining

where and by whom electrical installations are to be made; to assure the public that persons making electrical installations are qualified; and to ensure that the electrical installations and electrical products made and sold in this state meet minimum safety standards. All installations in this state of wires and equipment to convey electric current and installations of apparatus to be operated by current, except as provided in section 66-2812, shall be made substantially in accord with the National Electrical Code, as approved by the American standards association, relating to this work as far as it covers fire and personal injury hazards, and as the National Electrical Code shall be amended. The standards as set forth in the National Electrical Code shall be prima facie evidence of minimum approved methods of construction for safety to life and property. The affirmative vote of a majority of all appointed members of the board shall be required to set any standards that are more stringent than those set forth in the National Electrical Code.

(2) Rules and standards relating to buildings and equipment covered by the state or a municipal building code are not effective until approved by the department of administration and filed with the secretary of state.

History: En. Sec. 2, Ch. 148, L. 1965; amd. Sec. 19, Ch. 366, L. 1969; amd. Sec. 1, Ch. 425, L. 1973; amd. Sec. 12, Ch. 226, L. 1974; amd. Sec. 269, Ch. 350, L. 1974.

Applicants for license as a master electrician shall file an application on forms prescribed by the board and furnished by the department together with the examination fee. The board shall, not less than thirty (30) days prior to a scheduled written examination, notify each applicant that the evidence submitted with his application is sufficient to qualify him to take the written examination or that the evidence is insufficient and is rejected. If the application is rejected the board shall set forth the reasons in the notice to the applicant, and shall authorize the department to return the applicant's examination fee. The place of examinations shall be designated by the board and examinations shall be held at least once a year and at other times as, in the opinion of the board, the number of applicants warrants.

(b) The written examination shall consist of at least thirty (30) questions designed to fairly test the applicant's knowledge and his technical application in the following subjects:

- (i) The National Electrical Code;
- (ii) Cost estimating for electrical installments;
- (iii) Procurement and handling of materials needed for electrical installations and repair;
- (iv) Reading of blueprints for electrical work;

- (vi) Knowledge of practical electrical theory.

(2) Journeyman electrician's license:

(a) An applicant for a journeyman electrician's license shall furnish written evidence that he has had at least four (4) years apprenticeship in the electrical trade or four (4) years practical experience in the wiring for, installing, and repairing of electrical apparatus and equipment for light, heat, and power. Applications for license and notice to the applicant shall be made and given as in the case of master electricians' licenses.

(b) The written examination for a journeyman's license shall consist of at least thirty (30) questions designed to fairly test the applicant's knowledge and the technical application thereof in the following subjects:

- (i) The Ohms law;
- (ii) The National Electrical Code;
- (iii) Layout and practical installation of electrical circuits.

(3) To ensure impartiality, the examination for either license shall be by numbers drawn by lot. A paper may not be marked with the name of an applicant but shall be anonymously graded by the department, subject to section 82A-1603. The examination passing grade is seventy-five per cent (75%). If it is determined that the applicant has passed the examination, the department, on payment by the applicant of the fee, shall issue to the applicant a license which authorizes him to engage in the business, trade, or calling of a journeyman electrician or master electrician. Each original license expires on July 15 which is at least one (1) year but not more than two (2) years subsequent to the date of issuance.

(4) Licenses of journeyman electricians or master electricians, unless they have been suspended or revoked by the board, shall be renewed for a period of one (1) year by the department on application for renewal made to the department prior to July 15 of the year in which the prior license expired and on the payment of an annual renewal fee. If application for renewal is not made prior to July 15, an additional fee of five dollars (\$5) shall be paid on account of the delinquency in renewal. All applications for renewal must be made prior to August 15 of that year, otherwise the license is forfeited, and the applicant is required to pass the examination and pay the fees required of applicants for original licenses.

Compiler's Notes

This section was amended twice in 1974, once by Ch. 321 and once by Ch. 350. Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

66-2906. Application and fees for license. (1) A person wishing to engage in the occupation of a masseur in this state shall make application to the department on the form and in the manner prescribed by the board, at least fifteen (15) days prior to a meeting of the board. Each applicant shall hold a diploma or credentials issued by a recognized, approved school of massage, certifying not less than one thousand (1,000) hours of study satisfactory to the school. Application shall be in writing and sworn to by some officer authorized to administer oaths, and shall recite the history of the applicant's educational qualifications, how long he has studied massage, from what school he holds a certificate, and the length of time he has engaged in the occupation of massage, accompanying this with proof by a diploma or certificate and with satisfactory evidence of good character and reputation.

(2) There shall be paid to the department, by an applicant for a license, a fee of thirty-five dollars (\$35) which shall accompany the application. An applicant failing to pass the requirements is entitled within six (6) months to a re-examination on payment of an additional fee of ten dollars (\$10), but on a third failure may not reapply for a period of one year.

History: En. Sec. 6, Ch. 302, L. 1967; amd. Sec. 4, Ch. 321, L. 1974; amd. Sec. 287, Ch. 350, L. 1974.

Compiler's Notes

This section was amended twice in 1974, once by Ch. 321 and once by Ch. 350. Neither amendatory act mentioned or entirely incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Chapter 350, Laws of 1974, inserted the subsection designations; deleted "after August 1, 1967, except those licensed under section 66-2905" in the first sentence of subsection (1) after "state"; substituted "department" in both subsections for

"board of massage examiners" and "secretary-treasurer of the state board of massage examiners"; deleted "through the secretary-treasurer thereof" in subsection (1) after "department"; and made minor changes in punctuation and phraseology.

66-2907. Examinations. (1) Examinations for licenses to engage in the occupation of massage shall be made by the department, subject to section 82A-1603, and according to the method considered by the board to be the most practicable and expeditious to test the applicant's qualifications.

Minimum requirements are a general average in the examination of seventy-five per cent (75%) in all subjects and not less than fifty per cent (50%) in any one (1) subject. In addition to the subjects as may be designated by the board, the examination shall include principles of sanitation and hygiene.

The board may, after hearing, deny, suspend, revoke or refuse to renew a license under this act to a person, otherwise qualified, who obtained the license by fraudulent representation, for incompetency in practice, for use of untruthful or improbable statements to patrons or in his advertisements, for habitual intoxication, for failure to renew, or for unprofessional and immoral conduct. The board may authorize the department to reissue a license after a lapse of not less than six (6) months, if in the board's judgment, the act or conditions of disqualification have been remedied. It is a violation of this act for a person engaged in the occupation of a masseur to advertise or assert as a licensee under this act that he diagnoses or treats a disease, injury, or illness.

History: En. Sec. 8, Ch. 302, L. 1967; amd. Sec. 5, Ch. 321, L. 1974; amd. Sec. 289, Ch. 350, L. 1974.

Any licensee who fails to renew on or before December 31 of each year shall be required to pay, in addition to the renewal fee, a late renewal fee, in an amount not to exceed ten dollars (\$10). (2) Develop and apply appropriate techniques, including examination and investigations, for determining whether individuals meet the standards.

(3) Authorize the department to register and issue licenses to individuals, after application of the techniques, determined to meet the standards, and for cause, after notice and hearing, revoke or suspend licenses previously issued if the individual holding the license is determined substantially to have failed to conform to the requirements of the standards. The board may, in its discretion, defer execution of its order of revocation or suspension for the purpose of permitting continuity of care for patients when the need for this continuity of care outweighs any harm or danger which might result from the failure of the nursing home administrator to be registered and licensed, resulting in the closure of a long-term care facility.

(4) Establish and implement procedures designed to ensure that individuals registered and licensed as nursing home administrators will, during the period that they serve, comply with the requirements of the standards.

(5) On receipt of a written and signed complaint, an investigation of the matter contained in the complaint shall be initiated, subject to sections 82A-1603 and 82A-1604. At its next meeting, the complaint shall be presented to the board together with the report of investigation and recommendations and on this basis, the board shall determine whether to bring charges and provide for a hearing.

(7) Conduct, or cause to be conducted, one or more courses of instruction and training sufficient to meet the requirements of this act, and make provisions for the conduct of these courses and their accessibility to residents of this state, unless it finds that there are a sufficient number of courses conducted by others within this state to meet the needs of the state. Compiler's Notes

This section was amended twice in 1974, once by Ch. 59, and once by Ch. 350. Neither amendatory act mentioned the other, but they almost entirely incorporated each other's changes. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Both Chapters 59 and 350, Laws of 1974,

substituted "department" for "board" near the beginning of subsections (1) and (4); substituted "Fees" at the beginning of subsection (4) for "All moneys"; deleted "state treasury to the credit of" in subsection (4) after "deposited in the"; added "subject to section 82A-1603(6)" to the end of subsection (4); and made minor changes in style, punctuation and phraseology.

Chapter 59, Laws of 1974, substituted the minimum and maximum fees in subdivision (1)(a) for a fixed \$25 fee; and substituted the examination fee description in subdivision (1)(b) for a \$10 fee.

66-3212. Confidential relationship between psychologist and client.

(1) The confidential relations and communications between a psychologist and his client shall be placed on the same basis as provided by law for those between an attorney and his client. Nothing in this act or any other shall be construed to require such privileged communications to be disclosed.

History: En. Sec. 12, Ch. 73, L. 1971.

Compiler's Notes

This section as enacted contained no subsection (2).

66-3213. Penalties for violation of act. (1) Any person who violates any of the provisions of this act shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six (6) months, or by a fine not exceeding five hundred dollars (\$500), or by both.

History: En. Sec. 13, Ch. 73, L. 1971.

Compiler's Notes

This section as enacted contained no subsection (2).

66-3214. Injunction of unlawful practice—restrictions on scope of practice. (1) The practice of psychology in any way other than as defined in this act may be enjoined by the district court on petition by the

board. In any such proceeding, it shall not be necessary to show that any person is individually injured by the actions complained of. If the respondent is found to have so practiced, the court shall enjoin him from so practicing unless and until he has been duly licensed. Procedure in such cases shall be the same as in any other injunction suit. The remedy by injunction hereby given is in addition to criminal prosecution and punishment.

(2) Nothing in this act shall be construed as permitting psychologists to prescribe drugs, perform surgery or administer electro-convulsive therapy.

History: En. Sec. 14, Ch. 73, L. 1971.

Separability Clause

Section 15 of Ch. 73, Laws 1971 read:
“(1) If any provision of this act, or the application thereof to any person or circumstances is held to be invalid, such in-

validity shall not affect any other provision or application of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.”

The time fixed for hearing shall be not less than thirty (30) days from the date of mailing the notice. The contested case procedures of the Montana Administrative Procedure Act (82-4201 to 82-4225) shall apply to the notice and hearing requirements of section 11 [66-3411] of this act, except that neither common law nor statutory rules of evidence need apply, but the board may make rules designed to exclude repetitive, redundant or irrelevant testimony.

If the evidence fails to establish to the satisfaction of the board that the licensee is then of good moral character and conduct or if not restored to good health or if the evidence shows he has practiced acupuncture in this state during the term of suspension, the board shall revoke the license at a hearing, the notice and procedure of which shall be as hereinabove provided, which revocation shall then be final and absolute.

L. 1975.

66-3908. Qualifications and requirements for licensure—reciprocity and waiver. (1) Application for examination for licensing a speech pathologist or audiologist shall be made upon forms prescribed by the board.

(2) Prior to July 1, 1976, the board shall license as a speech pathologist or audiologist any person who pays the prescribed fee, and who submits an

affidavit that he meets the current academic, supervised clinical practicum and post-classroom sponsored employment requirements of the ASHA.

(3) Prior to July 1, 1976, a provisional license may be issued to an individual who holds a bachelor's degree with a major in speech pathology or audiology, who has accumulated one hundred seventy-five (175) clock hours of clinical practicum, and who has worked in this state as a speech pathologist or audiologist for at least one (1) academic year. The provisionally licensed speech pathologist or audiologist must work under the direct supervision of a licensed or certified speech pathologist or audiologist. The extent to which direct supervision will be provided for the provisionally licensed speech pathologist or audiologist will be determined by the supervising clinician. Generally, the supervising speech pathologist or audiologist shall provide direct assistance to the provisionally licensed speech pathologist or audiologist at least four (4) days per month. Most of the contacts by the supervising speech pathologist or audiologist shall be in person, but other avenues of contact may be made. Those persons granted provisional licensure shall complete the academic, clinical practicum and examination requirements for licensure within six (6) years after the effective date of this act. Twelve (12) quarter-hour credits of additional professional training towards licensure qualifications or any other proposed educational plan that leads to the same goal as presented to and approved by the board, must be obtained every two (2) years for renewal of provisional licensure. Provisionally licensed speech pathologists or audiologists who have not attained appropriate eligibility status within six (6) years of the date of enactment, will no longer be eligible to practice speech pathology or audiology in the state of Montana, except for those persons granted certification under subsection (8) of this section, but may work as a speech pathology or audiology aide as defined in this act.

(4) After July 1, 1976, all applicants must meet all the requirements set forth in this act.

(5) The board may waive the examination described in this act for those qualified applicants who, on the effective date of this act, are actively engaged in the practice of speech pathology or audiology in this state, providing that they file a license application within one (1) year of the effective date of this act.

(6) The board shall waive the examination and grant a license to applicants who present proof of a current license in a state which has standards equivalent to or greater than those of this state.

(7) The board shall waive the examination and grant a license to those who hold the certificate of clinical competence of the American Speech and Hearing Association in the area for which they are applying for a license.

(8) The board shall, on presentation and documentation in writing by a petitioner have the prerogative of granting licensure to an individual who does not have all the formal requirements specified in this act. This prerogative shall be used only for unusual or special circumstances and shall be determined by the board in each individual case.

History: En. 66-3908 by Sec. 9, Ch. 543,
I.L. 1975.

66-3909. Examination. (1) Except as otherwise provided in this act, an applicant shall be examined for speech pathology or audiology by the board, and shall pay to the board, at least thirty (30) days prior to the date of the examination, the examination fee for each examination as prescribed by this act.

(2) The board shall examine by written examination given at least twice a year at a time and place and under such supervision as the board may determine. In addition an oral examination may be required by the board. Standards for acceptable performance shall be determined by the board.

(3) The board may waive the written examination for certification if the applicant has successfully passed the national examination in speech pathology or audiology.

(4) The board may examine or direct the applicant to be examined for knowledge in whatever theoretical or applied fields of speech pathology or audiology as it considers appropriate. It may also examine the candidate with regard to his professional skills and his judgment in the utilization of speech pathology or audiology techniques and methods.

(5) The department shall maintain a permanent record of all examination scores.

(6) The board shall keep an accurate transcript of the oral examination if any. Transcripts of oral examinations shall be retained by the board for at least one (1) year following the date of examination.

(7) A speech pathologist or audiologist who holds ASHA certification or equivalent or is licensed in another state and who has made application to the board for a license in this state, may perform activities and services of a speech pathology or audiology nature without a valid license pending disposition of application.

History: En. 66-3909 by Sec. 10, Ch. 543, L. 1975.

66-3910. Licensing. (1) The amount of fees prescribed in connection with a license as a speech pathologist or audiologist shall be as follows, the exact fee to be determined by the board each year based on costs and predicted expenditures:

(a) application and examination fee for a license, no less than fifty dollars (\$50) nor more than one hundred dollars (\$100);

(b) license fee, and renewal thereof, no less than twenty-five dollars (\$25) nor more than one hundred dollars (\$100).

(2) All moneys received by the department shall be deposited in the state treasury to the credit of the earmarked revenue fund for the use of the board and subject to section 82A-1603 (6).

(3) Each licensed speech pathologist or audiologist shall on or before July 31 of the year of expiration of his license pay to the board the fee for the renewal of his license.

(4) Renewal will be every two years beginning on July 1 of the appropriate year.

(5) A suspended license is subject to expiration and may be renewed as provided in this section, but such renewal does not entitle the licensee while the license remains suspended to engage in the licensed activity, or in any other activity or conduct which violates the order or judgment by which the license was suspended.

(6) A license revoked on disciplinary grounds is subject to expiration, and it may not be renewed. If it is reinstated after its expiration, the licensee, as a condition of reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last preceding regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of its revocation.

(7) A person who fails to renew his license within the four (4) years after its expiration may not renew it, and it may not be restored, reissued or reinstated thereafter; but such a person may reapply for and obtain a new license if he meets the requirements of the act.

(8) No license tax shall be imposed upon speech pathologists or audiologists by a municipality or any other subdivision of the state.

History: En. 66-3910 by Sec. 11, Ch. 543, L. 1975.

66-3911. Powers of board over licensees—unprofessional conduct defined. (1) The board may refuse to issue or renew a license, or may suspend or revoke the license of any licensee if he has been guilty of unprofessional conduct which has endangered or is likely to endanger the health, welfare, or safety of the public. Such unprofessional conduct includes, but is not limited to:

(a) obtaining a license by means of fraud, misrepresentation, or concealment of material facts;

(b) being found guilty of unprofessional conduct, or having violated ethical standards of practice established pursuant to this act;

(c) violating any lawful order or rule of the board;

(d) violating any provision of this act.

(2) Denial, suspension or revocation of a license is permissible only after a hearing and procedures which comply with all applicable requirements of the Montana Administrative Procedure Act.

(3) One year after denial, suspension, or revocation of a license, a person may reapply for a license. The board may in its discretion require an examination for reinstatement.

(4) Where an applicant or licensee has been convicted of a felony or a crime involving moral turpitude, the board may suspend or revoke his license, or may decline to issue a license when:

(a) the time for appeal has elapsed;

(b) the judgment of conviction has been affirmed on appeal;

(c) an order granting probation is made suspending the imposition of sentence.

History: En. 66-3911 by Sec. 12, Ch. 543, L. 1975.

CHAPTER 40—LICENSURE OF CRIMINAL OFFENDERS

Section

- 66-4001. Purpose.
- 66-4002. Intent and policy.
- 66-4003. Conviction not a sole basis for denial.
- 66-4004. Statement of reasons for denial.
- 66-4005. Licensure on completion of supervision.

66-4001. Purpose. It is the public policy of the legislature of the state of Montana to encourage and contribute to the rehabilitation of criminal offenders and to assist them in the assumption of the responsibilities of citizenship. The legislature finds that the public is best protected when such offenders are given the opportunity to secure employment or to engage in a meaningful occupation, while licensure must be conferred with prudence to protect the interests of the public.

History: En. 66-4001 by Sec. 1, Ch. 490, L. 1975.

Title of Act

An act to provide that a person con-

victed of a criminal offense who has served his sentence and is no longer under state supervision may be granted occupational licensure.

66-4002. Intent and policy. It is the intent of the legislature and the declared policy of the state that occupational licensure be granted or revoked as a police power of the state in its protection of the public health, safety and welfare.

History: En. 66-4002 by Sec. 2, Ch. 490, L. 1975.

66-4003. Conviction not a sole basis for denial. Criminal convictions shall not operate as an automatic bar to being licensed to enter any occupation in the state of Montana. No licensing authority shall refuse to license a person solely on the basis of a previous criminal conviction; provided, however, where a license applicant has been convicted of a criminal offense, and such criminal offense relates to the public health, welfare and safety as it applies to the occupation for which the license is sought, the licensing agency may, after investigation, find that the applicant so convicted has not been sufficiently rehabilitated as to warrant the public trust and deny the issuance of a license.

History: En. 66-4003 by Sec. 3, Ch. 490, L. 1975.

66-4004. Statement of reasons for denial. When a licensing agency prohibits an applicant from being licensed, wholly or partially on the basis of a criminal conviction, the agency shall state explicitly in writing the reasons for the decision.

History: En. 66-4004 by Sec. 4, Ch. 490,
L. 1975.

66-4005. Licensure on completion of supervision. Completion of probation or parole supervision, without any subsequent criminal conviction, shall be evidence of rehabilitation, provided, however, that the facts surrounding the situation that led to the probation or parole supervision may be considered as they relate to the occupation for which a license is sought and provided that nothing herein shall be construed to prohibit licensure of a person while he is under state supervision if the licensing agency finds insufficient evidence to preclude such licensure.

CHAPTER 2—DEFINITIONS AND NATURE OF PROPERTY

Section

- 67-205. Brands—recording—fees.

67-205. (6665.2) Brands—recording—fees. An owner or prospective owner of animals in restraint or captivity is entitled, by written subscribed statement, to adopt distinctive brands or tattoo marks, not including arabic numerals and not already in known use by others, for any of the animals and to have the distinctive brands and tattoo marks recorded in his name in the office of the department of livestock, on paying a recording fee of four dollars (\$4) for each brand and for each tattoo mark. The statements shall be recorded in a suitable book to be kept for that purpose by the department of livestock. The presence of the recorded brand or recorded tattoo marks on an animal is prima facie evidence of the ownership of the animal in the person, association, or corporation in whose name the brand or tattoo mark is recorded, subject always to the right to make a transfer of title, right, or interest in, or lien on the animal.

History: En. Sec. 2, Ch. 97, L. 1933;
amd. Sec. 196, Ch. 310, L. 1974.

Amendments

The 1974 amendment substituted “de-

partment of livestock” for “secretary of the livestock commission” in the first sentence and made minor changes in phraseology and punctuation.

67-208. (6668) Land.

Improvements on Land

Special assessments for flood control purposes under section 89-2330 are limited

to land, exclusive of improvements. In re West Great Falls Flood Control & Drainage Dist., 159 M 277, 496 P 2d 1143.

67-211. (6671) Appurtenances.

Water Rights

Water rights represented by the water stocks, the registered owner of which was the seller of land under contract for deed, were incidental and appurtenant to the land where water rights were beneficially

used on the land; contract for deed effectively conveyed beneficial ownership in water rights in absence of an express reservation or exception. Schwend v. Jones, — M —, 515 P 2d 89.

CHAPTER 3—OWNERSHIP OF PROPERTY AND INTERESTS THEREIN

67-305. (6677) When qualified.**Acquisition of Property**

Where family-owned dairy farm corporation sold its lessors' interest in half of its herd to third party who then leased cattle back to corporation, the corporation, to the extent of the lease agreement, continued to own the cattle and, as long

as operation of dairy farm was uninterrupted and not abandoned, there was no "acquisition" of the farm under milk control board regulations. *Medo-Land Dairies v. Montana Milk Control Board*, 157 M 215, 483 P 2d 705.

CHAPTER 6—SERVITUDES

Section

67-601. Servitudes attached to land.

67-602. Servitudes not attached to land.

67-609. [Transferred.]

67-601. (6749) Servitudes attached to land. The following land burdens, or servitudes upon land, may be attached to other land as incidents or appurtenances, and are then called easements:

1 to 17. * * * [Same as parent volume.]

18. The right of conserving open space to preserve park, recreational, historic, aesthetic, cultural, and natural values on or related to land.

History: En. Sec. 1250, Civ. C. 1895; re-en. Sec. 4507, Rev. C. 1907; re-en. Sec. 6749, R. C. M. 1921; amd. Sec. 16, Ch. 489, L. 1975. Cal. Civ. C. Sec. 801. Field Civ. C. Sec. 245.

Public Easement

A general clause in a deed stating that the grant is subject to easement for roads and ditches as now established and located upon or across premises, does not reserve an easement to the general public. *Wilson v. Chestnut*, — M —, 525 P 2d 24.

Amendments

The 1975 amendment added subdivision 18.

67-602. (6750) Servitudes not attached to land. The following land burdens, or servitudes upon land, may be granted and held, though not attached to land:

1 to 6. * * * [Same as parent volume.]

7. The right of conserving open space to preserve park, recreational, historic, aesthetic, cultural, and natural values on or related to land.

History: En. Sec. 1251, Civ. C. 1895; re-en. Sec. 4508, Rev. C. 1907; re-en. Sec. 6750, R. C. M. 1921; amd. Sec. 17, Ch. 489, L. 1975. Cal. Civ. C. Sec. 802. Based on Field Civ. C. Sec. 246.

Amendments

The 1975 amendment added subdivision 7.

67-606. (6754) Extent of servitudes.**Restrictive Covenant in Deed**

Road easement which had been purchased from former owners of a portion of subdivision with full knowledge that the building of the road would be in vio-

lation of the restrictive covenants of the subdivision, did not grant buyer the right to violate the covenants. *Sheridan v. Martinsen*, — M —, 523 P 2d 1392.

67-609. [Transferred.]**Compiler's Notes**

Section 15, Ch. 489, Laws of 1975 renumbered this section as sec. 62-617.

67-611. (6759) How extinguished.**Abandonment and Reconveyance of Easement**

Easement acquired for use of land as a public park adjoining highway was abandoned by state's abandonment of the high-

way and abandonment of its maintenance and dominion over the park area. *Park County Rod & Gun Club v. Department of Highways*, — M —, 517 P 2d 352.

CHAPTER 7—RIGHTS INCIDENTAL TO OWNERSHIP OF REAL PROPERTY

67-710. (6769) Terms of lease may be changed by notice.**Intent**

Intent of this section is to inform tenants of rent increase, not to gain jurisdiction over them. *Walker v. Tschache*, — M —, 510 P 2d 9.

Notice Served Upon Tenant

Notice requirement of this section did not mean jurisdictional service, and was fulfilled when landlord placed timely rent increase notices in addressed envelopes in tenants' mailboxes. *Walker v. Tschache*, — M —, 510 P 2d 9.

CHAPTER 8—OBLIGATIONS INCIDENTAL TO THE OWNERSHIP OF REAL PROPERTY—MONUMENTS AND FENCES

67-808. Restriction on liability to gratuitous licensee for recreation.**Government Licensee**

Notwithstanding that the agreement between power company and United States government used word "licensee," power company qualified as "landowner or tenant," as used in this section, since legal effect of instrument was to create lease; therefore, power company could properly use this section as an affirmative defense in personal injury action. *State ex rel. Tucker v. District Court*, 155 M 202, 468 P 2d 773.

Property

In action for personal injuries resulting from fall from private train being operated on defendant's property, trial court properly overruled plaintiff's motion to strike affirmative defense based on this section on ground that this section applies only to injuries caused by real estate, since, under section 19-103, "property," as used in this section, includes both real and personal property. *State ex rel. Tucker v. District Court*, 155 M 202, 468 P 2d 773.

CHAPTER 9—POWERS IN RELATION TO REAL PROPERTY

Section

67-903. Married persons.

67-904. Married persons.

67-903. (6800) Married persons. A married person may execute a power during marriage, without the concurrence of the spouse, unless otherwise prescribed by the terms of the power.

History: En. Sec. 1332, Civ. C. 1895; re-en. Sec. 4553, Rev. C. 1907; re-en. Sec. 6800, R. C. M. 1921; amd. Sec. 31, Ch. 535, L. 1975. Field Civ. C. Sec. 320.

Amendments

The 1975 amendment substituted "person" for "woman"; and substituted "the spouse" for "her husband."

67-904. (6801) Married persons. No power can be executed by a married woman before she attains her majority which could not be executed by a married man before he attains his majority.

History: En. Sec. 1333, Civ. C. 1895; re-en. Sec. 4554, Rev. C. 1907; re-en. Sec. 6801, R. C. M. 1921; amd. Sec. 32, Ch. 535, L. 1975. Based on Field Civ. C. Sec. 321.

Amendments

The 1975 amendment added "which could not be executed by a married man before he attains his majority."

CHAPTER 11—PERSONAL PROPERTY—KINDS—LAW GOVERNING

67-1103. (6805) Transfer and survivorship.**Joinder of Insurance Company**

The insured may prosecute an action for the full amount of the loss, or either the insured or the insurer may separately sue for his portion of the loss, and if the ac-

tion is instituted by either one alone, the defendant can compel joinder of the other or may waive joinder. *State ex rel. Slovak v. District Court*, — M —, 534 P 2d 850.

CHAPTER 12—ACQUISITION OF PROPERTY BY OCCUPANCY

67-1203. (6818) Prescription.**Easement by Prescription**

Since prescriptive easement must be by hostile or adverse use, no use of a road

with permission of the owner can ripen into prescriptive easement. *Wilson v. Chestnut*, — M —, 525 P 2d 24.

CHAPTER 15—ACQUISITION OF PROPERTY BY TRANSFER—
GRANTS AND THEIR INTERPRETATION**67-1511. (6845) Delivery to grantee is necessarily absolute.****Unconditional Delivery and Acceptance**

Informal written instrument, indicating that donor wished to pay money on demand but that it could be collected against his estate if not demanded or paid sooner, was unconditionally delivered and ac-

cepted when accepted by donee, even though no demand for payment was made during donor's lifetime. *Faith Lutheran Retirement Home v. Veis*, 156 M 38, 473 P 2d 503.

67-1512. (6846) Delivery in escrow.**Delivery to be Made upon Death of Grantor**

Where deeds had been delivered to grantor's attorney with written instructions for delivery to grantee after death of grantor, and the instructions contained

an acknowledgment signed by the grantor that such delivery placed the deeds out of the possession and control of the grantor, such delivery was sufficient to establish delivery in escrow. *Blackmer v. Blackmer*, — M —, 525 P 2d 559.

67-1516. (6850) Limitations—how controlled.**Granting Clause**

Granting clause which referred specifically to grantee's right to use the land as a public park constituted a clear and dis-

tinct limitation; interest conveyed was an easement. *Park County Rod & Gun Club v. Department of Highways*, — M —, 517 P 2d 352.

67-1523. (6857) Incidents.**Water Rights**

Water rights represented by the water stocks, the registered owner of which was the seller of land under contract for deed, were incidental and appurtenant to the land where water rights were beneficially

used on the land; contract for deed effectively conveyed beneficial ownership in water rights in absence of an express reservation or exception. *Schwend v. Jones*, — M —, 515 P 2d 89.

CHAPTER 16—TRANSFER OF REAL PROPERTY—METHOD AND EFFECT

Section

67-1602.1. Joint tenancy created by direct conveyance.

67-1603. Grant by married person—how acknowledged.

67-1602.1. Joint tenancy created by direct conveyance. A joint tenancy as to any interest in real property may be established by the owner thereof, by designating in the instrument of conveyance or transfer, the names of such joint tenants including his own, without the necessity of any transfer or conveyance to or through a third person.

All joint tenancies created in this manner prior to July 1, 1963, are sufficient in law to create a joint tenancy.

History: En. Sec. 1, Ch. 208, L. 1963; amd. Sec. 1, Ch. 9, L. 1971.

paragraph, validating all joint tenancies created by direct conveyance prior to July 1, 1963.

Amendments

The 1971 amendment added the second

67-1603. (6861) Grant by married person—how acknowledged. No estate in the real property of a married person passes by any grant purporting to be executed or acknowledged by such person, unless the grant or instrument is acknowledged by the grantor in the manner prescribed by sections 39-108 and 39-113.

History: En. Sec. 1502, Civ. C. 1895; re-en. Sec. 4614, Rev. C. 1907; re-en. Sec. 6861, R. C. M. 1921; amd. Sec. 33, Ch. 535, L. 1975. Cal. Civ. C. Sec. 1093. Based on Field Civ. C. Sec. 486.

Amendments

The 1975 amendment substituted "person" and "grantor" for references to a married woman.

67-1607. (6865) What easements pass with property.

Implied Easement

Ample room for alternative ingress and egress to contiguous county road precluded finding of implied easement on conveyance of part of a tract, in spite of permissive use of access road by several succeeding property owners for twenty-four years. Poepping v. Neil, 159 M 488, 499 P 2d 319.

Implied Reserved Easement of Necessity

Where all witnesses agreed that there was no visible sign of a roadway or path over defendant's property at the time

when plaintiff bought the adjoining property, and defendant still owned land over which he had access, there could have been no implied reserved easement for the roadway. Godfrey v. Pilon, — M —, 529 P 2d 1372.

Marking of Reserved Easement

Common grantor who sold land fronting on the road, could not later reserve an easement for construction of ingress road over land previously sold by placing a coffee can marker at the point where the ingress road was to be constructed. Godfrey v. Pilon, — M —, 529 P 2d 1372.

CHAPTER 17—TRANSFER OF PERSONAL PROPERTY—MODES OF TRANSFER

67-1706. (6882) Gifts defined.

Donative Intent

Evidence that donor was eighty-eight years of age, suffered from cerebral arteriosclerosis and was disoriented and forgetful, was more susceptible to suggestion than the average healthy person, that the donee was a close friend and blood relative of the donor, and that the donee had

written a letter suggesting that the donor put someone else's name on her savings account, was sufficient to void purported gift effected by transfer of donor's savings account to donor and donee jointly due to donor's mental incapacity to form the requisite intent. Patterson v. Halterman, — M —, 505 P 2d 905.

Amendments

The 1971 amendment reduced the age specified in subdivisions (a) and (m) from 21 to 18 years, and made minor changes in punctuation.

67-1804. Duties and powers of custodian. (a) to (c). * * * [Same as parent volume.]

The origin of co-ordinates is at the intersection of the meridian $109^{\circ} 30'$ west of Greenwich and the parallel $45^{\circ} 50'$ north latitude. This origin is given the co-ordinates: $x = 2,000,000$ feet and $y = 0$ feet.

The Montana Co-ordinate System, South Zone, is a Lambert conformal projection of the Clarke spheroid of 1866, having standard parallels at north latitudes $44^{\circ} 52'$ and $46^{\circ} 24'$, along which parallels the scale shall be exact. (2) inmates of state institutions who are allowed compensation for such service as they are able to perform;

(3) persons in state institutions principally for the purpose of training, but who receive compensation;

In either event, such person must thereupon pay to the retirement system the amount which he and his employer would have contributed had he not been so excluded plus interest which would have accumulated thereon. such receipt, members of any other retirement or pension system; provided, however, that where an employer has entered into a collective bargaining agreement which includes provisions for payments or contributions by the employer in lieu of wages to a retirement or pension plan qualified by the Internal Revenue Service for its employees, such employees shall remain eligible, if otherwise qualified, for membership in the retirement system, and the payments or contributions in lieu of wages shall not be deemed a part of the employee's compensation for purposes of computing the employer or employee contributions to the retirement system;

Compiler's Notes

This section was amended twice in 1975, once by Ch. 16 and once by Ch. 128. Neither amendatory act mentioned or included the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

The 1974 amendment added the proviso at the end of subdivision (8).

Chapter 16, Laws of 1975, added subdivision (12).

Chapter 128, Laws of 1975, substituted "except when such service qualifies, is applied for, and purchased pursuant to section 68-1605.1" near the beginning of subdivision (8) for "and no person shall receive such credit under any circumstances."

Effective Date

Section 2 of Ch. 16, Laws 1975 provided the act should be in effect on its passage and approval and applies to employees of the forty-fourth and subsequent legislatures. Approved February 21, 1975.

68-1603. Termination of membership. If any part of a member's accumulated normal contributions are refunded pursuant to section 68-1905, he ceases to be a member and all membership service to his credit is canceled. Any person who is retired ceases to be a member.

History: En. 68-1603 by Sec. 7, Ch. 323, L. 1973.

68-1604. Absence not included in time of service. Except as provided in section 68-1605 and 68-1606, time during which a member is absent from compensated employment with an employer shall not be allowed in computing service.

History: En. 68-1604 by Sec. 8, Ch. 323, L. 1973.

68-1605. Absence in military service. Any period of absence from compensated employment with an employer occurring either during a war involving the United States as a belligerent or in any other national emergency, and for ninety (90) days thereafter for one of the following reasons shall be considered as service, for the purpose of qualification for retirement and death benefits, but not for calculation of retirement benefits:

(1) by reason of having been ordered on duty with the armed forces of the United States;

(2) by reason of voluntary service in said forces or on ships operated by or for the United States government; or

(3) by reason of direct assignment to the department of war or defense for duties pursuant to the national defense efforts where a leave of absence has been granted by the employer.

Any member so absent shall have the right to contribute to the retirement system, either during his period of absence or upon his return to service, at times and in the manner fixed by the board of administration, amounts equal to the contribution which would have been made by him to the system on the basis of his compensation at the commencement of his absence. If he does so contribute he shall receive credit for service for such time in the same manner as if he had not been absent from service. Whenever a member elects to continue his contributions the employer shall thereupon contribute an amount equal to what its employer contributions would have been had the member not been absent from service.

Any member so absent shall lose the right to contribute under this section if all of his accumulated normal contributions are refunded pursuant to section 68-1905.

History: En. 68-1605 by Sec. 9, Ch. 323, L. 1973.

68-1605.1. Election to qualify military service for full credit. (1) A member with ten (10) years or more of state service qualified under this act may at any time prior to retirement make a written election with the board to qualify all or any portion of his active service in the armed forces of the United States for the purpose of calculating retirement benefits up to a maximum of five (5) years if he is not otherwise eligible to receive credit for this same service pursuant to section 68-1605. To qualify this service he must contribute to the retirement fund the amount determined by the board to be due based on his compensation and normal contribution rate as of his eleventh year and as many succeeding years as are required to qualify this service with interest from the date he becomes eligible for this benefit to the date he so contributes. He may not qualify more of this service than he has state service in excess of ten (10) years.

(2) If a member has retired from active duty in the armed forces of the United States with a normal service retirement benefit he may not qualify his military service under subsection (1) of this section; provided, however, that a member, who is serving or has served in the military reserves with the expectation of receiving a military service pension,

may qualify his active military service under subsection (1) of this section if his active duty in the armed forces of the United States is not more than twenty-five per cent (25%) of the total sum of all years of military service including reserve and active duty time.

section (1) designation; substituted "qualified under this act" for "credited under this act" near the beginning of subsection (1); and added subsection (2).

Amendments

The 1975 amendment inserted the sub-

68-1606. Absence due to illness or injury. Time during which a member is absent from service by reason of injury or illness determined within one (1) year after the end of such absence as arising out of and in the course of his employment shall be considered as spent in service for the purpose of qualification for retirement benefits or survivorship allowances, but not for the calculation of such benefits.

History: En. 68-1606 by Sec. 11, Ch. 323, L. 1973.

68-1607. Qualification of service with employer. (1) Subject to the provisions of this section, any person who has service with an employer which is not creditable service may convert all or a portion of such service to membership service by filing written notice thereof with the board of administration no later than July 1, 1975, provided that any such person who is not a member on July 1, 1974, may make such filing no later than one (1) year after subsequently becoming a member. In either event, such person must pay to the retirement system the sum of the amount which he and his employer would have contributed during the period of service so converted if the employer had then been an employer and the interest which would have accumulated thereon to the time of such payment; provided, that the employer may pay the employer's portion including accrued interest. The employer must establish a policy as to the retroactive employer contributions and apply this policy indiscriminately for all employees and former employees. All employee appeals of discrimination will be subject to the determination of the board of administration. All successful appeals will obligate the employer to pay the employer and employee contributions with accrued interest for that employee filing such appeal with the board of administration. Each appeal will be heard on its individual merits and will not bind the employer to pay all retroactive payments for all former and present employees.

(2) Payment may be made in one sum at the time of such filing or on an installment basis. Installment payments shall not exceed twenty-four (24) monthly payments. When the monthly payment, exceeds five per cent (5%) of compensation in the initial month of payment, the board of administration may allow smaller payments over a period to exceed twenty-four (24) months. Failure to make regular monthly payments in any month where the member receives his normal compensation shall thereafter, forfeit such person's right to make any further installment payments, unless permission is granted to do so by the board of administration.

History: En. 68-1607 by Sec. 12, Ch. 323, L. 1973; amd. Sec. 2, Ch. 190, L. 1974; amd. Sec. 3, Ch. 128, L. 1975.

Amendments

The 1974 amendment substituted the last three sentences for "except that failure to

make installment payments of at least ten per cent (10%) of compensation in any payroll period thereafter shall forfeit such person's right to make any further installments"; and made minor changes in phraseology and punctuation.

The 1975 amendment divided the section into subsections; substituted "an employ-

er" for "contracting employer" throughout the section; added the last four sentences of subsection (1); added "unless permission is granted to do so by the board of administration" to the end of subsection (2); and made minor changes in phraseology, punctuation and style.

68-1608. Qualification of prior service not previously credited. Credit for any prior service not previously granted shall be granted to a member upon his filing written notice thereof with the board of administration no later than July 1, 1975, provided, that any such person who is not a member on July 1, 1974, may make such filing no later than one (1) year after subsequently becoming a member and further provided he otherwise has not less than five (5) years of creditable service of which not less than three (3) years have been as a contributing member of the retirement system. Proper certification of such service must be furnished.

History: En. 68-1608 by Sec. 13, Ch. 323, L. 1973; amd. Sec. 4, Ch. 128, L. 1975.

Amendments

The 1975 amendment reduced the creditable service requirement from ten years to five years; and made a minor change in punctuation.

CHAPTER 17—CONTRACTS WITH POLITICAL SUBDIVISIONS—ELECTIONS

Section

- 68-1702. Request by individual employee for employer to participate.
- 68-1703. Conversion of local or state retirement plan.
- 68-1704. Tax levy to meet employer's obligations.

68-1701. Contracts with political subdivisions—election—ballot. Any municipal corporation, county or public agency in the state may become a contracting employer and make all or specified groups of its employees members of the retirement system by a contract entered into between the board and the legislative body of said contracting employer, subject to the provisions of this act. The contract may include any provisions which are consistent with this act and necessary in the administration of the retirement system as it affects the contracting employer and its employees. The approval and termination of the contract shall be subject to the following provisions, in addition to the other provisions of this act.

(1) The legislative body of the contracting employer shall adopt a resolution giving notice of intention to approve the contract and containing a summary of the major provisions of the retirement system. The contract shall not be approved unless the employees proposed to be included in the retirement system adopt the proposal by a majority affirmative vote in a secret ballot. The ballot at such election shall include the summary of the retirement system as set forth in the resolution. The election shall be conducted as prescribed by the legislative body of the contracting employer. Approval of the contract shall be by ordinance adopted by the affirmative vote of two-thirds (2/3) of the members of the legislative body, not less than twenty (20) days after the adoption

of the resolution or by an ordinance adopted by a majority vote of the electorate of the contracting employer voting thereon.

(2) The contract shall specify that all employees of the contracting employer or such groups of employees as agreed to between the board and the contracting employer shall become members. The groups of employees to be included shall be by departments, duties, age or other similar classifications and not by individual employees. The board shall have the right to disapprove any classification into groups if in its opinion said classification affects adversely the interest of the retirement system. Membership in the retirement system shall be compulsory for all employees included under the contract.

(3) The contract may be amended in the manner prescribed in this section for the original approval of contracts. Groups of excluded employees may be subsequently included by amendment.

History: En. 68-1701 by Sec. 14, Ch. 323, L. 1973.

Any employee who has continuously been, for a period of at least two (2) years, an employee of a municipal corporation, county or other public agency of this state which is not a contracting employer may advise the legislative body of his employer, in writing, that he wishes to participate in the retirement system. Within thirty (30) days after receipt of such written request, the legislative body shall thereupon adopt the resolution of intention and take such action as provided for in section 68-1701.

History: En. 68-1702 by Sec. 15, Ch. 323, L. 1973.

68-1703. Conversion of local or state retirement plan. Should the legislative body of any city, county or public agency having an existing retirement, pension or annuity fund or system, hereafter referred to as the local system, desire to make the members of the local system members of the public employees' retirement system, it may enter into a contract for that purpose with the board of administration in the manner provided in section 68-1701 provided, however, that the employees voting as provided in subsection (1) of section 68-1701 shall be limited to active members of the local system and approval shall require an affirmative vote of two-thirds (2/3) of such employees.

All active members of the local system shall become members of the retirement system and shall no longer be members of the local system. The pensions being paid to pensioners or annuitants of the local system on the effective date of the contract shall be continued and paid at their existing rates by the public employees' retirement system. The liability for such pensions shall be computed by the actuary and charged to the contracting employer. All cash and securities held by the local system shall be transferred to the retirement system as of the effective date of the contract and credited to the employer. The value of said securities shall be determined by the board of administration.

The trustees or other administrative head of the local system as of the effective date of the contract shall certify the proportion, if any, of the funds of the system that represents the accumulated contributions of the active members, and the relative shares of the members as of that date. Such shares shall be charged to the employer and credited to the respective individual accounts of such members in the public employees' retirement system and administered as if said contributions had been made during membership in the retirement system. Any excess of employer credits over charges under this section will be offset, with interest, against future required employer contributions. Any excess of employer charges over credits under this section shall be payable by the contracting employer, with interest, on a monthly basis as specified in the contract.

History: En. 68-1703 by Sec. 16, Ch. 323, L. 1973.

68-1704. Tax levy to meet employer's obligations. If the contributions required to the retirement system exceed the funds available to a contracting employer from general revenue sources, the contracting employer shall have authority to budget, levy and collect annually a special tax upon the assessable property of the contracting employer in the number of cents per one hundred dollars (\$100) of assessable property as will be sufficient to raise the amount estimated by the legislative body to be required to provide sufficient revenue to meet the obligation of the contracting employer to the retirement system. The rate of taxation may be in addition to the annual rate of taxation allowed by law to be levied by the contracting employer. Any person who is a member or beneficiary of the retirement system on account of the participation of the contracting employer shall have the right to maintain the appropriate action or proceeding to require performance of the duty imposed on the legislative body by this section.

If he makes this redeposit, his membership shall be the same as if unbroken by such last termination. Regardless of whether this redeposit is made, the documents held by the retirement system as executed by the member prior to termination of membership shall be held by the system for the same purposes as prior to termination, and beneficiaries nominated in the documents shall continue unchanged until changed as provided herein.

DECISIONS UNDER FORMER LAW

Incapacity Not Result of Employment

District court improperly reversed decision of board which refused relator's claim for an occupational disability retirement allowance based upon job-related disability caused by adverse working conditions and granted relator ordinary disability retirement allowance since district

court substituted its judgment for that of board and since "disease" as used in former section 68-901, did not include "personality disorders, anxiety reactions, or difficulties in getting along with one's superiors or fellow workers." State ex rel. Bailey v. Grande, 154 M 437, 465 P 2d 334.

An application may be filed on a member's behalf by the head of the office or department in which the member is or was last employed or by any other person on behalf of the member, or the board upon its own motion may make the application. Application must be made within four (4) full months after the member's discontinuance of service unless the member is disabled continuously from the date of discontinuance of service to the date of the application.

The retirement allowance payable to a member who has become disabled shall commence on the day following the member's last day of membership service.

(2) an annuity which is the actuarial equivalent of his accumulated normal contributions with normal interest to the day his retirement allowance commences;

(a) a pension which, together with the annuity provided under (2), shall make the retirement allowance equal to ninety per cent (90%) of one sixty-fifth ($1/65$) of his final compensation multiplied by his years of creditable service;

(1) The board may, at its pleasure, require the recipient of a retirement allowance because of disability to undergo medical examination. The examination shall be made by a physician or surgeon appointed by the board, at the place of residence of the recipient or another place mutually agreed upon. Upon the basis of the examination the board shall determine whether said recipient is unable, by reason of physical or mental incapacity, to perform either the duties of the position held by him when he was retired or the duties proposed to be assigned to him. If the board determines that said recipient is not so incapacitated or if the recipient refuses to submit to medical examination, his retirement allowance shall be canceled.

(2) Any person whose retirement allowance is so canceled shall be reinstated to the position held by him immediately before his retirement or to a position in the same classification with duties within his capacity, if he had been an employee of the state or of the university. If he had been an employee of a contracting employer, the board shall notify the proper official of the contracting employer that the retirement allowance has been canceled and that the former employee is eligible for reinstatement to duty. The fact that he was retired for disability shall not prejudice any right to reinstatement to duty which he may have or claim to have.

(3) If any person whose retirement allowance is so canceled is not re-employed in a position subject to the retirement system, his service

shall be deemed to be discontinued coincident with his retirement allowance for the purposes of section 68-1905.

The optional retirement allowance is a reduced amount payable during the member's lifetime with a subsequent benefit as follows:

(a) Option 1—a death benefit to the member's beneficiary equal to the excess, if any, of the member's accumulated contributions with regular interest to the day his retirement allowance commenced over the total of his retirement allowance payments.

(b) Option 2—a continuation of the reduced retirement allowance during the lifetime of his named contingent annuitant.

(c) Option 3—a continuation of one-half ($\frac{1}{2}$) of the reduced retirement allowance during the lifetime of his named contingent annuitant.

(d) Option 4—such other actuarially equivalent benefit as shall be approved by the board.

(2) Election of any optional retirement allowance shall be by written application filed prior to the first payment of the regular retirement allowance. The contingent annuitant named by the member must have an insurable interest in the life of the member.

(3) If either the member or his contingent annuitant should die before the member has received the first payment under option 2 or 3, the election of such option shall automatically be canceled.

(4) If a member dies after retirement and within thirty (30) days from the date his election or changed election of an optional retirement allowance is received by the board, then said election is void and of no effect, and the death shall be considered as that of a member before retirement.

History: En. 68-2203 by Sec. 40, Ch. 323, L. 1973; amd. Sec. 5, Ch. 190, L. 1974.

68-2204. Cancellation of retirement allowance upon re-employment.

(1) Any person receiving a retirement allowance who becomes an employee shall be considered reinstated from retirement and his retirement allowance shall be canceled. Upon subsequent retirement he shall be entitled to receive a recalculated benefit as provided in section 68-2003. Such recalculated benefit shall be based on his creditable service accumulated at the time of his previous retirement plus any creditable service accumulated subsequent to his re-employment. Except as otherwise expressly provided by law, he shall receive the benefit of provisions enacted subsequent to his initial retirement only if he accrues at least two (2) years of creditable service subsequent to his reinstatement and then only with respect to such creditable service.

(2) Any person receiving a service retirement allowance not as a beneficiary who is not eligible for membership may return to covered employment for a period not to exceed sixty (60) working days in any fiscal year. The retirement allowance of a retiree so employed will be reduced by any earnings in excess of the minimum wage per month on one dollar (\$1) for one dollar (\$1) basis.

69-1502. (2713) Qualifications of boiler inspectors. No person is eligible to hold the office of inspector of boilers and steam engines who has not had at least ten years of actual experience in the operation of steam engines, steam boilers, and steam machinery, and who has not held for at least three (3) years immediately preceding his appointment a first-class stationary engineer's license of the state of Montana, or who is directly or indirectly interested in the manufacture or sale of boilers or steam machinery, or any patented article required to be sold relating thereto.

Amendments

The 1971 amendment reduced the stationary engineer's license requirement from five years to three years.

69-1503. (2714) Inspection of boilers—boiler installations. (1) The inspector of boilers must inspect all boilers and steam generators before the same are used, and all persons who bring into this state, for operation in this state, any boiler or boilers must notify the division stating the number and kind of boilers, and where they are to be located and operated in this state, and must secure from the division a certificate of inspection before boilers are placed in operation, except in the case of new boilers, which must be inspected within ninety (90) days after they are put in use, and all boilers must be inspected at least once in every year, except boilers exempt under provisions of section 69-1515. Upon written application, longer inspection intervals may be authorized by the division. Any owner, operator or user who opens a boiler or boilers between inspections for repair or other reasons must notify the division of such action and such boiler or boilers shall at the discretion of the division be inspected by the state or special boiler inspector before the boiler or boilers may be placed back in operation. Any person failing to give notice to the division as herein provided, or who operates such boilers without a certificate from the division, shall be punished by a fine of not less than one hundred dollars (\$100) nor more than five hundred dollars (\$500) for each offense, or by imprisonment in the county jail for not less than thirty (30) nor more than ninety (90) days, or by both such fine and imprisonment.

(2) When necessary, the boiler inspector shall subject boilers, except those exempted by 69-1515, to hydrostatic pressure, which hydrostatic pressure shall not exceed one hundred fifty per cent (150%) of the steam pressure allowed on the boilers, providing there are no such leaks on such boilers which prevent the inspector from applying such hydrostatic pressure. And the inspector must satisfy himself by a thorough interior and exterior examination that the boilers are well-made

and of good and suitable material; that the openings for the passage of water and steam, respectively, and all pipes and tubes exposed to heat, are of the proper dimensions and free from obstructions; that the flues are circular in shape; that the fire line of the furnace is at least two (2) inches below prescribed minimum water line of the boilers; that the arrangements for delivering the feed water are such that the boilers cannot be injured thereby, and that such boilers and the steam connections may be safely employed without danger to life.

(3) New boiler installations. No boiler which does not conform to the rules adopted by the division governing new construction and installation shall be installed and operated in this state after twelve (12) months from the date upon which the first rules under this act pertaining to new construction and installation shall have become effective, unless the boiler is of special design or construction, and is not covered by the rules, nor is in any way inconsistent with such rules, in which case a special installation and operating permit may at its discretion be granted by the division.

69-1504. (2715) Inspection of boilers—further requirements in making inspection. (1) The inspector must also satisfy himself that the safety valves are of suitable relieving capacity ratings, sufficient in number and area, and properly arranged, and that the safety-valves are properly adjusted so as to allow no greater pressure in the boilers than the amount prescribed by the inspection certificate; that there are a sufficient number of gauge cocks properly inserted to indicate the amount of water, and suitable gauges that will correctly record the pressure of steam; and adequate and certain provisions for an ample supply of water to feed the boilers at all times, and that suitable means for blowing out are provided, so as to thoroughly remove mud and sediment from all parts of the boilers when they are under pressure of steam, and any renter, user, or owner of a boiler, or any person or persons who tamper with the safety valve to allow the boiler to carry greater pressure than is allowed by the inspection certificate, shall be deemed guilty of a misdemeanor.

(2) Where a boiler is constructed with lap horizontal seams on boiler, dome, or drum, a factor of four and one-half shall be used in determining the safe working pressure allowed on such boiler. But where the boilers are constructed with butt-strap horizontal seams, a factor

of four may be used in determining such safe working pressure. If boiler rests on side wall on lugs, or is hung by I-beams, or is in any way set up so that the weight of the boiler is pulling against the horizontal seam of rivets, a factor of five must be used to determine the safe working pressure allowed on boiler. Where the horizontal lap seams of boiler are exposed to the fire, a factor of five must be used to determine the safe working pressure to be allowed on such boiler. On stay bolts, if new, seven thousand five hundred pounds pressure per square inch shall be allowed. If such stay bolts are corroded or defective, the inspector must determine the pressure to be allowed on same. On braces made of solid material, eight thousand pounds pressure per square inch shall be allowed. On welded braces or braces with only one crow-foot, six thousand pounds pressure per square inch shall be allowed. No cast iron shall be used in the construction or reinforcements of any boiler where the pressure allowed on said boiler is more than one hundred pounds per square inch.

Amendments

The 1971 amendment substituted "suitable relieving capacity ratings" for "suitable dimension" near the beginning of subsection (1); substituted "safety valves

are properly adjusted" for "safety-valve weights are properly adjusted" in subsection (1); deleted a second paragraph of subsection (1), for text of which see parent volume; and deleted from subsection (2) a third sentence reading "But in any case the inspector may use a higher factor if the conditions are such as to warrant it."

69-1505. (2716) Inspection of boilers—material to be used. No boiler or steam pipe, nor any of the connections thereto, shall be approved which is made in whole or in part of bad material, or is unsafe from any cause. Nothing herein shall be construed to prevent the use of any boiler or steam generator which may not be constructed of riveted iron or steel plates, when the inspector has satisfactory evidence that such boiler or steam generator is equal in strength to and as safe from explosion as boilers of the best quality, constructed of iron or steel plates.

History: En. Sec. 556, Pol. C. 1895; re-en. Sec. 1645, Rev. C. 1907; re-en. Sec. 2716, R. C. M. 1921; amd. Sec. 5, Ch. 225, L. 1971.

Amendments

The 1971 amendment substituted "shall be approved" for "must be approved" in the first sentence.

69-1507. (2718) Duty of owner to permit inspection—division action—costs and expenses. It is the duty of the owners, engineers, or managers of steam or water boilers to allow the inspector free access to the same. In case the owner, operators, or manager of any boiler is notified by the inspector to have the boiler ready for inspection on a certain day, and fails to have such boiler ready for inspection at such time, the inspector shall notify the division to gain access to the boiler. Any person failing to immediately comply with division directed access to the boiler shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars, or by imprisonment in the county jail for not less than two months nor more than six months, or by both such fine and imprisonment.

The owner, engineer or manager of any boiler who has refused access resulting in a division order must pay all transportation and hotel expenses of the inspector who makes the inspection directed by such order, in addition to the inspection fee provided by law. It shall be the duty of the engineer operating any boiler or boilers to assist the inspectors in their examination of the same, and point out any defects known to him in the boilers or machinery under his charge. Any engineer not complying with this section shall have his license revoked or suspended.

No person shall be granted a license to operate steam or water boilers and steam machinery under the provisions of this article, who has not met the qualifications for licensing and found to be competent by examination to perform the duties of an engineer, and received a license so to act. Any person who operates any boiler or steam engine without first obtaining a license is guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than fifty dollars nor more than one hundred dollars, or by imprisonment in the county jail for not more than sixty days, or by both such fine and imprisonment.

Any alteration, change or false statement contained in the application for certificate of registration will render the certificate of number null and void. Upon receipt of the application in approved form the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the registrar of motor vehicles, stating the number awarded to the motorboat and the name and address of the owner. The number awarded must be painted on or attached to each outboard side of the forward half of the motorboat, or if there are no such sides, at a corresponding location on both outboard sides of the foredeck of the motorboat for which it is issued. The number awarded shall read from left to right, in Arabic numerals, in block characters of good proportion, a minimum of three (3) inches in height, excluding border or trim, and of a color which shall contrast with the color of the background, and so maintained as to be clearly visible and legible. No numerals, letters or devices other than those used in connection with the identifying number issued shall be placed in the proximity of the identifying number, and no numerals, letters or devices which might interfere with the ready identification of the motorboat by its identifying number shall be carried as to interfere with the motorboat's identification. The certificate of number shall be pocket size and shall be available to federal, state or local law enforcement officers at all reasonable times for inspection on the motorboat for which issued, whenever the motorboat is on waters of this state, except boat liveries are not required to have the certificate of number on board each motorboat, except that a rental agreement must be carried on board livery motorboats in place of the certificate of number.

(b) Before filing such application with the county treasurer, the applicant shall submit the same to the county assessor of said county and said county assessor shall enter on said application in a space to be provided for that purpose, the full and true and assessed valuation of said vehicle for the year for which said application for registration is made.

(1) A dealer or manufacturer may apply directly to the registrar of motor vehicles for one (1) identifying number and one (1) or more certificates of number. A dealer's or manufacturer's identifying number shall be displayed on a dealer's or manufacturer's boat while the boat is operating for a purpose related to the buying, selling, or exchanging of the boat by the dealer.

(2) The application for a dealer's or manufacturer's identifying number shall include the name of the dealer or manufacturer and the business address of the dealer or manufacturer. Each dealer or manufacturer shall have one (1) identifying number assigned to his business.

(3) An application for dealer's or manufacturer's identifying number and certificate of number shall be accompanied by the following fees:

(5) A dealer's or manufacturer's identifying number shall be displayed in the same manner as provided in section 69-3504 (a) of this act, except that the number may be temporarily attached, and that the last three (3) letters shall be "DLR" for dealer and "MFR" for manufacturer; these letters shall be included, respectively, in dealer or manufacturer identification numbers only.

(6) No person other than a dealer or manufacturer or an employee of a dealer or manufacturer shall display or use a dealer's or manufacturer's identifying number. A dealer's or manufacturer's identifying number may be displayed only on motorboats owned by the dealer or manufacturer.

(7) No dealer or manufacturer or employee of a dealer or manufacturer shall use a dealer's or manufacturer's identifying number for any purpose other than the purpose described in subsection (1) of this section.

Such transfer, loss, theft, destruction or abandonment shall terminate the certificate of number for the motorboat except that in the case of a recovery from theft, or transfer of a part interest which does not affect the owner's right to operate the motorboat, the recovery or transfer does not terminate the certificate of number.

(k) A holder of a certificate of number shall notify the county treasurer within reasonable time if his address no longer conforms to the address appearing on the certificate and shall, as a part of the notification, furnish the county treasurer with his new address. The registrar of motor vehicles may provide in its rules for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

(l) No number other than the number and license decal awarded to a motorboat or granted reciprocity under this act, shall be painted, attached or otherwise displayed on either side of the forward half of the motorboat.

(m) Fees collected under this section shall be transmitted to the state treasurer who shall deposit the fees in the motorboat certificate identification account of an earmarked revenue fund. These fees shall be used only for the administration and enforcement of sections 69-3501 through 69-3518.

(n) An owner of a motorboat must notify the registrar of motor vehicles, giving the motorboat's identifying number and the owner's name, within reasonable time, when that motorboat becomes documented as a vessel of the United States, is transferred, lost, destroyed, abandoned, frauded, or within sixty (60) days after change of state of principal use.

In this case, the licensee shall make written request to the board for a hearing within ten (10) days after notice of the grounds or charges has been received. If the board finds that the violations of this act do not constitute a danger to the public health and would produce a hardship without equal or greater benefit to the public, the board may grant an exception to the licensee for a period not to exceed one (1) year, during which time a license may not be denied the licensee nor may his license be canceled. Subsequent exceptions

may be granted the licensee, each for a period not to exceed one (1) year, and each after a hearing before the board.

History: En. Sec. 6, Ch. 313, L. 1967;

Amendments

The 1974 amendment deleted references to the director and provisions pertaining to his powers and duties as a hearing offi-

cer in subdivision (2); inserted "By rule" at the beginning of subdivision (4); deleted a listing of powers now assigned to the department by section 69-3909.1; and made changes in phraseology and punctuation.

69-3909.1. Powers of department. The department shall:

(1) Enforce orders issued by the board by appropriate administrative and judicial proceedings;

(2) Secure necessary scientific, technical, administrative, and operational service, including laboratory facilities, by contract or otherwise;

(3) Prepare and develop a comprehensive plan for the prevention, abatement, and control of air pollution in this state;

(4) Encourage voluntary co-operation by persons and affected groups to achieve the purposes of this act;

(5) Encourage local units of government to handle air pollution problems within their respective jurisdictions on a co-operative basis, and provide technical and consultative assistance for this. If local programs are financed with public funds, the department may contract with the local government to share the cost of the program. However, the state share may not exceed thirty per cent (30%) of the total cost.

(6) Encourage and conduct studies, investigations, and research relating to air contamination and air pollution and their causes, effects, prevention, abatement, and control;

(7) Determine by means of field studies and sampling the degree of air contamination and air pollution in the state;

(8) Make a continuing study of the effects of the emission of air contaminants from motor vehicles on the quality of the outdoor atmosphere of this state, and make recommendations to appropriate public and private bodies with respect to this.

(9) Collect and disseminate information and conduct educational and training programs relating to air contamination and air pollution;

(10) Advise, consult, contract, and co-operate with other agencies of the state, local governments, industries, other states, interstate and interlocal agencies, the United States, and any interested persons or groups;

(11) Consult, on request, with any person proposing to construct, install or otherwise acquire an air contaminant source or device or system for the control thereof, concerning the efficacy of this device or system, or the air pollution problems which may be related to the source, device, or system. Nothing in this consultation relieves a person from compliance with this act, rules in force under it, or any other provision of law.

(12) Accept, receive, and administer grants or other funds or gifts from public or private agencies including the United States, for the purpose of carrying out this act. Funds received under this section shall be deposited in the state treasury to the account of the department.

History: En. 69-3909.1 by Sec. 18, Ch. 349, L. 1974.

69-3911. Permits. (1) The board may, by rule or regulations, prohibit the construction, installation, alteration, or use of any machine, equipment, device or facility which it finds may directly or indirectly cause or contribute to air pollution or which is intended primarily to prevent or control the emission of air pollutants, unless a permit therefor has been obtained from it.

(2) Not later than one hundred eighty (180) days prior to the time that construction begins and not later than one hundred twenty (120) days prior to the time that installation, alteration or use commences, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(3) Notwithstanding anything contained in subsection (2), the department may, for good cause shown, waive the provisions of subsection (2) or shorten the time required for filing the appropriate applications.

(4) The department shall require that applications for permits be accompanied by any plans, specifications, and other information it deems necessary.

(5) An application is not considered filed until the applicant has submitted all information and completed all application forms required by subsections (2), (3), and (4). However, if the department fails to notify the applicant in writing within thirty (30) days after the purported filing of an application that the application is incomplete and fails to list the reasons

why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(6) The department shall provide for the issuance, suspension, revocation, and renewal of any permits issued under this section.

(7) Where an application for a permit requires the compilation of an environmental impact statement under the Montana Environmental Policy Act, the department shall notify the applicant, within one hundred eighty (180) days of the receipt of a filed application as defined in subsection (5), in writing, of the approval or denial of the application. However, where an application does not require the compilation of an environmental impact statement, the department shall notify the applicant within sixty (60) days of the receipt of a filed application, as defined in subsection (5), in writing, of the approval or denial of the application.

(8) When the department approves or denies the application for a permit under this section, any person or persons who is jointly or severally adversely affected by the department's decision may request, within fifteen (15) days after the department renders its decision, upon affidavit, setting forth the grounds therefor, a hearing before the board. A hearing shall be held under the provisions of the Montana Administrative Procedure Act. The department's decision on the application is not final unless fifteen (15) days have elapsed and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board.

History: En. Sec. 8, Ch. 313, L. 1967; amd. Sec. 1, Ch. 185, L. 1975.

Amendments

The 1975 amendment inserted "construction" before "installation" in subsection (1); substituted "facility" for "other article" in subsection (1); inserted "directly or indirectly" before "cause or contribute" in subsection (1); inserted subsections (2), (3), (5), (7) and (8); redesignated

former subsections (2) and (3) as subsections (4) and (6); substituted "department" for "board" in subsections (4) and (6); deleted a former subsection (4) which required the board to act upon an application within ninety days; substituted "shall require" for "may require" in subsection (4); and made minor changes in phraseology, punctuation and style. For prior version, see parent volume.

69-3912. Inspections. (1) The department may enter and inspect, at any reasonable time, any property, premises, or place, except a private residence, on or at which an air contaminant source is located or is being constructed or installed for the purpose of ascertaining the state of compliance with this act and rules in force under it.

(2) A person may not refuse entry or access to an authorized representative of the department when it requests entry for purposes of inspection, and who presents appropriate credentials. A person may not obstruct, hamper, or interfere with an inspection.

(3) At his request, the owner or operator of the premises shall receive a report setting forth all facts found which relate to compliance status.

History: En. Sec. 9, Ch. 313, L. 1967; amd. Sec. 19, Ch. 349, L. 1974.

Amendments

The 1974 amendment substituted "The department" for "Any duly authorized

officer, employee, or representative of the board" at the beginning of subsection (1); substituted "department" for "board" in the first sentence of subsection (2); and made minor changes in phraseology and punctuation.

69-3914. Enforcement. (1) When the department has reason to believe that a violation of this act or a rule made under it has occurred, it may cause written notice to be served on the alleged violator. The notice shall specify the provision of this act or rule alleged to be violated, and the facts alleged to constitute a violation, and may include an order to take necessary corrective action within a reasonable period of time stated in the order. The order becomes final unless, no later than thirty (30) days after the date the notice is received, the person named requests in writing a hearing before the board. On receipt of the request, the board shall hold a hearing.

(2) If, after a hearing held under subsection (1) of this section, the board finds that violations have occurred, it shall either affirm or modify an order previously issued, or issue an appropriate order for the prevention, abatement, or control of the emissions involved or for the taking of other corrective action it considers appropriate. If, after hearing on an order contained in a notice the board finds that no violation is occurring, it shall rescind the order. An order issued as part of a notice or after hearing may prescribe the date by which the violation shall cease and may prescribe time limits for particular action in preventing, abating, or controlling the emissions.

(3) Instead of issuing the order provided for in subsection (1) of this section, the department may either:

(a) Require that the alleged violators appear before the board for a hearing at a time and place specified in the notice, and answer the charges complained of; or

(b) Initiate action under section 69-3921.

(4) This chapter does not prevent the board or department from making efforts to obtain voluntary compliance through warning, conference, or any other appropriate means.

(5) In connection with a hearing held under this section, the board may, and on application by a party shall, compel the attendance of witnesses and the production of evidence on behalf of the parties.

History: En. Sec. 11, Ch. 313, L. 1967;
amd. Sec. 20, Ch. 349, L. 1974.

Amendments

The 1974 amendment substituted "department" for "board" in the first sen-

tence of subsection (1) and near the beginning of subsection (3); inserted "or department" after "board" in subsection (4); and made minor changes in phraseology and punctuation.

69-3915. Emergency procedure. (1) Any other law to the contrary notwithstanding, if the department finds that a generalized condition of air pollution exists and that it creates an emergency requiring immediate action to protect human health or safety, the department shall order persons causing or contributing to the air pollution to reduce or discontinue immediately the emission of air contaminants. Upon issuance of this order, the department shall fix a place and time, not later than twenty-four (24) hours thereafter, for a hearing to be held before the board. Not more than twenty-four (24) hours after the commencement of the hearing, and without adjournment, the board shall affirm, modify, or set aside the order of the department.

(2) In the absence of a generalized condition such as that referred to in subsection (1) of this section, if the department finds that emissions from the operation of one (1) or more air contaminant sources is causing imminent danger to human health or safety, it may order the person or persons responsible for the operation or operations in question to reduce or discontinue emissions immediately, without regard for section 69-3914. In this event, the requirements for hearing, and affirmance, modification, or setting aside of orders set forth in subsection (1) of this section apply.

(3) This section does not limit any power which the governor or any other officer may have to declare an emergency and act on the basis of this declaration, whether the power is conferred by statute, constitutional provisions, or inheres in the office.

History: En. Sec. 12, Ch. 313, L. 1967;
amd. Sec. 21, Ch. 349, L. 1974.

Amendments

The 1974 amendment substituted refer-

ences to "department" for references to "director" in subsections (1) and (2) and made minor changes in phraseology and punctuation.

69-3916. Variances—filing fees. (1) to (3) * * * [Same as parent volume.]

(4) An exemption, partial exemption or renewal thereof shall not be a right of the applicant or holder thereof but shall be in the discretion of the board. However, any person adversely affected by an exemption, partial exemption or renewal granted by the board may obtain judicial review thereof as provided by section 14 [69-3917] of this act.

(5) Nothing in this section and no exemption, partial exemption or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of section 12 [69-3915] of this act to any person or his property.

(6) Any person who owns or is in control of any plant, building, structure, process or equipment (hereinafter called a facility) who applies to the board for an exemption or partial exemption or a renewal of an exemption or partial exemption from any rule governing the quality, nature, duration or extent of emissions of air pollutants shall submit with the application for variance a sum of not less than five hundred dollars (\$500) or two per cent (2%) of the cost of the equipment to bring the facility into compliance with the rule(s) for which a variance is sought, whichever is greater, but not to exceed eighty thousand dollars (\$80,000). The department shall prepare a statement of actual costs, and any funds in excess of this shall be returned to the applicant. The value of any fee in excess of five hundred dollars (\$500) shall be calculated by determining the cost of the equipment required to bring the facility into compliance with the rule(s) for which the variance is being sought. The person requesting the variance shall describe the facility in sufficient detail, with accompanying estimates of cost and verifying materials, to permit the department to determine, with reasonable accuracy, the sum of the fee which accompanied the request for variance. For a renewal of an exemption or partial exemption, if no public hearing is necessary, or no environmental impact statement is deemed necessary, or if no appreciable investigation of the renewal application is necessary by the department, the minimum filing fee shall apply or the fee

may be waived by the department. The filing fee shall be deposited in the earmarked revenue fund provided for in section 79-410. It is the intent of the legislature that the revenues derived from the filing fees shall be used by the department (a) to compile the information required for rendering a decision on the request, (b) to compile the information necessary for any environmental impact statements, (c) to offset the costs of a public hearing, printing, or mailing and (d) to carry out its other responsibilities under this chapter.

History: En. Sec. 13, Ch. 313, L. 1967;
amd. Sec. 1, Ch. 186, L. 1975.

Amendments

The 1975 amendment added subsection (6); and made minor changes in style.

69-3918. Confidentiality of records. (1) Records or other information concerning air contaminant sources which are furnished to or obtained by the board or department are a matter of public record and open to public use. However, any information unique to the owner or operator of an air contaminant source which would, if disclosed, reveal methods or processes entitled to protection as trade secrets, shall be maintained as confidential if so determined by a court of competent jurisdiction. The owner or operator shall file a declaratory judgment action to establish the existence of a trade secret, if he wishes such information to enjoy confidential status. The department shall be served in any such action, and may intervene as a party therein. Any trade secrets not intended to be public when submitted to the board or department shall be submitted in writing and clearly marked as confidential. However, emission data shall never be considered confidential for the purposes of this section.

(2) This section does not prevent the use of records or information by the board or department in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere, if the analyses or summaries do not identify an owner or operator or reveal information made otherwise confidential by this section.

History: En. Sec. 15, Ch. 313, L. 1967;
amd. Sec. 22, Ch. 349, L. 1974; amd. Sec.
1, Ch. 248, L. 1975.

Amendments

The 1974 amendment inserted "or department" after "board" in subsections (1) and (2) and made minor changes in phraseology and punctuation.

The 1975 amendment rewrote subsection (1) which read: "Records or other information concerning air contaminant sources

which are furnished to or obtained by the board or department, and which, as certified by the owner or operator, relate to production or sales figures or to processes or production unique to the owner or operator or which would tend to affect adversely his competitive position, are only for the confidential use of the board or department in the administration of this act, unless the owner expressly agrees to their publication or availability to the general public."

69-3919. Local air pollution control programs. (1) A municipality or county may establish a local air pollution control program on being petitioned by fifteen per cent (15%) of the qualified electors in its jurisdiction, and may thereafter administer in its jurisdiction the air pollution control program which:

(a) Provides by ordinance or local law for requirements compatible with, more stringent, or more extensive than those imposed by sections 69-3913, 69-3915 and 69-3916 and rules issued under these sections;

(b) Provides for the enforcement of these requirements by appropriate administrative and judicial process;

(c) Provides for administrative organization, staff, financial, and other resources necessary to effectively and efficiently carry out its program; and

(d) If the program is consistent with this act and is approved by the board after a public hearing conducted under section 69-3909.

(2) If the board finds that the location, character, or extent of particular concentrations of population, air contaminant sources, or geographic, topographic, or meteorological considerations, or any combination of these are such as to make impracticable the maintenance of appropriate levels of air quality without an areawide air pollution control program, the board may determine the boundaries within which the program is necessary and require it as the only acceptable alternative to direct state administration.

(3) If the board has reason to believe that an air pollution control program in force under this section is inadequate to prevent and control air pollution in the jurisdiction to which the program relates, or that the program is being administered in a manner inconsistent with this act, the board shall, on notice, conduct a hearing on the matter.

(4) If, after the hearing, the board determines that the program is inadequate to prevent and control air pollution in the jurisdiction to which it relates, or that it is not accomplishing the purposes of this act, it shall require that necessary corrective measures be taken within a reasonable time, not to exceed sixty (60) days.

(5) If the jurisdiction fails to take these measures within the time required, the department shall administer within such jurisdiction all of the provisions of this act. The department's control program supersedes all municipal or county air pollution laws, rules, ordinances, and requirements in the affected jurisdiction. The cost of the program shall be a charge on the municipality or county.

(6) If the board finds that the control of a particular class of air contaminant source because of its complexity or magnitude is beyond the reasonable capability of the local jurisdiction or may be more efficiently and economically performed at the state level, it may direct the department to assume and retain control over that class of air contaminant source. No charge may be assessed against the jurisdiction therefor. Findings made under this subsection may be either on the basis of the nature of the sources involved or on the basis of their relationship to the size of the communities in which they are located.

(7) A jurisdiction in which the department administers its air pollution control program under subsection (5) of this section may with the approval of the board establish or resume an air pollution control program which meets the requirements of subsection (1) of this section.

(8) A municipality or county may administer all or part of its air pollution control program in co-operation with one (1) or more municipalities or counties of this state or of other states.

(1) The board may, by rule or regulation, prohibit the installation, alteration, or use of any machine, equipment, device or other article which it finds may cause or contribute to occupational disease or which is intended primarily to prevent or control occupational disease, unless a permit therefor has been obtained from it.

(2) The board may require that applications for such permits shall be accompanied by plans, specifications, and such other information as it deems necessary.

(3) The board shall provide for the issuance, suspension, revocation, and renewal of any permits which it may require pursuant to this section.

(4) If a permit is required, the board must decide within ninety (90) days after receiving application therefor, whether or not the permit will issue. If no decision is rendered within that time, permission shall be deemed to have been denied.

An order becomes final unless, no later than thirty (30) days after the date of notice is received, the person named requests in writing a hearing before the board. On receipt of a request, the board shall hold a hearing.

(2) If, after a hearing held under subsection (1) of this section, the board finds that a violation has occurred, it shall either affirm or modify an order previously issued, or issue an appropriate order for the prevention, abatement, or control of the emissions involved or for the taking of other corrective action it considers appropriate. If, after hearing on an order contained in a notice, the board finds that no violation is occurring, it shall rescind the order. An order issued as part of a notice or after hearing may prescribe the date by which the violation shall cease and may prescribe time limits for particular action in preventing, abating, or controlling the pollutant.

(3) Instead of issuing the order provided for in subsection (1) of this section, the board may either:

(a) Require that the alleged violator appear before it for a hearing at a time and place specified in a notice, and answer the charges complained of; or

(b) Initiate action under section 69-4221.

(4) This act does not prevent the board from making efforts to obtain voluntary compliance through warning, conference, or other appropriate means.

(1) Any other law to the contrary notwithstanding, if the department finds that a generalized hazard at a work place exists and that it creates an emergency requiring immediate action to protect human health, the department shall order persons causing or contributing to the hazard to reduce or discontinue immediately the emissions creating the hazard. Upon issuance of this order, the department shall fix a place and time, not later than seventy-two (72) hours thereafter, for a hearing to be held before the board. Not more than twenty-four (24) hours after the commencement of the hearing, and without adjournment, the board shall affirm, modify, or set aside the order of the department.

(2) In the absence of a generalized condition as that referred to in subsection (1) of this section, if the department finds that emissions from an operation are causing imminent danger to human health, it may order the person responsible for the operation in question to reduce or discontinue emissions immediately, without regard to section 69-4215. In this event, the requirements for hearing and affirmance, modification, or setting aside of orders provided in section 69-4215 apply.

(3) This section does not limit any power which the governor or any other officer may have to declare an emergency and act on the basis of the declaration, whether the power is conferred by statute, constitutional provisions, or inheres in the office.

The application shall be accompanied by such information and data as the board may require. The board may grant such exemption or partial exemption if it finds that:

(a) The emissions occurring or proposed to occur do not constitute an immediate danger to the health and safety of the worker.

(b) Compliance with the rules and regulations from which exemption is sought would produce hardship without equal or greater benefits to the worker.

(2) No exemption or partial exemption shall be granted pursuant to this section except after public hearing on due notice and until the board has considered the relative interests of the applicant, and the worker or workers involved.

(3) No exemption or partial exemption pursuant to this section shall be granted for a period to exceed one (1) year, but any such exemption

or partial exemption may be renewed for like periods if no complaint is made to the board on account thereof or if, such complaint having been made and duly considered at a public hearing held by the board on due notice, the board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty (60) days prior to the expiration of the exemption or partial exemption. Immediately prior to application for renewal the applicant shall give public notice of such application in accordance with rules and regulations of the board. Any renewal pursuant to this subsection shall be on the same grounds and subject to the same limitations and requirements as provided in subsection (a) of this section.

(4) An exemption, partial exemption or renewal thereof shall not be a right of the applicant or holder thereof but shall be in the discretion of the board. However, any person adversely affected by an exemption, partial exemption or renewal granted by the board may obtain judicial review thereof as provided by section 13 [69-4218] of this act.

(5) Nothing in this section and no exemption, partial exemption or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of section 11 [69-4216] of this act to any person or his property.

History: En. Sec. 12, Ch. 316, L. 1971.

69-4218. Hearings and judicial review. (1) No rule or amendment or repeal thereof shall take effect except after public hearing on due notice. Such notice shall be given by public advertisement not less than twenty (20) or more than thirty (30) days prior to the date set for the hearing.

(2) Nothing in this section requires a hearing prior to the issuance of an emergency order pursuant to section 69-4216.

(3) Any person aggrieved by any order of the board may apply for rehearing upon one (1) or more of the following grounds, and upon no other grounds:

(a) The board acted without or in excess of its powers.

(b) The order was procured by fraud.

(c) The order is contrary to the evidence.

(d) The applicant has discovered new evidence, material to him, which he could not, with reasonable diligence, have discovered and produced at the hearing.

(e) Competent evidence was excluded to the prejudice of the applicant. The petition must be in such form and filed in such time as the board shall prescribe.

the board or department, and which, as certified by the owner or operator, relate to production or sales figures or to processes or production unique to the owner or operator or which would tend to affect adversely his competitive position, are only for the confidential use of the board or department in the administration of this act, unless the owner expressly agrees to their publication or availability to the general public.

(2) This section does not prevent the use of records or information by the board or department in compiling or publishing analyses or summaries relating to the general condition at the work place, if the analyses or summaries do not identify an owner or operator or reveal information made otherwise confidential by this section.

The board shall approve any such application if it is consistent with this act and any other applicable requirements of law.

69-4221. Penalties. Each day of violation constitutes a separate offense.

(2) Proceedings under this section are not a bar to enforcement of this act, or of rules or orders made under it by injunction or other appropriate remedy. The department may institute and maintain in the name of the state these enforcement proceedings.

(3) This act does not abridge, limit, impair, create, enlarge, or otherwise affect substantively or procedurally the right of a person to damage or other relief on account of injury to persons or property and to maintain an action or other appropriate proceeding.

(4) Fines collected shall be deposited to the state general fund.

(iii) The rules shall provide that the department may revoke a permit if the department finds that the holder of the permit has violated its terms, unless the department also finds that the violation was accidental and unforeseeable and that the holder of the permit corrected the condition resulting in the violation as soon as was reasonably possible; and

(2) This act applies to only publicly owned treatment works on which construction was initiated after June 30, 1966, but before July 1, 1970.

(3) The department of health and environmental sciences shall promulgate rules for the use of the funds.

(4) Any funds appropriated shall in no case exceed twenty-five per cent (25%) of the total cost of the project.

History: En. Sec. 1, Ch. 122, L. 1973.

Title of Act

An act designating the department of health and environmental sciences as the agency to administer state funds to be

used for aiding local governments which were not entitled to state matching funds under the provisions of section 69-4808.1, R. C. M. 1947, for construction of water pollution control facilities.

69-4808.4. Rates and charges to meet costs of treatment works—use of funds—enforcement. (1) A municipality or other entities operating a sewage system may adopt a system of charges and rates to assure that each recipient of treatment works services within the municipality's jurisdiction or service area will pay its proportionate share of the costs of operation, maintenance, and replacement of any treatment works facilities or services provided by the municipality or other entities operating a sewage system.

(2) A municipality or other entities operating a sewage system may require industrial users of its treatment works to pay to the municipality or other entities operating a sewage system that portion of the cost of construction of the treatment works which is allocable to the treatment of such industrial user's wastes. The department of health and environmental

sciences may determine whether the payment required of the industrial user for the portion of the cost of the construction of the treatment works is properly allocable to the treatment of the industrial user's wastes.

(3) A municipality or other entities operating a sewage system may retain the amounts of the revenues derived from the payment of costs by industrial users of its treatment works services and expend such revenues, together with interest thereon, for:

(a) repayment to applicable agencies of government of any grants or loans made to the municipality or other entities operating a sewage system for construction of the treatment works; and

(b) future expansion and reconstruction of the treatment works; and

(c) other municipal purposes.

(4) A municipality or other entities operating sewage systems shall keep records, financial statements and books regarding its rates and charges and amounts collected on account of its treatment works and how such revenues are allocated. The department may inspect such records, financial statements and books, audit them, or cause them to be audited, at such intervals as deemed necessary.

(5) In the event a municipality or other entities operating sewage systems fails, neglects or refuses when required by the department to adopt the system of charges and rates authorized by this section, the board may adopt a system of charges and rates as provided for in subsection (1) of this section and collect, administer and apply such revenues for the purposes of subsection (3) of this section.

(6) In lieu of proceeding in the manner set forth in subsection (5) of this section, the department may institute proceedings at law or in equity to enforce compliance with, or restrain violations of this section.

Such order must specify the condition, limitation, standard or other requirement violated and must set a time for compliance. However, in establishing a time for compliance, the department shall take into account the seriousness of the violation and any good faith efforts that have been made to comply with the condition, limitation, standard or other requirement that has been violated. The compliance order issued under this section shall be personally served by an authorized representative of the department.

(3) The department is authorized to commence a civil action seeking appropriate relief, including a permanent or temporary injunction, for any violation which would be subject to a compliance order under subsection (2) of this section. Any action under this subsection may be commenced in the district court of any county in which the defendant is located or resides or is doing business, and the court shall have jurisdiction to restrain such violation and to require compliance.

(3) The attorney general shall represent the board if requested, or the department may appoint special counsel for the proceedings, subject to the approval of the attorney general.

(4) The initiation of an action for review or the taking of an appeal does not stay the effectiveness of any order of the board, unless the court finds that there is probable cause to believe:

(a) That refusal to grant a stay will cause serious harm to the affected party, and

(b) That any violation found by the board:

(i) Will not continue, or

(ii) If it does continue, any harmful effects on state waters will be remedied immediately on the cessation of the violation.

(5) If a court does not stay the effectiveness of an order of the board, it may enforce compliance with that order by issuing a temporary restraining order or an injunction at the request of the board.

However, any information unique to the owner or operator of a source of pollution which would, if disclosed, reveal methods or processes entitled to protection as trade secrets, shall be maintained as confidential if so determined by a court of competent jurisdiction. The owner or operator shall file a declaratory judgment action to establish the existence of a trade secret, if he wishes such information to enjoy confidential status. The department shall be served in any such action, and may intervene as a party therein. Any information not intended to be public when submitted to the board or department shall be submitted in writing and clearly marked as confidential. The data describing physical and chemical characteristics of a waste discharged to state waters shall not be considered confidential. The board may use any information in compiling or publishing analyses or summaries relating to water pollution, if such analyses or summaries do not identify any owner or operator of a source of pollution or reveal any information which is otherwise made confidential by this section.

History: En. Sec. 16, Ch. 21, L. 1971; amd. Sec. 10, Ch. 455, L. 1975.

Following an initial conviction under this subsection, subsequent convictions shall subject a person to a fine of not more than fifty thousand dollars (\$50,000) per day of violation, or imprisonment for not more than two (2) years, or both.

(3) Action under subsection (1) of this section does not bar enforcement of this chapter or of rules or orders issued under it by injunction or other appropriate remedy. The department shall institute and maintain any enforcement proceedings in the name of the state.

(4) A purpose of this chapter is to provide additional and cumulative

remedies to prevent, abate, and control the pollution of state waters. This chapter does not abridge or alter rights of action or remedies in equity or under the common law or statutory law, criminal or civil, nor does this chapter or an act done under it estop the state or a municipality or person as owners of water rights or otherwise in the exercise of their rights in equity or under the common law or statutory law to suppress nuisances or to abate pollution.

(5) Fines collected shall be deposited to the state general fund.

Notwithstanding any other provisions of this chapter, if the department finds that a person is committing or is about to commit an act in violation of this chapter or an order or rule issued under it which, if it occurs or continues, will cause substantial pollution the harmful effects of which will not be remedied immediately after the commission or cessation of the act, the department shall order such person to stop, avoid, or moderate the act so that the substantial injury will not occur. The order shall be effective immediately upon receipt by the person to whom it is directed, unless the department provides otherwise. Notice

The court to which the department applies for an injunction may issue a temporary injunction, if it finds that there is reasonable cause to believe that the allegations of the department are true, and it may issue a temporary restraining order pending action on the temporary injunction.

(d) After the department has notified the developer that they have all the necessary information required for review, the department must give final action of the proposed plan within sixty (60) days, unless an environmental impact statement is required, at which time this deadline may be increased to one hundred twenty (120) days.

(4) A person may not construct or use any facilities which deviate from the plans and specifications filed with the department until the department has approved the deviation.

69-5906. Operator of treatment plant or distribution system to be certified—certification of operators certified by other agency. Water and waste water treatment plants and water distribution systems, whether publicly or privately owned, must be under the supervision of an operator whose competency is certified to by the department in a grade corresponding to the classification of that portion of the water or waste water supply system to be supervised. However, this chapter does not prevent a governmental agency, corporation, or individual from continuing to employ in this

capacity a person in responsible charge of the operation of such works on July 1, 1967. Certificates of proper classification may be issued without examination to the person or persons certified by the governing board or owner to have been in responsible charge of the water and waste water plants and water distribution systems on the effective date of the act. A certificate so issued will be valid only in that plant. The board may consider for recommendation for certification the holder of a certificate issued by a governmental agency or equivalent certification board of another state, on presentation to the board of satisfactory evidence that the applicant is in responsible charge of works located in this state requiring a certified operator and that he has successfully passed an examination at least equivalent to that required under section 69-5903(3) and section 69-5905.

69-5907. Issuance of operators' certificates—display—annual renewal—revocation—termination of employment—reinstatement of certificate. The department shall issue certificates attesting to the competency of operators. The certificates shall include the classification of the works which the operator is qualified to supervise. The certificate shall be prominently displayed in the office of the operator.

(1) Certificates continue in effect unless revoked by the department, but remain the property of the department and the certificate shall so state. A certificate shall be renewed annually by payment of the proper fee.

(2) The department may revoke the certificate of an operator following a hearing by the department, when it is found that the operator has practiced fraud or deception; that reasonable care, judgment, or the application of his knowledge or ability was not used in the performance of his duties; or that the operator is incompetent or unable to properly perform his duties. A person who has his certificate revoked by the department may appeal to the board for a rehearing within ten (10) days of notification by the department, after which time the revocation proceedings are no longer applicable and revocation of the certificate becomes final.

(3) Operators who terminate employment may retain their certificate for two (2) years, providing that all other requirements are met. After two (2) years, a certificate is automatically invalidated. Operators whose certificates are invalidated under this chapter may be issued new certificates of like classification provided appropriate proof of competency is presented to the board. Successful completion of an examination may be required at the discretion of the board.

History: En. Sec. 7, Ch. 239, L. 1967;

A person desiring to engage in the operation of a water treatment plant, water distribution system, or waste water treatment plant shall first file an application with the department for a proper certificate. The department shall charge a fee, of the same amount as the license cost set forth in section 69-5909, for the filing of each application and shall not act on an application until the fee has been paid. Filing and certification fees shall be deposited with the state treasurer in the "Board of Water and Waste Water Operators Account" in the department earmarked revenue fund and shall be used to pay the expenses of the board and department under this chapter. Moneys may be invested in accordance with procedures of investment of state moneys. In granting the certificates, the department shall give due regard to the interest of this state in protecting the drinking water supplies and the quality of its water.

Class I—twenty dollars (\$20)

Class II—fifteen dollars (\$15)

Class III—ten dollars (\$10)

Class IV—five dollars (\$5)

Class V—three dollars (\$3)

A certificate issued after July 1 expires the following June 30. If a certificate holder does not apply for a renewal of his certificate before July 1 and remit to the department the necessary renewal fee, he shall have his certificate suspended by the board. If the certificate remains suspended for a period of more than thirty (30) days it shall be revoked by the board; however, the board, before this revocation, shall notify the certificate holder by certified mail at the address on the issued certificate of its intention to revoke, at least ten (10) days before the time set for action to be taken by the board on the certificate. A certificate once revoked may not be reinstated unless it appears that an injustice has occurred through error or omission or other fact or circumstances indicating to the board that the certificate holder was not guilty of negligence or laches. If a person whose certificate has been revoked through his own fault desires to continue as a water or waste water plant operator, he must make application to the

department under section 69-5908. Successful completion of an examination may be required at the discretion of the board. Notice of suspension shall be given to certificate holder when the suspension occurs and to the proper official or owner of the treatment works or distribution system.

69-6101. Consent of minor for health services—when valid. (1) A minor who is or was ever married, or has had a child, or graduated from high school, or is emancipated; or

(3) A minor who professes or is found to be pregnant, or afflicted with any reportable communicable disease including venereal disease, or drug and substance abuse including alcohol. This self-consent only applies to the prevention, diagnosis, and treatment of those conditions specified in this subsection. (4) A minor who needs emergency care, including transfusions, without which his health will be jeopardized. The parent, parents, or legal guardian shall be informed as soon as practical except in conditions mentioned in subsections (1), (2), (3), or (4) of this section; or

(a) in the judgment of the health professional severe complications are present or anticipated; or

- (b) major surgery or prolonged hospitalization is needed; or
 - (c) failure to inform the parent, parents, or legal guardian would seriously jeopardize the safety and health of the minor patient, younger siblings, or the public; or
 - (d) to inform them would benefit the minor's physical and mental health and family harmony; or
 - (e) the hospital desires a third-party commitment to pay for services rendered or to be rendered.
- (2) Notification or disclosure to the spouse, parent, parents, or legal guardian by the health professional shall not constitute libel or slander, a violation of the right of privacy, a violation of the rule of privileged communication or any other legal basis of liability. When the minor is found not to be pregnant, or not afflicted with venereal disease, or not suffering from a drug or substance abuse, including alcohol, then no information with respect to any appointment, examination, test, or other health procedure shall be given to the parent, parents, or legal guardian, if they have not been already informed as permitted in this act, without the consent of the minor.

69-6103. Financial responsibility of a consenting minor. Consent of the minor shall not be subject to later disaffirmance or revocation because of minority. The spouse, parent, parents, or legal guardian of a consenting minor shall not be liable for payment for such service unless the spouse, parent, parents, or legal guardian have expressly agreed to pay for such care. The minor so consenting for such health services shall thereby assume financial responsibility for the cost of said services except those who are proven unable to pay and who receive the services in public institutions. If the minor is covered by health insurance, payment may be applied for services rendered.

History: En. Sec. 3, Ch. 189, L. 1969; amd. Sec. 3, Ch. 312, L. 1974.

Amendments

The 1974 amendment rewrote this sec-

tion which provided that the act applied to a minor who professed to be in need of services even if the minor's suspicions of pregnancy or venereal disease were not subsequently substantiated.

69-6104. Emergencies and special situations when consent requirements differ. (1) Any health professional may render or attempt to render emergency service or first aid, medical, surgical, dental, or psychiatric treatment without compensation to any injured person or any person regardless of age who is in need of immediate health care when, in good faith, the professional believes that the giving of aid is the only alternative to probable death or serious physical or mental damage.

(2) Any health professional may render nonemergency services to minors for conditions which will endanger the health or life of the minor

if services would be delayed by obtaining consent from spouse, parent, parents, or legal guardian.

(3) No consent shall be required of any minor who does not possess the mental capacity or who has a physical disability which renders him incapable of giving his consent and who has no known relatives or legal guardians if a physician determines the health service should be given.

(4) Self-consent of minors shall not apply to sterilization or abortion.

(2) Nothing contained in this section shall be construed to relieve any physician, surgeon, dentist, health or mental health care facility from liability for negligence in the diagnosis and treatment rendered such minor.

History: En. Sec. 5, Ch. 189, L. 1969; amd. Sec. 5, Ch. 312, L. 1974.

Amendments

The 1974 amendment rewrote this section which read: "In any case arising under the provisions of this act the hospital, public clinic, or physician, licensed

to practice medicine in this state, who provides the care or services or who performs medical or surgical care or services shall incur no civil or criminal liability by reason of having provided the care or services, but such immunity shall not apply to any negligent acts or omissions."

(including, but not limited to a spouse, parent, custodian or guardian) shall be necessary in order to authorize the psychiatric or psychological counseling to such minor, provided, however, that no parent shall be obligated for the cost of such counseling without his consent.

History: En. Sec. 1, Ch. 315, L. 1971.

An act providing that minors may give legal consent to obtain psychiatric or psychological counseling where need for such counseling is urgent; that such consent shall be binding on the minor and not subject to later disaffirmance by reason

of such minority; that the consent of no other person shall be necessary in order to authorize care or services provided to such minor; providing that physicians or licensed psychologists who provide care or services under the terms of this act shall incur no civil or criminal liability, except that such immunity shall not apply to negligent acts or omissions.

History: En. Sec. 1, Ch. 238, L. 1971.

Title of Act

An act to establish a state policy for

the environment and to establish an environmental quality council and setting forth its powers and duties and providing an effective date.

69-6502. Purpose of act. The purpose of this act is to declare a state policy which will encourage productive and enjoyable harmony between man and his environment; to promote efforts which will prevent or eliminate damage to the environment and biosphere and stimulate the health and welfare of man; to enrich the understanding of the ecological systems and natural resources important to the state; and to establish an environmental quality council.

History: En. Sec. 2, Ch. 238, L. 1971.

69-6503. Declaration of state policy for the environment. The legislative assembly, recognizing the profound impact of man's activity on the interrelations of all components of the natural environment, particularly the profound influences of population growth, high-density urbanization, industrial expansion, resource exploitation, and new and expanding technological advances and recognizing further the critical importance of restoring and maintaining environmental quality to the overall welfare and development of man, declares that it is the continuing policy of the state of Montana, in co-operation with the federal government and local governments, and other concerned public and private organizations, to use all practicable means and measures, including financial and technical assistance, in a manner calculated to foster and promote the general welfare, to create and maintain conditions under which man and nature can coexist in productive harmony, and fulfill the social, economic, and other requirements of present and future generations of Montanans.

(a) In order to carry out the policy set forth in this act, it is the continuing responsibility of the state of Montana to use all practicable means, consistent with other essential considerations of state policy, to improve and co-ordinate state plans, functions, programs, and resources to the end that the state may—

(1) fulfill the responsibilities of each generation as trustee of the environment for succeeding generations;

(2) assure for all Montanans safe, healthful, productive, and esthetically and culturally pleasing surroundings;

(3) attain the widest range of beneficial uses of the environment without degradation, risk to health or safety, or other undesirable and unintended consequences;

(4) preserve important historic, cultural, and natural aspects of our unique heritage, and maintain, wherever possible, an environment which supports diversity and variety of individual choice;

(5) achieve a balance between population and resource use which will permit high standards of living and a wide sharing of life's amenities; and

(6) enhance the quality of renewable resources and approach the maximum attainable recycling of depletable resources.

(b) The legislative assembly recognizes that each person shall be entitled to a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

History: En. Sec. 3, Ch. 238, L. 1971.

69-6504. General directions to state agencies. The legislative assembly authorizes and directs that, to the fullest extent possible.

(a) The policies, regulations, and laws of the state shall be interpreted and administered in accordance with the policies set forth in this act, and

(b) all agencies of the state shall

(1) utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decision making which may have an impact on man's environment;

(2) identify and develop methods and procedures, which will insure that presently unquantified environmental amenities and values may be given appropriate consideration in decision making along with economic and technical considerations;

(3) include in every recommendation or report on proposals for projects, programs, legislation and other major actions of state government significantly affecting the quality of the human environment, a detailed statement on—

(i) the environmental impact of the proposed action,

(ii) any adverse environmental effects which cannot be avoided should the proposal be implemented,

(iii) alternatives to the proposed action,

(iv) the relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity, and

(v) any irreversible and irretrievable commitments of resources which would be involved in the proposed action should it be implemented.

Prior to making any detailed statement, the responsible state official shall consult with and obtain the comments of any state agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate state, federal, and local agencies, which are authorized to develop and enforce environmental standards, shall be made available to the governor, the environmental quality council and to the public, and shall accompany the proposal through the existing agency review processes.

(4) study, develop, and describe appropriate alternatives to recommend courses of action in any proposal which involves unresolved conflicts concerning alternative uses of available resources;

(5) recognize the national and long-range character of environmental problems and, where consistent with the policies of the state, lend appropriate support to initiatives, resolutions, and programs designed to maximize national co-operation in anticipating and preventing a decline in the quality of mankind's world environment;

(6) make available to counties, municipalities, institutions, and individuals, advice and information useful in restoring, maintaining, and enhancing the quality of the environment;

(7) initiate and utilize ecological information in the planning and development of resource-oriented projects; and

(8) assist the environmental quality council established by section 8 [69-6508] of this act.

69-6505. Review of statutory authority and administrative policies to determine deficiencies or inconsistencies. All agencies of the state shall review their present statutory authority, administrative regulations, and current policies and procedures for the purpose of determining whether there are any deficiencies or inconsistencies therein which prohibit full compliance with the purposes and provisions of this act and shall propose to the governor and the environmental quality council not later than July 1, 1972, such measures as may be necessary to bring their authority and policies into conformity with the intent, purposes, and procedures set forth in this act.

History: En. Sec. 5, Ch. 238, L. 1971.

69-6506. Specific statutory obligations unimpaired. Nothing in section 3 [69-6503] or 4 [69-6504] shall in any way affect the specific statutory obligations of any agency of the state

(a) to comply with criteria or standards of environmental quality,

(b) to co-ordinate or consult with any other state or federal agency,

or
(c) to act, or refrain from acting contingent upon the recommendations or certification of any other state or federal agency.

History: En. Sec. 6, Ch. 238, L. 1971.

fees which shall be paid by a person, corporation, partnership, firm, association, or other private entity when an application for a lease, permit, contract, license, or certificate will require an agency to compile an environmental impact statement as prescribed by section 69-6504, R. C. M. 1947, of the Montana Environmental Policy Act. An agency must determine within thirty (30) days after a completed application is filed whether it will be necessary to compile an environmental impact statement and assess a fee as prescribed by this section. The fee assessed under this section shall only be used to gather data and information necessary to compile an environmental impact statement as defined in the Montana Environmental Policy Act. No fee may be assessed if an agency intends only to file a negative declaration stating that the proposed project will not have a significant impact on the human environment.

(2) In prescribing fees to be assessed against applicants for a lease, permit, contract, license, or certificate, as specified in subsection (1), an agency may adopt a fee schedule which may be adjusted depending upon the size and complexity of the proposed project. No fee may be assessed unless the application for a lease, permit, contract, license, or certificate will result in the agency incurring expenses in excess of two thousand five hundred dollars (\$2,500) to compile an environmental impact statement. The maximum fee that may be imposed by an agency shall not exceed two per cent (2%) of any estimated cost up to one million dollars (\$1,000,000); plus one per cent (1%) of any estimated cost over one million dollars (\$1,000,000) and up to twenty million dollars (\$20,000,000); plus one-half of one per cent ($\frac{1}{2}$ of 1%) of any estimated cost over twenty million dollars (\$20,000,000) and up to one hundred million dollars (\$100,000,000); plus one-quarter of one per cent ($\frac{1}{4}$ of 1%) of any estimated cost over one hundred million dollars (\$100,000,000) and up to three hundred million dollars (\$300,000,000); plus one-eighth of one per cent ($\frac{1}{8}$ of 1%) of any estimated cost in excess of three hundred million dollars (\$300,000,000). If an application consists of two (2) or more facilities, the filing fee shall be based on the total estimated cost of the combined facilities. The estimated cost shall be determined by the agency and the applicant at the time the application is filed.

(3) No fee as prescribed by this section may be assessed against any person, corporation, partnership, firm, association, or other private entity filing an application for a certificate under the provisions of the Montana Utility Siting Act, Title 70, chapter 8, R. C. M. 1947.

(4) In adopting rules prescribing fees as authorized by this section, an agency shall comply with the provisions of the Montana Administrative Procedure Act, Title 82, chapter 42, R. C. M. 1947.

(5) All fees collected under this section shall be deposited in the state earmarked revenue fund as provided in section 79-410, R. C. M. 1947. All fees paid pursuant to this section shall be used as herein provided and each agency upon completion of the necessary work will make an accounting to the applicant of the funds expended and refund all unexpended funds without interest.

(6) In cases where a combined facility proposed by an applicant requires action by more than one (1) agency or multiple applications for

the same facility, the governor shall designate a lead agency to collect one (1) fee pursuant to this section, to co-ordinate the preparation of information required for all environmental impact statements which may be required, and to allocate and disburse the funds necessary to the other agencies which require funds for the completion of the necessary work.

(7) Each agency shall review and revise its rules imposing fees as authorized by this section at least every two (2) years. Furthermore, each agency shall provide the legislature with a complete report on the fees collected prior to the time that a request for an appropriation is made to the legislature.

History: En. 69-6518 by Sec. 1, Ch. 329, L. 1975.

The development of an emergency medical services program is in the interest of the social well-being and health and safety of the state and all its people.

Title of Act

An act to regulate the intrastate distribution and sale of hazardous substances

intended or suitable for use by the general public; to investigate and evaluate general use hazardous substances and resulting accidents as they relate to public health; and providing for an effective date.

69-7102. Definitions. In this act:

(A) is toxic,

(B) is corrosive,

(C) is an irritant,

(D) is a strong sensitizer,

(E) is flammable or combustible, or

(F) generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children.

(ii) Any substances which the department by rule finds, under section 69-7103 (1), meet the requirements of subparagraph (a) (i) of this paragraph.

(iii) Any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the department determines by rule that the substance is sufficiently hazardous to require labeling in accordance with this act in order to protect the public health.

(iv) Any toy or other article intended for use by children which the department by rule determines in accordance with section 69-7103 (5) of this act presents an electrical, mechanical, or thermal hazard.

(b) The term "hazardous substance" does not apply to pesticides subject to the Federal Pesticide Environmental Control Act or the Montana Pesticide Act, nor to foods, drugs, and cosmetics subject to the Montana Food, Drug and Cosmetic Act, nor to substances intended for use as fuels when stored in containers and used in the heating, cooking, or refrigeration system of a house, but the term applies to any article which is not itself a pesticide within the meaning of the Federal Pesticide Environmental Control Act or the Montana Pesticide Act, but which is a hazardous substance within the meaning of subparagraph (a) of this paragraph by reason of bearing or containing such a pesticide; the term applies to pesticides where human health is directly affected from the use or misuse of pesticides requiring an accident investigation for the purpose of preparing recommendations to federal or state pesticide control agencies.

(c) The term "hazardous substance" does not include any source material, special nuclear material, or by-product material as defined in the Atomic Energy Act of 1954, as amended, and rules issued pursuant thereto by the atomic energy commission.

(6) (a) "Highly toxic" means any substance which falls within any of the following categories:

(i) produces death within fourteen (14) days in one-half ($\frac{1}{2}$) or more of a group of ten (10) or more laboratory white rats each weighing between two hundred (200) and three hundred (300) grams, at a single dose of fifty (50) milligrams or less per kilogram of body weight, when orally administered; or

(ii) produces death within fourteen (14) days in one-half ($\frac{1}{2}$) or more of a group of ten (10) or more laboratory white rats each weighing between two hundred (200) and three hundred (300) grams, when inhaled continuously for a period of one (1) hour or less at an atmosphere concentration of two hundred (200) parts per million by volume or less of gas or vapor or two (2) milligrams per liter by volume or less of mist or dust, if such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or

(iii) produces death within fourteen (14) days in one-half ($\frac{1}{2}$) or more of a group of ten (10) or more rabbits tested in a dosage of two hundred (200) milligrams or less per kilogram of body weight, when

administered by continuous contact with the bare skin for twenty-four (24) hours or less.

(7) "Corrosive" means any substance which in contact with living tissue will cause destruction of tissue by chemical action, but does not refer to action on inanimate surfaces.

(8) "Irritant" means any substance not corrosive within the meaning of subsection (7) which on immediate, prolonged, or repeated contact with normal living tissue will induce a local inflammatory reaction.

(9) "Strong sensitizer" means a substance which will cause on normal living tissue, through an allergic or photodynamic process, a hypersensitivity.

(10) "Extremely flammable" applies to any substance which has a flash point at or below twenty degrees (20°) Fahrenheit as determined by the tagliabue open cup tester.

(a) "Flammable" applies to any substance which has a flash point of above twenty degrees (20°) to and including eighty degrees (80°) Fahrenheit, as determined by the tagliabue open cup tester.

(b) "Combustible" applies to any substance which has a flash point above eighty degrees (80°) Fahrenheit to and including one hundred fifty degrees (150°), as determined by the tagliabue open cup tester; except that the flammability or combustibility of solids and of the contents of self-pressurized containers shall be determined by methods found by the department to be generally applicable to such materials or containers, respectively, and established by rules issued by the department, which rules shall also define the terms "flammable," "combustible," and "extremely flammable" in accord with such methods.

(11) "Radioactive substance" means a substance which emits ionizing radiation.

(12) "Label" means a display of written, printed or graphic matter upon the immediate container of any substance, or in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly upon the article involved or upon a tag or other suitable material affixed thereto, and a requirement made by or under authority of this act that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears:

(a) on the outside container or wrapper, if any, unless it is easily legible through the outside container or wrapper, and

(b) on all accompanying literature where there are directions for use, written or otherwise.

(13) "Immediate container" does not include package liners.

(14) "Misbranded hazardous substance" means a hazardous substance

(including a toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in such a manner as to be susceptible of access by a child to whom such toy or other article is entrusted) intended, or packaged in a form suitable for use by the public or by children, which substance, except as otherwise provided by or under section 69-7103, fails to bear a label:

- (a) which states conspicuously,
 - (i) the name and place of business of the manufacturer, packer, distributor, or seller;
 - (ii) the common or usual name or the chemical name (if there be no common or usual name) of the hazardous substance or of each component which contributes substantially to its hazard, unless the department by rule permits or requires the use of a recognized generic name;
 - (iii) the signal word "danger" on substances which are extremely flammable, corrosive, or highly toxic;
 - (iv) the signal word on all other hazardous substances;
 - (v) an affirmative statement of the principal hazard or hazards, such as "flammable," "combustible," "vapor harmful," "causes burns," "absorbed through skin," or similar wording descriptive of the hazard;
 - (vi) precautionary measures describing the action to be followed or avoided, except when modified by a rule of the department under section 69-7103;
 - (vii) instruction, when necessary or appropriate, for first-aid treatment;
 - (viii) "poison" for any hazardous substance which is defined as "highly toxic" by subsection (6);
 - (ix) instructions for handling and storage of packages which require special care in handling or storage:
- (A) "keep out of the reach of children" or its practical equivalent, or
- (B) if the article is intended for use by children and is not a banned hazardous substance, adequate directions for the protection of children from the hazard, and

(b) on which any statement required under subparagraph (a) of this paragraph are located prominently and are in the English language in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on the label.

(15) (a) "Banned hazardous substance" means:

- (i) any toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in such a manner as to be susceptible of access by a child to whom the toy or other article is entrusted; or
- (ii) any hazardous substance intended, or packaged in a form suitable for use by the general public which the department by rule classifies as a "banned hazardous substance" on the basis of a finding that, notwithstanding such cautionary labeling as is or may be required under this act for that substance, the degree or nature of the hazard involved in the presence or

use of such substance by the general public is such that the objective of the protection of the public health and safety can be adequately served only by keeping the substance, when so intended or packaged, out of the channels of commerce. However, the department by rule: shall exempt from clause (i) of this paragraph articles, such as chemical sets, which by reason of their functional purpose require the inclusion of the hazardous substance involved or necessarily present an electrical, mechanical, or thermal hazard, and which bear labeling giving adequate directions and warnings for safe use and are intended for use by children who have attained sufficient maturity, and may reasonably be expected, to read and heed the directions and warnings.

(b) Proceedings for the issuance, amendment, or repeal of rules under clause (ii) of subparagraph (a) of this paragraph shall be governed by the provisions of section 69-7103 of the act.

(16) An article may be determined to present an electrical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture may cause personal injury or illness by electric shock.

(17) An article may be determined to present a mechanical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness:

- (a) from fracture, fragmentation, or disassembly of the article,
- (b) from propulsion of the article (or any part or accessory thereof),
- (c) from points or other protrusions, surfaces, edges, openings, or closures,
- (d) from moving parts,
- (e) from lack or insufficiency of controls to reduce or stop motion,
- (f) as a result of self-adhering characteristics of the article,
- (g) because the article (or any part or accessory thereof) may be aspirated or ingested,
- (h) because of instability, or
- (i) because of any other aspect of the article's design or manufacture.

(18) An article may be determined to present a thermal hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness because of heat as from heated parts, substances, or surfaces.

(19) "Court" means, in section 69-7103, the district court for the first judicial district, and in sections 69-7106 and 69-7107, the district court is the district in which the violation occurs.

History: En. 69-7102 by Sec. 2, Ch. 394,
L. 1975.

69-7103. Declaration of hazardous substance—labeling requirements—court proceedings. (1) When in the judgment of the department such action will promote the objectives of this act by avoiding or resolving uncertainty as to its application, the department may by rule declare to be a

hazardous substance, for the purposes of this act, any substance or mixture of substances which the department finds meets the requirements of subparagraph (a) (i) of section 69-7102 (4).

(2) If the department finds that the requirements of section 69-7102 (14) (a) are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous substance, the department may by rule establish such reasonable variations or additional label requirements as necessary for the protection of the public health and safety, and any such hazardous substance intended, or packaged in a form suitable, for use by the general public or by children, which fails to bear a label in accordance with the rules shall be a misbranded hazardous substance.

(3) If the department finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this act is impracticable or is not necessary for the adequate protection of the public health and safety, the department shall adopt rules exempting such substance from these requirements to the extent of being consistent with adequate protection of the public health and safety.

(4) If the department finds that the hazard of an article subject to this act is such that labeling adequate to protect the public health and safety cannot be devised, or the article presents an imminent danger to the public health and safety, the department may declare the article a banned hazardous substance and require its removal from commerce.

(5) (a) A determination by the department that a toy or other article intended for use by children presents an electrical, mechanical, or thermal hazard shall be made by rule in accordance with this act.

(b) If, before or during a proceeding under paragraph (a) of this subsection, the department finds that, because of an electrical, mechanical, or thermal hazard, distribution of the toy or other article involved presents an imminent hazard to the public health and the department gives notice of such finding, the toy or other article shall be a banned hazardous substance for purposes of this act until the proceeding has been completed. If not yet initiated when the notice is given, the proceeding shall be initiated as promptly as possible.

(c) (i) In the case of any toy or other article intended for use by children which is determined by the department to present an electrical, mechanical, or thermal hazard, any person who will be adversely affected by such a determination may, at any time before the sixtieth day after the rule making the determination is issued by the department, file a petition with the court for a judicial review of such determination. A copy of the petition shall be immediately transmitted by the clerk of the court to the department. The department shall file in the court the record of the proceedings on which the department based its determination.

(ii) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there was no opportunity to adduce such evi-

dence in the proceeding before the department, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the department in a hearing or in such other manner, and upon such terms and conditions, as the court may consider proper. The department may modify their findings as to the facts, or make new findings, by reason of the additional evidence so taken, and they shall file such modified or new findings, and their recommendation, if any, for the modification or setting aside of their original determination, with the return of such additional evidence.

(iii) Upon the filing of the petition under this paragraph, the court has jurisdiction to review the determination of the department. If the court ordered additional evidence to be taken under subparagraph (ii) of this paragraph, the court shall also review the department's determination to determine if, on the basis of the entire record before the court under subparagraphs (i) and (ii) of this paragraph, it is supported by substantial evidence. If the court finds the determination is not so supported, the court may set it aside. With respect to any determination reviewed under this paragraph, the court may grant appropriate relief pending conclusion of the review proceedings.

(1) The introduction or delivery for introduction into commerce of any misbranded hazardous substance or banned hazardous substance.

(2) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the label of, or the doing of any other act with respect to a hazardous substance if such act is done while the substance is in commerce, or while the substance is held for sale (whether or not the first sale) after shipment in commerce, and results in the hazardous substance being a misbranded hazardous substance or a banned hazardous substance.

(3) The receipt in commerce of any misbranded hazardous substance or banned hazardous substance and the delivery or proffered delivery thereof for pay or otherwise.

(4) The giving of a guarantee or undertaking referred to in section 69-7105 (2)(a) which guarantee or undertaking is false, except by a person who relied upon a guarantee or undertaking to the same effect signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance.

(5) The failure to permit entry or inspection as authorized by section 69-7110 (1) or to permit access to any copying of any record as authorized by section 69-7111.

For offenses committed with intent to defraud or mislead, or for second and subsequent offenses, the penalty shall be imprisonment for not more than one (1) year, or a fine of not more than three thousand dollars (\$3,000), or both imprisonment and fine.

(2) No person is subject to the penalties of subsection (1) of this section:

(a) for having violated section 69-7104 (3), if the receipt, delivery, or proffered delivery of the hazardous substance was made in good faith, unless he refuses to furnish on request of an officer or employee duly designated by the department, the name and address of the person from whom he purchased or received such hazardous substance, and copies of all documents, if any there be, pertaining to the delivery of the hazardous substance to him; or

(b) for having violated section 69-7104 (1), if he establishes a guarantee or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance, to the effect that the hazardous substance is not a misbranded hazardous or a banned hazardous substance within the meaning of those terms in the act.

History: En. 69-7105 by Sec. 5, Ch. 394,

banned hazardous substance, within the meaning of this act, he shall affix to such article a tag or other appropriate marking, giving notice that such article is, or is suspected of being, misbranded or is a banned hazardous substance and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by such agent or the court. It shall be unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise without such permission.

(2) When an article detained or embargoed under subsection (1) has been found by such agent to be misbranded or a banned hazardous substance, he shall petition the judge or the police, county, or circuit court in whose jurisdiction the article is detained or embargoed for a libel of condemnation of such article. When such agent has found that an article so detained or embargoed is not misbranded or a banned hazardous substance, he shall remove the tag or other marking.

(3) If the court finds that a detained or embargoed article is misbranded or a banned hazardous substance, such article shall, after entry of the decree, be destroyed at the expense of the claimant thereof, under supervision of such agent, and all court costs and fees and storage and other proper expenses, shall be taxed against the claimant of such article or his agent; provided, that when the misbranding can be corrected by proper labeling of the article, the court, after entry of the decree and after such costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled, has been executed, may by order direct that such article be delivered to the claimant thereof for such labeling under the supervision of an agent of the department. But no order affecting such rates, tolls, charges, schedules, regulations, measurements, practice or act complained of, shall be entered without a formal hearing, except the commission may issue an order to provide service to a residential consumer pending a hearing on a complaint by such consumer or by the consumer counsel on behalf of such consumer against a public utility, providing that the hearing is held within twenty (20) days unless further delayed by consent of all parties.

History: En. Sec. 1, Ch. 327, L. 1973; amd. Sec. 1, Ch. 494, L. 1975.

Title of Act

An act to vest in the department and board of natural resources and conservation the authority to require and review long-range planning by certain utilities, to give approval to energy generation and conversion plant sites and associated fa-

cilities, to require preconstruction certification of such facilities; providing penalties for violation of this act; and providing an effective date.

Amendments

The 1975 amendment substituted "this chapter" for "this act"; and substituted the present short title for "the Montana Utility Siting Act of 1973."

70-802. Policy and legislative findings. It is the constitutionally declared policy of this state to maintain and improve a clean and healthful environment for present and future generations; to protect the environmental life support system from degradation and prevent unreasonable depletion and degradation of natural resources; and to provide for administration and enforcement to attain these objectives.

The legislature finds that the construction of additional power or energy conversion facilities may be necessary to meet the increasing need for electricity, energy, and other products, and that these facilities have an

effect on the environment, an impact on population concentration, and an effect on the welfare of the citizens of this state. Therefore, it is necessary to ensure that the location, construction and operation of power and energy conversion facilities will produce minimal adverse effects on the environment and upon the citizens of this state by providing that a power or energy conversion facility may not be constructed or operated within this state without a certificate of environmental compatibility and public need acquired pursuant to this chapter.

History: En. Sec. 2, Ch. 327, L. 1973;
amd. Sec. 2, Ch. 494, L. 1975.

(b) An application may consist of an application for two (2) or more facilities in combination which are physically and directly attached to each other and are operationally a single operating entity.

(2) (a) The applicant shall pay to the department a filing fee with the application, which shall be deposited in the earmarked revenue fund for the use of the department in administering this chapter. This fee shall be

based upon the estimated cost of the facility according to the declining scale which follows: two per cent (2%) of any estimated cost up to one million dollars (\$1,000,000); plus one per cent (1%) of any estimated cost over a million dollars and up to twenty million dollars (\$20,000,000); plus one-half of one per cent (0.5%) of any estimated cost over twenty million dollars (\$20,000,000); and up to one hundred million dollars (\$100,000,000); plus one-quarter of one per cent (0.25%) of any amount of estimated cost over one hundred million (\$100,000,000) and up to three hundred million dollars (\$300,000,000); plus one-eighth of one per cent (.125%) of any amount of estimated cost over three hundred million dollars (\$300,000,000). The revenues derived from the filing fee shall be used by the department in compiling the information required for rendering a decision on a certificate and for carrying out its other responsibilities under this chapter with respect to the facility covered by the certificate for a period not to exceed five (5) years after the certificate is issued for facilities defined in 70-803 (3) (b) and (c) or not to exceed ten (10) years after the certificate is issued for facilities defined in 70-803 (3) (a), (d), and (e). If an application consists of a combination of two (2) or more facilities, the filing fee shall be based on the total estimated cost of the combined facilities.

(b) The applicant is entitled to an accounting of moneys expended and to a refund of that portion of the filing fee not expended by the department in carrying out its responsibilities under this chapter.

(c) The department may contract with a potential applicant under this chapter, in advance of the filing of a formal application, for the development of information or provision of services required hereunder. Payments made to the department under such a contract shall be credited against the fee payable hereunder.

(3) An application shall be accompanied by proof of service of a copy of the application on the chief executive officer of each municipality and the head of each government agency, charged with the duty of protecting the environment or of planning land use, in the area in which any portion of the facility is to be located, both as primarily and as alternatively proposed. The copy of the application shall be accompanied by a notice specifying the date on or about which the application is to be filed.

(4) An application shall also be accompanied by proof that public notice thereof was given to persons, residing in the municipalities entitled to receive notice under subsection (3) of this section, by the publication of a summary of the application, and the date on or about which it is to be filed, in those newspapers as will serve substantially to inform those persons of the application.

(5) Inadvertent failure of service on, or notice to, any of the municipalities, government agencies or persons identified in subsections (3) and (4) of this section may be cured pursuant to orders of the department designed to afford them adequate notice to enable their effective participation in the proceeding. In addition, the department may, after filing, require the applicant to serve notice of the application or copies thereof or both upon such other persons, and file proof thereof, as the department may deem appropriate.

(6) An application for an amendment of an application or a certificate shall be in such form and contain such information as the board by rule or the department by order prescribes. Notice of such an application shall be given as set forth in subsections (3) and (4) of this section. If an amendment to an original application would result in a substantial change of the original application, such an amendment shall be considered as a new application and new filing fee shall be required.

The report may include opinions as to the advisability of granting, denying, or modifying the certificate. The department shall allocate funds obtained from filing fees to the departments making reports to reimburse them for the costs of compiling information and issuing the required report.

(3) On an application for an amendment of a certificate, the board shall hold a hearing in the same manner as a hearing is held on an application for a certificate if the proposed change in the facility would result in any material increase in any environmental impact of the facility or a substantial change in the location of all or a portion of the facility other than as provided in the alternates set forth in the application.

(1) Within ninety (90) days after the last day of the hearing, the board shall make complete findings, issue an opinion, and render a decision upon the record, either granting or denying the application as filed, or granting it upon such terms, conditions, or modifications of the construction, operation or maintenance of the facility as the board considers appropriate. The board may not grant a certificate either as pro-

posed by the applicant or as modified by the board unless it shall find and determine:

- (a) the basis of the need for the facility;
- (b) the nature of the probable environmental impact;
- (c) that the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives;
- (d) each of the criteria listed in section 70-816;
- (e) in the case of an electric, gas, or liquid transmission line or aqueduct, what part, if any, of the line or aqueduct shall be located underground; that the facility is consistent with regional plans for expansion of the appropriate grid of the utility systems serving the state and interconnected utility systems; and that the facility will serve the interests of utility system economy and reliability;
- (f) that the location of the facility as proposed conforms to applicable state and local laws and regulations issued thereunder, except that the board may refuse to apply any local law or regulation if it finds that, as applied to the proposed facility, the law or regulation is unreasonably restrictive in view of the existing technology, or of factors of cost or economics, or of the needs of consumers whether located inside or outside of the directly affected government subdivisions;
- (g) that the facility will serve the public interest, convenience and necessity; and

(h) that duly authorized state air and water quality agencies have certified that the proposed facility will not violate state and federally established standards and implementation plans; the judgments of duly authorized air and water quality agencies are conclusive on all questions related to the satisfaction of state and federal air and water quality standards.

(2) If the board determines that the location of all or a part of the proposed facility should be modified, it may condition its certificate upon such modification, provided that the municipalities, and persons residing therein, affected by the modification, have been given reasonable notice of the modification.

(3) In determining that the facility will serve the public interest, convenience, and necessity under subsection (1)(g) of this section, the board shall consider:

- (i) the items listed in subsections (1)(a) through (b) of this section;
- (ii) the benefits to the applicant and the state resulting from the proposed facility;
- (iii) the effects of the economic activity resulting from the proposed facility;
- (iv) the effects of the proposed facility on the public health, welfare, and safety;
- (v) any other factors that it considers relevant.

(4) Considerations of need, public need, or public convenience and necessity, and demonstration thereof by the applicant, shall apply only to utility facilities.

(4) (a) The board may waive compliance with any of the provisions of sections 70-807 through 70-811 if the applicant makes a clear and convincing showing to the board at a public hearing that an immediate, urgent need for a facility exists and that the applicant did not have knowledge that the need for the facility existed sufficiently in advance to fully comply with the provisions of sections 70-807 through 70-811.

(b) The board may waive compliance with any of the provisions of this chapter upon receipt of notice by a utility or person subject to this chapter that a facility or associated facility has been damaged or destroyed as a result of fire, flood or other natural disaster or as the result of insurrection, war or other civil disorder, and there exists an immediate need for construction of a new facility or associated facility or the relocation of a previously existing facility or associated facility in order to promote the public welfare.

821, R. C. M. 1947, providing that all fees, fines, and penalties paid under the Montana Utility Siting Act of 1973 be deposited in the earmarked revenue fund.

70-825. Statement of legislative findings and policy. The legislature, noting the apparent federal initiative for energy conversion facilities and further noting their complex economic, social and environmental impacts as well as the lack of clearly defined state energy conversion objectives, policies, and plans, finds that energy conversion facility siting must be restrained until such state objectives, policies, and plans are defined, developed, and subjected to citizen participation and review. The legislature further finds that action on individual utility siting applications without a comprehensive program could lead to economic, social, and environmental disruption in their cumulative impact. The legislature pursuant to its mandate and authority under article IX of the Montana constitution declares that it is the policy of this state that until a comprehensive state energy conversion policy and plan is developed and accepted, the siting of certain energy conversion facilities shall be suspended.
